NOTE: Please be aware that entries in this inventory have not been standardized or consolidated. The geographical names listed here reflect the letter and document headings on the manuscripts themselves. Consequently, items listed from "New York" may possibly be drafted from "Fort Columbus" or another of the New York harbor fortifications. Similarly, this list contains entries for "Fort Detroit" and for "Detroit." Researchers interested in a particular geographical location will want to review this entire list for a comprehensive picture of the geography of the collection.
