Finding Aid: <https://quod.lib.umich.edu/c/clementsead/umich-wcl-M-42cli?view=text>

This index serves as a guide to some of the geographic locations referenced within the Chronological series (Volumes 1-220) and Undated series (Volumes 221-233) of the Henry Clinton papers. In addition to the dates of letters referring to specific places, the index also provides the volume number, and in some cases, the folder number in which an item can be found. For example a letter in Volume 30, Folder 10 is listed as (Vol. 30, Fol. 10). To locate the geographic topics addressed within a particular volume, simply perform a search within the index for the volume number in the format, "Vol._".
