Charles was born at Sutton in Cambridgeshire, England, in May of 1866, and moved to Barrie, Ontario, with his family in 1871. Alexandria M. Hughes (often called Alice or Allie) was born in Canada to Irish parents in September of 1866, and she immigrated to the United States in 1885. During the early 1890s she worked in the photograph gallery of her brother, J. Wesley Hughes. There she met Charles Sarjeant, and she married him in 1893. Their children were born in Michigan: Arthur in November of 1894, Charles in April of 1898, Franklin about 1900, Florence about 1902, and William in 1907 or early in 1908. Charles' name was spelled Sargeant in the Gravenhurst listing, as it was in several of the Detroit directories. His purchase of the photography business of Handman & Fagin was reported early in 1892. He advertised as a fine art and commercial photographer in 1902. Dark blue and gold labels were applied to the back of framed photographs about 1909 with: "**Sarjeant Art Studio**, Photographic Portraiture and Enlargements, Art Pictures and Picture Framing. Cor. Grand River & Fourteenth Aves., Detroit." The Sarjeant Company was incorporated in 1910 with Charles as president, George T. Hedges as vice president and treasurer, and A. C. Schroeder as secretary. They were photographers and fine art publishers and they framed pictures. Another source described them as dealers in photos, carbon prints and art goods. The Sarjeant Company continued the same activities from 1912 through 1914 with George T. Hedges as president or proprietor. It became the Hedges-Sarjeant Company in 1915 and lasted until 1925. Charles Sarjeant began farming in 1912 sixty miles southeast of Edmonton near Bawlf, Alberta. He later retired to Burnaby, a suburb of Vancouver, British Columbia, where he died on July 29, 1933. At this time his widow and four of their children were living in Vancouver, while one son had remained at Bawlf.

E. Hall. Sartor & Ruddiman also photographed the lumbering towns and camps of Michigan's northwestern lower peninsula. The Sartor Collection in the State Archives of Michigan contains more than forty prints 12 by 16 inches and smaller of Manistee, Frankfort, Gaylord and many logging camps. Using the same printing, "*Manistee, Mich*" was written in the blank space ahead of the year on these mounts. One photo in the collection shows Sartor and two other men standing in front of a Union View Company wagon. Henry's wife Bessie was enumerated as an Elmira truck farmer in 1910, and later Henry seems to have taken over the responsibility for this business. Bessie was enumerated as a housewife in 1920, and as a seamstress working from her home in 1930.

In their ground floor gallery opposite the Lansing House and/or the Hotel Downey, Savigny & Christmas used the instantaneous process exclusively, gave special attention to children, furnished duplicates at reduced rates and offered special inducements to those connected with Michigan Agricultural College. They tried to excel the competition in all kinds of work known to the art, but specialized in India ink, water color and crayon portraits. Frank never married. John was born in Canada to parents from New York on November 12, 1832, the son of Mr. and Mrs. John Sawyer. Eliza Arnold was born in England on December 8, 1834, and she was brought to Canada in 1842. She married John about 1851, and seven of their children were born in Ontario: Maria in February of 1853, Elizabeth about 1855, James about 1856, George about 1858, Mary about 1859, Sarah about 1861, and Harriet about 1864. Their other children were born in Michigan: Pamilla about 1867, Minerva in the summer of 1869, and Edna in December of 1876. In 1873 John advertised: "Photographs and Gem Pictures in all styles. Copying, coloring and enlarging done at reasonable rates. Coloring in both water and oil. Albums, Frames, Mouldings, Children's Pictures a Specialty...." Though he used some blank mounts on which he penned "John Sawyer, So. Haven, Mich." and a couple of other imprints, most of John's card photographs and all of the pasters holding tintypes into their paper frames were stamped with: "From JOHN SAWYER'S ART GALLERY, South Haven, Mich. Negatives Preserved. No. - " or with the same words in a different border less the "No. - ." Within the same border used on the later South Haven pictures, some tintype sleeves were stamped: "JOHN SAWYER ART GALLERY, Whitehall, Mich. Negatives Preserved one year." Eliza was enumerated as a widow in 1900 when she was living with the family of her daughter Edna, and again in 1910 when she was living with her daughter Minerva and her husband. John seems to have married a lady named Oliva about 1882. Oliva was born in New York State to Canadian parents in August of 1836, and she had been married previously. Rupert Henry Scadin was born in Webster Township to natives of Michigan on September 25, 1861, first of the five children of William Henry Scadin and Susan G. Scadin. Her father came from Pennsylvania and Kate was born in Michigan to a mother from Vermont in April of 1861. She married Henry in the spring of 1884, and in May of 1898 Kate gave birth to Phillip Dewey Scadin. Nine of Henry's photographs were reproduced in an 1894 volume: three views of Dexter and the Huron River valley, one picture of a Tennessee corn mill, and five views of Florida, including a palmetto tree near the St. Johns River, the pine woods and rural living conditions. Some of his glass negatives from Ann Arbor have survived. "SCADIN, PHOTO, DEXTER, MICH." was stamped on the back of 4¼ by 5¼ inch buff colored mounts with rounded corners carrying 3½ by 4½ sepia prints; one of finished boards stacked thirty feet high with "Lumber piles at Stearns Siding, Mich. Scadin" penned on the back, and another of logs being loaded onto flat cars with a rudimentary steam derrick. On the back of the 10 by 12 inch mount of a great photograph of a barn raising is a label with: "R. Henry Scadin, Maker & Publisher of **Fine Photographic Views. DEXTER, MICH., Highlands and Sapphire, N.C.**" He moved to Sapphire in the late 1890s, photographed waterfalls and other scenes with William Henry Jackson in June of 1902, and established a farm and orchard that were damaged by the great flood in 1916. R. Henry Scadin was active in western North Carolina between 1900 and 1920, photographing around Asheville, Brevard, Dana, Hendersonville and Sapphire. Kate was employed in 1910 and 1920 by her husband as a photo colorist, adding the color to his monochromatic prints. They moved to Vermont later in 1920, and Henry died there on May 9, 1923. The Southern Highlands Research Collection in the D. Hiden Ramsey Library of the University of North Carolina at Asheville contains a number of his photographs.

“Mr. C. E. Scarlett, commercial photographer, has been in East Tawas this week, taking views of public buildings and private residences, and the work is very creditable to the artist. Some of the views will be reduced to post-card size, and will soon be at Charles Curry’s drug store.” Charles only stayed a couple of weeks in many of the locations noted above to expose negatives and to take orders for prints, but he seems to have used Houghton as a base for a couple of years. From here he went out to get pictures of logging by the Baraga Lumber Company, mining at Painesdale and shipping disasters on Portage Lake. “C. E. SCARLETT PHOTO.” or “PHOTO BY C. E. SCARLETT” or “C.E.S. PHOTO” was incised into or lettered on the negatives from which post cards were printed of these views and scenes in White City, Lewiston, Tawas City and other Michigan places. In the photograph he took of the Pastime Movie Theatre at the Foote Dam site in 1917, a sign reading “PHOTOGRAPHS AND VIEWS to ORDER” was hanging on Charles’ tent at one side of the picture. “CONSTRUCTION CREW, ALCONA DAM, BAMFIELD, MICH. PHOTO SEPT 4, 1917. SCARLETT & STEVENS” was lettered on the negative of a 6½ by 8½ print. Charles hung another sign in the window of an empty Whittemore store: “PHOTO GALLERY. Have your photo taken with your friends at the WHITTEMORE FAIR, Oct. 4 & 5, 1917.” t

John was born in the Wurttemberg region of Germany on January 10, 1853, third of the five children of Anton and Christina Schaeberle. He and his sister and a brother emigrated with their parents in 1854, and his two other brothers were born in Ann Arbor between 1855 and 1859. John attended the public schools in Ann Arbor before he moved to Chicago, where he became interested in astronomy and built a telescope. Realizing that he needed strong training in mathematics to pursue a career in astronomy, he returned to Ann Arbor, graduated from high school, and enrolled in the University of Michigan. While a student John used his mechanical skills to make mirrors for reflecting telescopes. He graduated from the University with a degree in Civil Engineering in 1876. He remained with the University as an astronomer and teacher until 1888, when he was appointed Astronomer at the newly formed Lick Observatory in California. Late in 1889 John was sent to Cayenne in French Guiana to photograph a total solar eclipse. During 1892, he designed and built a camera with a forty-foot bellows of black canvas which could be assembled in the field. The bellows tapered from two feet across at the objective end to four feet at the lower end where the operator was stationed in an enclosure to handle the 18 by 22 inch glass photographic plates. His proposal for an eclipse expedition to Chile was approved and funded. In January and February of 1893, John traveled alone by ship, rail and horseback with his disassembled camera-telescope, a supply of 18 by 22 inch glass plates, and other equipment to the mountainous mining settlement of Mina Bronces in Chile. There he recruited a team of assistants from the mining staff and a group of amateur astronomers that had come from England to observe the eclipse. During the total eclipse on April 16, John obtained what remain some of the best large-scale photographs of the solar corona ever made. He set up his camera-telescope in Akkeshi, Japan, to photograph the next eclipse on August 8, 1896, but total cloud cover prevented any photography. John's 40-foot camera-telescope was used by others to photograph thirteen more total solar eclipses before it was retired in 1932. John had hopes of becoming Director of the Lick Observatory, but resigned when James E. Keeler was appointed instead. At this time he was a five foot eight and a half inch bachelor with brown eyes and dark brown hair. He never held another formal astronomical position, and he never married. After traveling in Europe for a couple of years, he returned to Ann Arbor as an independent scientist. John received an honorary Master of Science degree from the University of Michigan in 1893, and an honorary Doctor of Laws degree from the University of California in 1898. He died while working on the lawn of his Ann Arbor home on September 18, 1924. Burial was near John's father and mother in Bethlehem Cemetery at Ann Arbor.

Heinrich was born at Hanover in the German state of Prussia in 1847 or 1848. Elizabeth, his wife, was born at about the same time in the German state of Mecklenburg. Their son Walter was born in Mecklenburg about 1875, and their daughter Elmona was born in New York State about 1877. "H. Schaefer, German Artist, Coldwater, Mich." was printed on some cabinet mounts and in at least six different ways on card photograph mounts. Often called Henry, he also produced 8¼ by 4 inch panel photographs. Photographer Louis Heyn probably was an employee in 1880. Heinrich attended the inaugural convention of the Photographers' Association of America at Chicago in August of 1880 and was on the first published list of P A of A members in May of 1881. He advertised locally in 1882: "Permanent Photography. H. Schaefer, FINE ART GALLERY. The Largest and Finest Photograph Studio in Southern Michigan. Copying, Enlarging and Portraits in Oil Colors or Crayon a Specialty. BABY PICTURES A SPECIALTY, taken from 9 a.m. to 2 p.m. A large stock of Picture Frames always on hand for sale...." Heinrich employed Benjamin W. Maines as a photographer in 1882. A national periodical carried this advertisement in August of 1883: "FOR SALE - The Leading Gallery in Southern Michigan, in a town of 7000, county seat. Population of county 28,000, who all do their trading here. Gallery in perfect running order; everything complete. Prices good, cleared last year \$1800. Will sell for \$1200 cash, or for \$1500 on time. Good reasons given for selling. Address Lock Box 1214, Coldwater, Mich." That his Coldwater gallery had been sold to Charles E. Tiffany so that all of Heinrich's time and attention could be devoted to the manufacture of dry plates was reported in March of 1884. "H. Schaefer, German Dry Plate Company, Coldwater, Mich." was one of the 32 makers of dry plates listed by a national publication in 1884.

Frank was born in Nottawa Township of Isabella County to a mother from Ohio on December 1, 1880, and spent his entire life in the township. He was first of the five children of Michael and Clara (Mutz) Schafer, and he became a stout man with brown eyes and brown hair. Under Beal City News the regional newspaper noted in March of 1899 that "Frank Schafer has purchased a first-class camera and is prepared to take photographs at the lowest possible rates. Anyone wishing anything done in this line would do well to call on him, as he thoroughly understands the business." It reported three weeks later that "Frank Schafer intends to build a photograph gallery and a dancing hall combined..." Frank was still intending to build a gallery during the summer of 1899. Her father emigrated from Canada and Martha M. Hamilton was born in Michigan on March 12, 1883. She married Frank at Beal City on October 1, 1901. Martha gave birth to Rosa on July 30, 1902, to Charles in 1903, to Arnold on August 31, 1905, to Helen on October 3, 1907, to Mary (later Kathryn) on May 28, 1909, to Willard on September 12, 1910, to Michael in 1914, to Doris on January 25, 1917, to Leonard in December of 1918, and to Leroy (who lived for only a year) in 1924. Frank owned a saw mill in 1910, owned a cider mill at about the same time, and went into farming in 1916. He became known as "Thresher Frank" since he took his threshing machine and crew around the county at harvest time. He was an accomplished musician on the violin, piano and banjo, and often played at parties and weddings. Martha died on October 11, 1937. Agatha was born in Austria in the spring of 1879. She immigrated in 1903 and married Jacob J. Neyer soon after her arrival in the United States. Agatha gave birth to three sons and four daughters. By 1930 she was a widow managing a farm down the road from Frank with the help of her sons. Agatha and Frank married at Beal City on November 24, 1938. Frank died at his Beal City home on March 14, 1952, survived by his second wife, four sons, four daughters, 30 grandchildren and 13 great grandchildren.

His father emigrated from Switzerland and Charles was born in Detroit to a mother from New York on August 1, 1870, fifth of the eight children of Joseph and Margaret (Hartmann) Schaltenbrandt. He often was called August or Gus, and he was known for dressing in fine clothes. Laura Stafford was born in Pennsylvania to English parents about 1869, and her first marriage was to an Englishman named Johnson or Johnston. When she married Charles in 1887 or early in 1888, she brought along her two-year-old son Louis. Laura gave birth to Bessie Schaldenbrand about 1896. Austin F. Mann was employed in photographic positions from 1874 until he and Charles formed their partnership, and he maintained his own studio at Mount Clemens from 1901 through 1909. Mann & Schaldenbrand offered photo-enlargements, commercial work and amateur printing. When Frank Schaldenbrand opened a photographic studio in downtown Pittsburgh in 1902, August maintained his separate studio at the east end, though they operated as Schaldenbrand Brothers until Frank moved to Detroit in 1913. August employed his step-son Louis as a photographer or photo printer in 1910 and 1920. Laura Schaldenbrand died at Pittsburgh on December 26, 1934. Gus had joined the Elks in 1917, and in 1939 he retired to the Elks National Home at Bedford, Virginia. He died there on October 1, 1949.

His father emigrated from Switzerland and Frank was born in Detroit to a mother from New York on January 29, 1873, sixth of the eight children of Joseph and Margaret (Hartmann) Schaltenbrandt. He became a five foot nine inch man with blue eyes and brown hair who weighed 225 pounds, was very light on his feet, and often was called Shelly. He followed his brother Gus into employment with the Arthur & Philbric studio. When he overheard the manager discussing closing the studio for a day because the regular camera operator was absent, Frank claimed to have experience and volunteered to do the operating. The manager allowed him to take a few portraits and was pleased with the results, so Frank was promoted to photographer. Marie Genevieve (usually Mary) Andre was born in Michigan to Prussian parents in 1875, seventh of the nine children of Peter and Anna Mary Andre. She married Frank on May 5, 1896, just before they moved to Chicago. Two of their daughters were born in Illinois: Gertrude in February of 1897, and Corinne in April of 1899. Their daughter Clara was born in Pennsylvania in 1904. Though they operated as Schaldenbrand Brothers, Frank and August maintained separate studios in Pittsburgh from 1902 until 1913, when Frank returned to Detroit at the request of his ailing wife. Marie died in Detroit on December 22, 1914. During his first years back in Detroit, Frank featured portraiture at the home of his patrons and catered to the socially prominent families of the city with work of artistic character and mechanical excellence. He was an expert retoucher and his subjects were assured that all blemishes would be removed. Anna Grace Andre, Marie's sister, was born in Detroit on May 18, 1872, sixth of the nine children of Peter and Anna Mary Andre. She married Samuel A. Reaume on November 29, 1900, and she gave birth to Virginia C. Reaume at Detroit in 1903. Anna (sometimes Annie) was a widow when she married Frank on March 7, 1916. The depression forced Frank to give up his studio in the David Whitney Building, so he converted the upper part of his home on East Grand Boulevard into a studio and office. The laboratory in the basement of his home where he had been developing his negatives was expanded at this time. Frank stated that he worked hard and he played hard. Some nights he would work on an order until three in the morning and then rise at seven to make the strong coffee he so enjoyed before delivering the finished photographs. Sailing was his favorite sport. He joined the Detroit Yacht Club in 1921 and had a summer home at Marine City. The fourth and largest boat he owned was a 48 foot yawl with eight pullman berths and a full galley. Since the required four sailors could seldom be assembled on weekdays, he sold the yawl and purchased a 14 foot catboat. Frank died in Detroit on July 14, 1947, and Anna lived until March 12, 1960. Frank and both of his wives were buried in the Peter Andre lot at Mount Elliott Cemetery in Detroit.

Loran's father was born Loransie or Lourancie Schellhous in Vermont in 1793, and he lost his first wife about 1825. Loran's mother was born Cynthia Alford in New York State about 1793. She married a man named Webster, who died about 1823. Loransie and Cynthia married about 1827, and when Loran was born in Ohio in March of 1829 he had a half-sister and a half-brother named Schellhous and two half-sisters named Webster. Martha was born in New York State to a Canadian mother in June of 1831, and she married Loran about 1850. Loran was awarded the premium for the best ambrotype exhibited at the St. Joseph County Fair at Centreville in the fall of 1857. *The Philadelphia Photographer* offered prizes in 1869 for the best pair of negatives and prints submitted in three classes: portrait, composition and landscape. Tripp & Schellhous submitted two double cabinet size negatives on 8 by 10 glass of a young lady, along with excellent prints. Though their portrait work was highly regarded, it did not receive the gold medal. James Tripp and Loran Schellhous joined the National Photographic Association and attended the annual NPA convention at Cleveland in 1870, which they both enjoyed hugely. They produced stereo views of Coldwater as well as the standard types of portrait photography. Tripp maintained the gallery at 22 Chicago Street in his own name through 1877. On some cabinet mounts, "39 Canal St." was crossed out, and "84 and 86 Monroe St. and 39 Ionia st." was printed in ink of a different color. Some very plain cabinet mounts had only "Schellhous" stamped below the photograph, or "Schellhous & Co." stamped on the back. Some African-American patrons selected these mounts for their portraits. Loran employed Thomas Slocum in some capacity in 1889, James B. Legg as a clerk in 1890 and as a photographer in 1891, and Miss Sadie C. Kitts as a photo printer in 1892. An 1891 advertisement was for: "L. W. SCHELLHOUS, The Popular PHOTOGRAPHER, The Cheapest and Best Work in the City...." He had Frederick J. Neal managing one of his galleries in 1892.

Martha was born in New York State in June of 1831, and she married Loran W. Schellhous in 1849 or early in 1850. Martha never gave birth to a child, but she and Loran were raising Electa French in 1860. This little girl was born in Michigan ten years earlier. By 1870 Loran and Martha had adopted Herbert C. Schellhous, who was born in Michigan to parents from New York in 1862 or early in 1863. Herbert still was living with them in 1889. The earliest stereoscopic photographs of skeletonized leaves apparently were taken in Great Britain by William England in 1858, but Mrs. Schellhous was one of the first American publishers of this type of stereograph. A newspaper noted that "... the Schellhous fern-leaf photographs attract a good deal of attention ..." at the Michigan State Fair held at Kalamazoo during September of 1872. The labels on some of her stereo views read: "Skeleton Leaves and Ferns, published by Mrs. L. W. Schellhous, Coldwater, Michigan. Publisher of Fern Leaf Photographs consisting of Home and Sunday School Mottoes, Crosses, Wreaths, Etc." and "Skeleton Leaves and Ferns, published by Mrs. L. W. Schellhous, Ada, Kent Co., Mich. (formerly of Coldwater, Mich.) ..." One of her arrangements included a bust of Lincoln, and others were centered about framed photographs of other nationally known people. Her designs were less elaborate, though no less tasteful, than those copyrighted by I. L. Rogers from 1872 to 1877 and published by John P. Soule of Boston and Kilburn Brothers of Littleton, New Hampshire. "Mrs. L. W. SCHELLHOUS, Coldwater, Mich." appeared at the lower right corner of a 7½ by 9½ inch print of the motto "God is Love" in skeleton leaves on a 10 by 12 buff mount. Her stereo views continued to sell into the 1880s. Ada and Loran observed their fiftieth wedding anniversary in 1900.

His father emigrated from the Bavarian region of Germany and Frank was born in Michigan to an Austrian mother on December 25, 1873, third of the five children of George J. and Mary Schindler. The Lawrence Schindler profiled below was one of his two older brothers, and he had a younger brother and a younger sister. Frank became tall and slim with brown eyes and dark hair. Her father came from New York, and Etta A. Gray was born in Michigan in 1874. She married Frank about 1903, and they never had children. Frank was born at Eisentheil in Austria on May 1, 1891 or 1892. He immigrated to the United States in March of 1910, coming directly to Detroit. He was a five foot four inch man with blue eyes and light brown hair and mustache. Clyde N. Moore founded The Michigan Art Store in 1906, and Frank acquired it from the Bowen-Moore Art Company in 1917. Frank was single in June of 1917, but by January of 1920 he was married to Belle. She was born in Virginia to parents from New York in 1892. She seems to have brought along Harvey Napier who was born in Virginia in 1910 or early in 1911, and who became Frank's stepson. The art store remained in the same location during 1920, while its address changed along with most others in Detroit and was 639 or 643 Michigan Avenue in some sources. At this time picture framing was emphasized, along with a complete line of high grade art goods, jewelry and watch making. Frank obtained a passport in March of 1924 with plans of visiting Austria to see his father, Joseph Wukovits, as well as visiting Great Britain, Germany, France, Belgium and Czechoslovakia. He and Harvey were to leave New York City on S. S. Belgenland on April 3, 1924. In 1927 Frank was identified as the former proprietor of The Michigan Art Store and had moved to a shop at 10138 Grand River Avenue where he offered: "Jewelry, Repairing, Etc., Radios, Pictures, Picture Framing to Order, Photo Supplies, Kodaks and Developing...." At this time a woman named Rose was listed as his wife.

John's father emigrated from the Bavarian region of Germany, owned a saloon on Michigan Avenue, and became active in Detroit politics. John was born in Detroit to a mother from the Baden region of Germany in October of 1854, third of the eight children of John H. and Apelonina (Fritz) Schneider. He attended the local parochial schools, and he learned printing at the Detroit Free Press. Ann (often Annie) Picard was born in Detroit on September 30, 1861, sixth of the eight children of Joseph and Matilda (Gautier) Picard. She married Charles Chauvin in Detroit on October 24, 1883. Something happened to Charles, and about 1898 Ann married John. Their daughter Josephine was born in 1901. Ann died in Detroit about 1928. George was single in 1900, when he was lodging in Kalamazoo with a minister and his wife and probably was studying at Kalamazoo College. This person's name could have been Schopf, though no one with that name was found in Washtenaw County during the pertinent era. Nelson M. Schoff was born in New York State to parents from New Hampshire and Vermont in 1816 or early in 1817. Elizabeth S. Everest was born in New York State in June of 1827, and she married Nelson about 1852. Their daughter Anna Cora Schoff was born in Michigan in June of 1855. Nelson was enumerated in Ann Arbor as a merchant in 1860, as a clerk in a store in 1870, and as a retired merchant in 1880. He probably was responsible for the stereo views noted by William Darrah. Nelson was residing in Ann Arbor at 44 South Division Street between 1886 and 1892. Elizabeth was a widow by 1900, when she was providing a home at 432 South Division Street for her brother William and for five boarders, most of them students at the University of Michigan.

Edmund (sometimes Edward) was born at Exeter, Ontario, to Canadian parents on June 30, 1876, second of the four children of Jeremiah B. and Caroline Frances (Varley) Schram, and their eldest son. His brother Wesley was born in September of 1878 before the family immigrated to the United States in 1879, and his brother William was born in Michigan in November of 1888. Edmund became a tall man with brown eyes and dark brown hair, and he boarded with his parents through 1908. Though Schram & Weiler were classified as photographers, their business was more accurately described as an art store. Walter F. Weiler worked as a draftsman and architect before and after his partnership with Edmund. Alice was born in Canada to Canadian parents in 1885, and she was brought to the United States five years later. She married Edmund in 1910 or 1911, and they never had children. | Fred's portrait work was first noted by the Mount Pleasant newspaper in July of 1883, when he was associated with someone named Charlie. Francis M. Smith & Schueller exhibited fine photographic and India ink work from their gallery at the Isabella County Fair in October. If you had a picture taken and enlarged in India ink early in 1884, Fred made no charge for the small photograph. The newspaper favorably mentioned his India ink portraits several times during 1884 and 1885, as well as his photographic, copying and crayon portrait accomplishments. He had the help of an experienced photographer in October of 1884, and his photographic business was purchased by George C. Munger in August of 1885. Fred was making portraits of East Saginaw patrons in December of 1885, had opened a studio at the corner of Jefferson Avenue and Genesee Street by February of 1886, and had moved his family to East Saginaw by August of 1886. His father emigrated from the Baden region of Germany, his mother was born in Ohio to German parents, and Jacob was born in Ohio in October of 1882. He was youngest of the six children of Adam and Susan Shultz. Jacob grew up on the family farms, and he still was single and living with his parents in 1910. "J. F. SCHULTZ, BUCHANAN, MICH." was stamped and "Nov 1906" was written on the back of the 5¼ by 6¼ inch gray mount of a photograph of eighteen pupils, their teacher, and an older man who probably was a member of the school board. They were posed against one brick wall of their school. "Schultz Photo" was scribed into the negatives of post card photographs of the crowd filling Buchanan's main street during the unveiling of the memorial fountain and clock on August 23, 1913, and a slightly later close-up of the fountain and clock.

He was known as Ebbie until 1907, and generally as E. O. or Eb to his friends in later years. He was born at Battle Creek on June 3, 1866, third of the six children of Delevan and Jennie (Dodge) Schumaker. Delevan was a carpenter and patternmaker who came to Battle Creek in the very early 1850s and died there when he was 58. Jennie was born at Reading, Michigan, taught school before her marriage at Clyde, Ohio, and outlived her husband by 29 years. Ebbie attended the public schools of Battle Creek through the tenth grade, and then started retouching negatives for a series of photographers. When the Reeve gallery burned in 1886, Ebbie borrowed \$400.00, the first and last money he ever borrowed, and set up shop in a portable building on East Main Street. He and Vinnie Walmsley were married in 1887 and had a daughter named Esther before Vinnie decided to live on a farm while Ebbie was determined to remain in the city. For a while he did most of the photography for Bernarr McFadden's Magazine, but his penchant was portraiture. He never took his camera to the big fires, wrecks and other events, for Ebbie was a studio photographer and stuck to it. He and Earl A. Waterbury were both listed as photographers at 92 East Main Street in 1894, and some cabinet mounts had "E. A. Waterbury, ..." printed on one side and "Schumaker, ..." printed on the other. When the telephone company decided to build an office on the site of his East Main Street gallery in 1898, Ebbie moved to a two-story frame building on West Main Street. Here he received his patrons and took their pictures on the ground floor, and did his developing, retouching and printing on the second floor. Most of his photographs were the regular cabinet size sold by the dozen, but he made a few real masterpieces for which he was paid up to \$75.00. He once sold 37,000 old negatives for their value as glass. He advertised nationally in the spring of 1905: "FOR SALE - Gallery; cheap if bought at once; ground floor; situated in one of the best cities in Michigan; population 25,000; only few doors from best hotel on the main street and largest sanitarium in the world just several blocks west of studio; I am fitted to 11 x 14; have two floors and basement; rent only \$15. Address E. O. S., 103 West Main Street, Battle Creek, Mich." The post card stock of some studio portraits was embossed: "SCHUMAKER, BATTLE CREEK" while others were blind stamped: "E. O. Schumaker, 103 Main St., Battle Creek, Mich." About 1908 Ebbie married 22-year-old Miss Frances Sturdevant of Marshall. Camp Custer was close to Battle Creek, and during World War I he sold \$57,000 worth of portraits in 21 months. Ebbie and Frances had two sons and a daughter before they decided that traveling different paths was appropriate to the considerable difference in their ages. When his West Main Street studio was razed to make way for an automobile agency, Eb retired as a downtown photographer. For a while he distributed stores all over southeastern Michigan for the Grand Trunk Railroad, and then he spent four or five years selling a sweeping compound before he returned to retouching. In 1944 he was retouching for the Loring Studio, the Central Studio, the Stevenson Camera Shop and others.

His father came from New York and Rollin was born in Royal Oak Township to a mother from Vermont on October 19, 1850, fifth of the nine children of Nelson Simon Schuyler and Melissa Safety (Dexter) Schuyler. Josephine was born in Michigan in March of 1856, she married Rollin about 1881, and she had a millinery shop at Oxford in 1886. Josephine gave birth in Michigan to Jerome in October of 1882, to Bayard in June of 1890, and to Beulah in May of 1892. The Schuylers seem to have been prominent in fraternal circles, for early in 1900 it was reported that “Last Friday evening, under the supervision of R. S. Schuyler and wife of Oxford, was organized one of the most promising fraternal organizations in our village. Piety Hill Primary of the Prudent Patricians of Pompeii met for the first time in K. O. T. M. Hall, Birmingham, and elected ... officers for the ensuing year....” Rollin and Josephine were providing a home at Fenton in 1930 for their daughter Beulah, her husband George Howe, and her daughter Phyllis. Rollin was a special guest of the state convention of the Michigan Photographers’ Society in Fenton on April 11, 1932. A veteran photographer of the days when they prepared their own paper and plates and were dependent upon the sun, he was very impressed with an electric lighting demonstration put on by a Chicago photographer. Rollin died at Fenton on April 17, 1938.

John Harvey Scotford was born in Northfield Township of Washtenaw County, Michigan, to parents from New York on September 22, 1844, first of the four children of John and Mary (Skidmore) Scotford. He also had two older half-siblings named Taylor from his mother's earlier marriage. Bailey & Scotford ran a lengthy advertisement in a local newspaper from October of 1867 to January of 1868 which announced that they had succeeded Padget & Colburn and were making "Photographs, from the ever popular Carte de Visite to 22 x 28 inches, ... Ambrotypes, very low in price, ... Oval Frames, ... Photographs, painted to order in Oil, Water Colors, Pastile and India Ink.... Mr. Scotford, for the past Summer operating for T. P. Bishop of this place, has had Longer Experience in the business, than any of his predecessors in Bay City...." Harvey joined the National Photographic Association prior to June of 1870. Bailey & Scotford attended the NPA convention at Cleveland during the summer of 1870, and a few months later sent some cabinet photographs to a photographic journal to show how the exhibits they had seen at Cleveland had inspired them to produce better work. Harvey was among those who submitted designs for the NPA monogram, but his design was not the one selected. "SCOTFORD, Bay City and Wenona." was printed on some card mounts, including a photograph of nine well dressed ladies and gents playing croquet in his gallery. Adelbert Bailey was managing the Wenona gallery for Harvey in 1871. The photographers of Northern Michigan met at Bay City on February 3, 1874, and organized a society with R. M. Cressey as chairman and J. H. Scotford as secretary. A committee was appointed to draft a constitution and by-laws, and to report at the next meeting, which was to be held at East Saginaw. Scotford & Gibson advertised locally early in May of 1874: "WHAT WE MAKE: Photographs, Tin Types, India Ink Portraits, Water Color Portraits, Oil Portraits, Stereoscopic Views, Frames Made to Order, Mats Made to Order, Copying of all Kinds! WHAT WE SELL: Frames of all Kinds, Chromos, Albums, Cases, Stereoscopes, Stereoscopic Pictures, Passe Partouts, Fancy Card Frames. We warrant our work to be Superior to any in the City. Pictures in all styles new and novel." A 4½ by 7 inch view of Center Street was tipped into 1875 Bay City directories as a frontispiece, and their ad in this directory mentioned that their gallery was opposite the Fraser House, that they had stereoscopic views of Bay City for sale, and that none but the best of work was allowed to go out of their gallery. That Harvey had been hired in Lansing by C. H. Mead was reported in November of 1876, and in February of 1877 a fine oil painting and a crayon portrait by Scotford were on exhibit at Mead's gallery. Mary L. Sanford was born at Greenville, New York, to Natives of New York on January 28, 1851, fourth of the five children of George and Harriet (Boardman) Sanford. She married Harvey at Lansing on August 7, 1877, and she gave birth to Robert Harvey Scotford at Kansas City, Missouri, on October 12, 1884. The opening of Harvey's art and photographic gallery over Bertch's meat market in Lansing was

reported late in 1877. Early in 1878 he took photographs in front of the old capitol building of the five men who 4  
located Michigan's capitol at Lansing in 1847, and of a group of 56 pioneers. "Views of State Capitol" and "Views of 4  
Reform School" and "Stereoscopic Views of the New Capitol, & Lansing and Vicinity" were printed on some of his 4 t  
stereographs, and he took stereoscopic views of the stage at the Lansing opera house decorated for the Garfield t  
memorial service. In the fall of 1879 he was offering bromo-gelatin plates to the trade for gallery use. Harvey was t 3  
quoted on drying and burnishing photographs in *Wilson's Photographics*, published in 1881, and he was visiting 3 0  
Lansing with his wife early in 1882. In March of 1883 Scotford & Merrell gave a public exhibition in their gallery of 0 4  
photographing by electric light, claiming to be the first in the United States to use this process. Harvey exhibited views 4 6  
of machinery at the fourth annual convention of the Photographers' Association of America at Milwaukee in August of 6  
1883. He made stereo views of Kansas City, Missouri, and of the great flood in 1894 at Portland, Oregon. In 6 t  
Washington, Oregon and California he was known as John H. Scotford. His wife Mary was his partner in their photo 8  
gallery at Ventura. Mary was a widow by 1920, when she was proprietor of a photographic studio in Napa, California. 8

James was born in Canada to Canadian parents in 1861 or early in 1862, and he was living alone in Mecosta County in 1880. "From the Art Studio of J. O. Scotford, Wayman, Mich." actually was printed on the cabinet mounts, but there was no Wayman in Michigan and James' Montcalm County farm was near Wyman. The letter below is evidence that James was not the best of spellers. In October of 1890 he claimed to have unearthed several pieces of ancient pottery while digging post holes on his farm near Wyman north of Edmore. Many similar objects were dug from mounds in the vicinity before a professor visited Montcalm County in June of 1891 and declared the "pre-historic" items to be forgeries. This and other expert testimony failed to dampen the enthusiasm of people that wanted to believe in the authenticity of the objects, and James wrote this letter:

"Mecosta Oct 16<sup>th</sup> 1891

The prints that James was offering may have been from the negatives made by Miss Rebecca R. McLaughlin of Charlotte. James was associated between 1907 and 1911 with Daniel E. Soper in "discovering" similar pottery, copper and slate "relics" in Highland Park, in Detroit's Palmer Park and in Mecosta and Isabella Counties, and in selling them to believers, of which there was no shortage despite expert testimony as to their fraudulence. A front-page article in the Detroit News on July 28, 1911, in which a famous scientist declared that the "prehistoric relics" were fakes seems to have put an end to their business, and the objects came to be known as the Soper Frauds.

Alexander was born in Michigan to parents from New York on August 16, 1842, second of the six children of Richard and Rachel (Crawford) Scott. He enlisted at Jackson as a private in Company E of the Third Michigan Cavalry on August 12, 1862, was mustered into the army the next day, and joined his regiment in September of 1862 at Tuscumbia, Alabama. He was promoted to corporal on November 15, 1863, and to sergeant two weeks later, on December 1. He re-enlisted on January 19, 1864, received a couple of weeks leave, and was mustered on January 27. He was promoted to first sergeant on March 15, 1865, and honorably discharged at Baton Rouge, Louisiana, on June 2, 1865. Her father came from Connecticut, and Elizabeth (later Sarah) was born in New York State about 1845. She was married to Alexander by 1870, and their son Richard was born in Michigan in 1872 or early in 1873. Someone else named Scott may have been the partner of William Quatermass in Pontiac. Based upon his military service and an injury to his head and back, Alex received a pension beginning about 1890. Johanna Christine Lundstrom was born at Goteborg in Sweden on January 17, 1864, the daughter of John Magnus Lundstrom and Anna Marie (Peterson) Lundstrom. She married Alex at Chicago on January 21, 1895. Alex obtain a passport for himself and Johanna in June of 1895 with the intent of visiting Europe and returning to the United States within two years. He was five feet ten inches tall with gray eyes, and by this time his hair, mustache and beard were gray. Their daughter Mildred was born in England on October 7, 1895. Their daughter Robie was born in Illinois in July of 1897, and their son Laird was born in Michigan on July 22, 1901. Fairview is in Comins Township. Alex died at Rockford on April 18, 1925. It took two years for his widow, Mrs. Joanna C. Scott, to clear up questions about her marital history prior to marrying Alexander, thereby establishing her rights to a widow's pension.

John was born at Albany, New York, to English parents on July 29, 1829, second of the six children of Thomas and Mary (Merrin) Scott. He received a common school education in Michigan and was taught carpentry by his father. When he was crippled in his right arm and left leg, John turned to learning photography. This advertisement appeared locally in 1855: "SCOTT, NOBLE & CO., would respectfully announce to the citizens of Ann Arbor and vicinity that they are prepared to take Daguerreotypes and Photographic Likenesses in the latest and best possible manner. To strangers, we would say that our Rooms occupy the upper stories of J. D. Irish's Store - Entrance and Stairway South of their old entrance, on Main St. Those wishing to obtain ... perfect Pictures can have their wishes gratified by calling at their Rooms, as a better place cannot be found for the purpose. Expense has not been spared in fitting and furnishing them as well as for the comfort and pleasure of visitors as the convenience of the Artists. The Operating Room is furnished with splendid operating Instruments, of any required dimensions, from a large to one small enough to take without copying a picture to be inserted in a watch key or finger ring. *A Splendid Quick Worker* is added for the express purpose of children - this Instrument works in one third the time of the ordinary instruments. Mr. SCOTT & CO. are daily producing *Daguerrean Likenesses* which equal if not excel any ever taken in this city. We are again in possession of the real and most recent improvements in the Art, and aided by long experience, we flatter ourselves of our ability to suit all who may be pleased to favor us with their patronage, at prices varying from twelve shillings upwards, according to size, quality and style of frames or cases. Particular attention paid to the taking of pictures of SMALL CHILDREN, between the hours of 10 A. M. and 2 P. M. We would call particular attention to our Photographs, which have been pronounced by good judges to be far superior to all other Likenesses. Ladies and Gentlemen are invited to call and examine specimens, whether they wish Pictures or not. Pictures taken in all kinds of weather, and warranted to give satisfaction or no charge made. Ann Arbor, June 16th, 1855." William Scott was John's partner in 1856, and was his only brother. Louisa C. Collier was born in New York City to a mother from Vermont in 1833, the elder daughter of Orin and Caroline Collier. She married John in 1853. They had three sons born in Michigan: George in October of 1856, Walter about 1858, and Charles in January of 1860. They moved to Missouri in the spring of 1865 and had three children born there: William on June 20, 1866, Adelia about 1868, and Henry in April or May of 1870. John was a widower by 1900, when he still was farming with the help of his son Charles. There was a photographer named John M. Scott from 1866 to 1872 in Vincennes, Indiana. His gallery was on the corner of Main and Third Streets at Vincennes in 1868, and he produced stereo views of Vincennes. John came from Missouri to visit old friends in Ann Arbor during January of 1888.

William was born about 1844 to William H. and Mary (Blackall) Scott, who were both natives of England. He was 5 feet 5½ inches tall with a light complexion, dark hair and blue eyes when he enlisted at Pontiac as a private in Company G of the 22nd Michigan Infantry on July 28, 1862, and he was mustered into the regiment as Quartermaster Sergeant on August 14. By November of 1862 he was Commissary Sergeant. From November 25, 1864, until January 1, 1865, William was furloughed on private business. From severe exposure in February of 1865 he contracted inflammatory rheumatism which lamed his feet and knees, and was treated by the regimental surgeon. He was mustered out with the field and staff officers of the regiment on June 26 at Nashville, Tennessee, and was honorably discharged at Detroit on July 17, 1865. He and 22 year old Miss Sarah Emma Morgan were married at Syracuse, New York, on December 22, 1868. They lived at Oberlin and Cleveland, Ohio, before moving to Amherst. In 1873 William was brought from Amherst to his parents home in Pontiac suffering so with rheumatism that he could move about only on crutches, and was soon looking for work that did not require his being on his feet. William was afflicted with diabetes for several years before he died from the disease on June 1, 1909. Burial was in Rose Hill Cemetery at Syracuse. Sarah continued to live at Syracuse on a Widow's Pension of \$40.00 a month until her death on December 14, 1928. The soldier and the photographer may not have been the same person.

| James was born to a mother from Connecticut in Onondaga County, New York, on March 4, 1832, first of the three sons of James and Hannah (Gunn) Selkrig. In 1835 his family moved to Niles, Michigan. After three years as the Protestant Episcopal pastor at Niles, his father was appointed missionary to the Ottawa Indians, and they moved to land on the banks of what is now Selkirk Lake in Wayland Township of Allegan County. Here James grew up with Indians for playmates, and "... He made such use of their language that his father had to send him to school in Kalamazoo to re-learn the English tongue." James was taking views near Lake Itasca, Minnesota, when he met and married Miss Henrietta E. Legg, who was born in New York in September of 1839. They returned to live in Allegan County, where their children were born: Ada about 1862, Charles about 1864, and Lulu in March of 1871. James was a Master Mason, and held nearly all of the offices in the Blue Lodge. Henrietta was a widow by 1910, when she still was living in Wayland Township. | 1 2<br>5 2<br>2<br>2<br>2<br>2<br>2 1<br>2 1<br>1 |     |

Samuel established the first daguerreotype gallery in Kalamazoo, and operated it as a sideline to his jewelry business. His first local advertisement appeared late in June of 1848: "... THIS ESTABLISHMENT is now in successful operation, and the above signed would say to the old and the young - to fathers and mothers in particular, if they wish to preserve to their children the images of the generation now passing away, or to themselves, the likenesses of their children who are so liable at any moment to be removed by death, that delays are dangerous! Beware of procrastination! How many say 'if I had only a likeness of the dear departed it would be an inestimable prize', and yet before another year rolls around, many that are now living, will be gone, and you can obtain a perfect likeness for a very few shillings." There was editorial comment on another page of the same paper: "Daguerrean Miniatures. - We would recommend to those who wish to procure a finished and perfect likeness of themselves or friends, to call on Mr. Selkrig over the Book Store. We can speak with confidence of the excellence of his pictures, having examined many specimens, and knowing his apparatus to be of superior character. Mr. S. would be happy to have people call and examine his pictures, even if they should not wish to procure any." Samuel sold the gallery over Cobb's book store to Schuyler C. Baldwin in December of 1851. Samuel was born in New York State to parents from Connecticut in June of 1821, and he applied from Michigan in 1837 for admission to the United States Military Academy at West Point, New York. Frances Harrington was born in Vermont about 1825, and she married Samuel about 1844. Their children were born in Michigan: Ellen in the summer of 1846, Alfred about 1848, and William about 1855. Something happened to Frances, and by 1870 Samuel had married again. His bride was Nancy (later Nannie) M. Webster, who was born in New York State to natives of New York about 1837. Their daughter Kate was born in Kalamazoo about 1875. They were providing a home for Nannie's widowed mother Maria in 1870 and in 1880. By 1880 Samuel had anglicized their surname to Selkirk.

Her father came from New York and Lena Susan Todd was born in Michigan in August of 1870, last of the four children of Washington Lafayette Todd and Ann Eliza (Morehouse) Todd. From 1892 through 1903 Robert worked in the drug store of O. P. Safford. From 1906 or earlier into the 1920s he owned a drugstore that featured a photo finishing department. L. McKnight Sellers was born to natives of Pennsylvania in Franklin County, Pennsylvania, on July 2, 1848, sixth of the eight children of Leonard and Elizabeth Charlton (Lock) Sellers. He was called McKnight even as a child, received an academical education, and served in a Pennsylvania regiment during the last five months of the Civil War. Mac worked many nights to build the furnishings of the printing shop which he opened in December of 1869 in association with J. H. Maze, who had twelve years of experience as a newspaper publisher. Maze continued the *Clipper* after their partnership was dissolved, and Mac purchased the local photograph gallery. When Maze moved to Grand Rapids in August of 1874, Mac took over the paper on a one year lease. By January of 1876, he had expanded it from four pages to a 48 column, eight page weekly, and had four employees. The *Cedar Springs Clipper* earned the reputation of a well edited and widely read local paper. Sometimes identified as Col. L. McKnight Sellers, he never married and was an outspoken loner with few friends. He wore a long swallow-tailed coat and a wide-brimmed felt hat, and later a white mustache and gray hair down to his shoulders. He served three terms as president of the West Michigan Press Association and was active in the Republican Party. He was elected to the Michigan House of Representatives in 1882 and again in 1884, was Speaker Pro Tem for the winter session in 1885, and was a delegate to the Republican national convention of 1892. After nearly fifty years as publisher and editor, he sold the *Cedar Springs Clipper* to F. A. Gibson in January of 1921. Following a brief illness, he died at Cedar Springs late on November 12, 1922.

The brothers advertised in April of 1917: “**Your Children’s Portraits** Are a source of never-failing pleasure to you, your relatives, and to the children as they grow older. Your Child is a child but ONCE. In a few years, the child is a man or woman going his or her own way, oftentimes far from early childhood. Let us help you to preserve those early memories, with a good photograph. **Send & Send**, Over Johnson’s Drug Store, 125 East Front Street, Traverse City.” Arthur was boarding at the studio in 1920 and in 1930 with his brother George. William was born at Cleveland, Ohio, to a mother from New York on February 18, 1854, last of the three sons of Isaac and Mariette (Higbee) Sesser. He became a five foot seven inch man with gray eyes, light hair and a florid complexion. Her father came from New Jersey and Ada Mary Storrs was born in New York or Indiana in April of 1857, the daughter of John C. and Jane Storrs. She married William in 1872 or early in 1873 and their children were born in Michigan: John about 1874, and Jenny (later Jane) in January of 1877. Along with his photographic activity, Will was a United States Signal Service Sergeant with an office over the post office in 1880, a United States Signal Service Display Man in 1882, and a Collector of Customs in 1884. "WORK OF THE MICH. HEDGE CO. ON FARM OF J. K. BISHOP. 1 ½ MILES N. E. MILLBURG" was lettered on the negative of a photograph on one of Will's 5 by 8 inch mounts that was bound into an album promoting the Michigan Hedge Company of Kalamazoo. Will was Principal of the School of Photography in the Bay View Summer University in Emmet County in 1890. One William F. Sesser advertised his photography in Hawaiian newspapers in 1891. He spent six weeks in Volcano and Honolulu, Hawaii. William applied for a passport in August of 1894, and requested that it be delivered to a hotel in New York City. A. J. Packard threatened a law suit against Will and the Pere Marquette Railroad Company for infringing his copyright of the photograph "Pere Marquette 17." Amicable adjustment of the matter was reported during the summer of 1902, whereby Mr. Packard obtained the half tone cut used in the infringement and a cash settlement. William was managing his Los Angeles County farm with the help of three employees in 1920, when he was enumerated as married but Ada was not to be found in Michigan or California..

His father emigrated from the Bavarian region of Germany and Henry was born in Canada to a Canadian mother on November 9, 1864, second of the four children of Siegfred and Louisa Shaefer. He was brought to the United States as an infant, and he grew up in Van Buren County. Her father came from Ohio and Mary Louise Rowland was born to a mother from New York in November of 1869 at Lawrence, Michigan, the daughter of Oran Wilbur Rowland and Mary Ann (Benjamin) Rowland. She married Henry at Paw Paw on October 29, 1888, and at times she taught music. Their children were born in Michigan: Roland on August 26, 1889, Francis on April 16, 1891, Mary on November 23, 1892, Mina on November 3, 1894, and Frieda on January 1, 1903. Mina lived only until December 4, 1896. The words "Opposite Court House" or "Main Street" or "Ground Floor Gallery" or "Ground Floor Studio" were printed on some of Henry's cabinet mounts from Paw Paw, while "Viewing a Specialty. Instantaneous Portraits of Children a Successful Specialty." was printed on others. From Paw Paw he produced a very well planned and executed double exposure cabinet photograph of a man pushing himself in a wheelbarrow, as well as stereo views of groups of people taken in his studio. Some of his cabinet portraits were on mounts with the back mark: "FINEST IN THE WORLD – Prof. J. M. Van Vrankin's Celebrated Equine School. PHOTOGRAPHED By H. E. SHAEFER, PAW PAW, MICH. – Instantaneous Photography a Specialty." In 1893 he advertised enlargements and crayon work, books, stationery and fancy goods. Sometimes Henry's name was spelled Schaefer in the gazetteers. His wife Mary was known as Mamie by 1920, when she was working for Van Buren County as the deputy register of deeds. She was register for the probate judge in 1930. Henry died in 1935, and Mamie lived on at Paw Paw until September 21, 1957. Both were buried there in Prospect Hill Cemetery.

William was born in Arcadia Township of Manistee County, Michigan, to Canadian parents on January 4, 1874, last of the three children of Nelson Oscar Sharp and Hannah (Richardson) Sharp. His brother Albert (later Ezra) was born in Michigan about 1867, and his sister Martha was born here in February of 1870. Hannah took William along when she left Nelson Sharp in the early 1880s, and she soon married Edgar McKinzie who had twin sons named Edgar and Edwin. William was working as a photographer in Torch Lake Township of Antrim County in June of 1900 with his 19-year-old step-brother Edwin McKinzie as a partner, while his step-father Edgar McKinzie seems to have been maintaining the gallery back in Fremont. Harriet Stowe Keillor was born in Pleasanton Township of Manistee County to Canadian parents on March 22, 1880, sixth of the eight children of Robert Oscar Keillor and his cousin Josephine L. (Keillor) Keillor. Harriet was working as a servant for a Manistee family before she married William on January 1, 1902. Their daughters were born at Bear Lake: Ruth in 1903, and Kathryn in 1905. Will's Bear Lake studio was in one room of the house he built there. He produced a 7½ by 9½ inch photograph of locomotive number 3 heading up a mixed train in 1899 on the Honor Branch of the Manistee & Northeastern Railroad. "PHOTO BY SHARP" was printed on the negatives of post card photographs in small block capitals. Accompanying legends such as: "FIRST ANNUAL ENCAMPMENT OF OLD SOLDIERS, AT BEAR LAKE, MICH. 1908." were set in the same type. "SHARP" was incised into the negatives of postal photos such as a champion load of logs and the Benzie County court house at Honor postmarked in 1910. During World War I the family lived in an apartment at Philadelphia where Will worked in a shipyard. Following the war they moved to Detroit, where Harriet died in 1919. In 1920 Will was receiving the help of his mother-in-law in raising his daughters. Later he blind stamped "W. H. SHARP" and "FRANKFORT, MICH." at the lower corners of post card photographs, including scenes along the Lake Michigan shore, hosing down a burning building, the mineral spring, gliders, a railroad ferry at the docks and people with their cars on the ice near the mouth of the Platte River. Will augmented his photography with taxidermy and by collecting and finishing fine cypress knee specimens. By 1930 both Ruth and Kathryn had married. The illustrations for a 1930 history of Frankfort were made from photographs by Will. He and Hallie McClure married in 1930 and opened a new studio in conjunction with a gift shop. They sold the shop in 1944 and moved to a large house on Charlotte Bay in Punta Gorda, Florida, which they ran as a tourist home until Will's death on April 18, 1958.

His father came from New York State and Alphonso was born in Calhoun County, Michigan, to a mother from Vermont on August 15, 1840, third of the seven children of Anson and Caroline (Parker) Sharpsteen. Two troops of cavalry organized at Battle Creek could not be accepted into a Michigan regiment, but were accepted along with troops from Ohio, Missouri and Indiana by Major General John C. Fremont for service in Missouri. Alphonso had enlisted at Battle Creek on August 23, 1861, and he was mustered with the regiment into the Union Army on September 9, 1861, as a corporal in Company H of what was designated the Merrill Horse. During the next eighteen months the regiment was engaged in successfully clearing the bands of guerrillas and marauders from Missouri. Alphonso was promoted to sergeant on November 1, 1862. The Merrill Horse had become the Second Missouri Cavalry regiment by the spring of 1863, when they took part in the invasion of Arkansas. They were under fire nearly every day for three weeks prior to the capture of Little Rock on August 10, 1863, and then spent the winter scouting and guarding the railroad between Little Rock and De Vall's Bluff. Late in March of 1864 the regiment took part in the defeat of Confederate forces in a severe battle at a crossing of the Saline River about 120 miles south of Little Rock. As his term of enlistment expired, Alphonso was mustered out of the army at Saint Louis, Missouri, on September 15, 1864. His photographic partner in Owosso was his brother Samuel, who remained in the photographic business for forty years. Jennie M. Andrews 1847 Mortimer 1869 Ralph 1871 Nevie 1876

Elmer was born in Marshall Township to parents from New York State on March 11, 1861, second of the four children of Albert and Clarissa (Markham) Sharpsteen. He was resident manager of the Lansing gallery, while his cousin and partner Samuel L. Sharpsteen maintained a gallery and residence at Grand Rapids. The Lansing firm was sometimes identified as E. & S. Sharpsteen, employed three assistants including Louise M. Eichler as a retoucher from 1894 to 1896, and specialized in fine carbon prints and fine photographs. One Elmer Sharp was born in Michigan to parents from New York about 1861. Around 1900 he married a woman named Anna (later Ann F.) who was born in the Netherlands about 1876 and was brought to America in 1881. They never had children. This Elmer was proprietor in 1910 of a photographic business at Cleveland, Ohio, and in 1930 of a photograph studio at Bluffton, Indiana. In 1930 his wife also was enumerated as a proprietor of the studio. Elmer Sharpsteen died on January 5, 1938.

He was born Llewellyn Sharpsteen in May of 1870 to parents from New York State at Clinton, Iowa, , the only son of Seward and Emily Sharpsteen. He probably worked for his photographer father before becoming a partner in the photographic business that should have been called Sharpsteen & Son. Nettie often was Samuel's photographic partner, and she probably was keeping his business books about 1900. Neither of their children, Carrie and Ray, reached maturity. | Samuel was born near Battle Creek on June 10, 1845, fifth of the seven children of Anson and Caroline (Parker) Sharpsteen. He attended the public schools of Battle Creek before apprenticing himself to a photographer there. His first photographic partnership in Owosso with his brother Alphonso lasted only six months before Sam became sole owner. He and Miss Nettie Tuttle of Corunna were married at Owosso on September 28, 1867, and at times were photographic partners. Sharpsteen & Chaffin produced tintypes as well as card photographs. One 1882 issue of the <i>New York Daily Graphic</i> carried views of Ionia made from photographs by Sharpsteen, whose gallery was at the corner of Main and Second Streets at this time. Sam attended the fourth annual convention of the Photographers' Association of America at Milwaukee in August of 1883. His Ionia gallery was "Over Cooper & Thayer's" or "Over Cooper & Putney's" and he was succeeded there by the Menkee Brothers. Diehl & Sharpsteen advertised in Detroit and nearby towns: "The BEST PHOTOGRAPHS IN THE WEST at \$2.50 per dozen. We guarantee satisfaction on every photo we put out, or money refunded. Life size Portraits in Photographic, Crayon, Water Color, Bromide and other styles from 5 to 30 dollars. This statement can be readily proven by a visit to our new and elegant ground floor gallery, the only one in the city at 246 WOODWARD." After eighteen months, Sam moved to Grand Rapids and Ambrose J. Diehl continued the Detroit business with another partner. In 1888 Miss Charlotte Pease worked for Sam as a photo printer. Sharpsteen & Andrew employed Harry Fraine and Samuel Wardlaw as photographers. "23 Canal St." was printed on a couple of Sam's Grand Rapids cabinet mounts, but "21 Canal St." was printed on most of them, including some dated 1890, 1892 and 1893. His employees included photographer John A. Ramsey, portrait artist Frank J. Grinelle and photo printer Richard B. Brooks in 1891; retoucher Carl P. Edison and photo printer Edward J. Winiker in 1892; and photographers William D. Bryant and Frank P. Towse in 1893. "Sharpsteen, 1894, Grand Rapids and Lansing, Mich." was pressed into some cabinet mounts, and he continued to use mounts with "Grand Rapids and Lansing" for the four years that Elmer Sharpsteen managed their Lansing gallery. Sam employed retoucher George A. Ostergren and photo printers George W. Campbell and John Reingholdtz in 1896, when he advertised: "All of the latest styles and finish. Artistic Work. Take Elevator. Wonderly Bldg." He was elected treasurer of the Michigan Photographers' Association in February of 1897, when his Grand Rapids gallery occupied ten rooms on the sixth floor of the Wonderly Building with every necessary facility and fifteen competent and polite assistants, including retoucher Miss Anna L. Henze and photo printer John Reingholdtz. Sam's sale of the Lansing gallery to Arthur J. Sutton of Corunna was reported in June of 1898. He succeeded Charles E. Heath in the gallery at 145 Monroe Street, but returned the place to Heath a year later. He employed John Reingholdtz as a photographer in 1900, and exhibited photographs at the annual convention of the Photographers' Association of America at Milwaukee in July of 1900. this time Sam and his wife were socially prominent in Grand Rapids, where they had a pleasant residence and owned considerable property in the north. Sam had won prizes at every exhibit in which he had competed, including the PA of A convention at Chautauqua, New York, with 44 exhibits from 18 states, where Sam was awarded a first prize silver medal. His return from Battle Creek to open a studio in Grand Rapids was reported early in 1902. Nettie probably died before Sam married Jennie about 1905. Her father came from Canada, and Jennie was born in Michigan to a Scotch mother about 1874. Sam lived almost 71 years before he died at Grand Rapids on April 12, 1916.

Seward was born in New York State to natives of New York on January 20, 1838, last of the ten children of Samuel and Margaret (Sleight) Sharpsteen. His first wife Clarissa was born about 1840 and died on August 29, 1865. Seward first came to Marshall about 1865, and he lived there off and on for the rest of his life. Her father came from Vermont and Emily was born at Syracuse, New York, to a mother from New Jersey on December 27, 1837. She was Mrs. Emily M. Rowland prior to her marriage to Seward about 1868. She brought along her son William Rowland, who was born in Michigan about 1862. Emily gave birth to Lewellyn (later Lewis) in Iowa in May of 1870. Seward was enumerated with his nephew Samuel Sharpsteen in Ionia on June 6, and in Marshall with his own family on June 8, 1880. Each of his cabinet mounts and his advertisements mentioned his ground floor gallery, the only one in Marshall in 1894. He probably employed his son Lewis Sharpsteen before making him a partner for a while about 1895 in what should have been called Sharpsteen & Son. Seward and Emily were neighbors in Marshall of photographer Seneca B. Smith and his wife in 1900. Mrs. Emily M. Sharpsteen was listed as a Marshall dressmaker from 1895 until 1929. Seward died at Marshall on March 30, 1909, and Emily died there on September 25, 1932.

While in Detroit, he lived with his parents or with his older brother Frank. Horace N. Imrie opened a Detroit gallery at 59 Monroe Avenue in 1887, which he maintained for the next 25 years. She had a affair with Rex, and learned that she was pregnant while he was visiting England. His brother retrieved Rex from England and persuaded him to divorce Edith and to marry Merle. Merle gave birth to Claude Shattuck in May of 1915, and Rex soon divorced Merle and remarried Edith, the love of his life. Merle married Robert J. Brightman and gave birth to Alice K. Ernest was born in Sylvan Township of Washtenaw County, Michigan, to parents from New York in August of 1849, second of the four children of Jacob A. and Sarah Ann (McComb) Shaver. He grew up on the family farm near Chelsea before going to Jackson to learn the photography business. The constitution and by-laws of the Chelsea Cornet Band were adopted in 1877 at Ernest's gallery. Martha E. Conk was born in New Jersey to natives of New Jersey in January of 1858, first of the five children of Lewis Lane Conk and Mary Victoria (Johnson) Conk. She married Ernest on December 25, 1879, and they never had children. Ernest was enumerated as a daguerreian artist in 1880. His gallery was on the east side of Chelsea's Main Street in 1878, on Main Street in 1883, and on South Main Street in 1892, 1899 and 1916. He also was dealing in picture frames in 1878. "From the EUREKA PHOTOGRAPH GALLERY, Main Street, Chelsea, Michigan. E. E. SHAVER, Artist. Old Pictures enlarged and finished in India Ink. Negatives preserved, and Duplicates can be had at any time." was printed on some of his card photograph mounts. He produced stereoscopic views of Chelsea, and advertised in 1889 and in 1891: "Portrait and Landscape Photographer; Old Pictures Copied and Enlarged." All of the 33 portraits and 20 views of local businesses and public buildings, including two interiors, in the Chelsea edition of *Headlight* were reproduced in 1895 from photographs by Ernest. He died at Chelsea in 1917. It was reported in March of 1918 that "Mrs. E. E. Shaver has sold her photograph studio to J. D. McManus , of Morley, who will take possession about April 1." Martha married Ernest's brother John F. Shaver on March 28, 1919, and she died in Chelsea in 1921.

His father came from New Hampshire and Lorenzo was born in Maine about 1841, last of the five children of Timothy R. and Betsy D. Shaw. He grew up on the family farm, and by July of 1860 Lorenzo was married to Mrs. L. A. Shaw, who was born in Maine about 1844. Their children were born in Maine: Lillian about 1861, Frank about 1864, and Minnie about 1866. The Lorenzo D. Shaw that served in Company C of the 31st Maine Infantry from February 27, 1864, until July 15, 1865, was not the photographer. Early in February of 1873 Mr. Shaw, of Boston, obtained a five-year lease on the upper floor of the Owen Block in East Saginaw. Later that month it was announced that "Messrs. Shaw & Macomber will open their photographing establishment, to be called the 'Boston Gem Gallery,' over Waterman's dry goods store on Genesee Street, on ... Saturday, March 1st. This firm has fitted up one of the finest galleries in the State..." Both Shaw and Alonzo D. Macomber were living at East Saginaw in 1873. Macomber stayed there while Lorenzo had moved to Muskegon by 1875. Muskegon card photograph mounts of Shaw & Macomber identify Charles Van Buskirk as their Operator. The Fond du Lac business also was called the Boston Gallery. Something happened to Lorenzo's first wife, and in the 1870s he married Annie, who was born in Maine to natives of Maine in 1851 or 1852. Their son Harry was born in Massachusetts about 1878, and they were caring for him and for Lorenzo's three older children in 1880.

He was called Ernest as a child, and later he often was identified as W. Ernest Shemild. He was born at Simcoe, Ontario, to an English mother on October 5, 1876, the elder son of John Calvin Shemild and Emma Beatrice (Smith) Shemild. His brother Charles Calvin Shemild is profiled above. The family moved about 1893 to Detroit, where Ernest became a tall slender man with blue eyes and brown hair. Mary E. Feltner was born in Michigan about 1876, the daughter of Henry and Johanna (Cagney) Feltner, and she married Ernest in Detroit in June of 1896. Their son Charles Ernest Shemild was born in Detroit on June 12, 1897. Ernest served during the Spanish-American War as a private in Company L of the Thirty First Michigan Infantry from June 20, 1898, until November 26, 1898. His mother and her second husband, James Gellies, were providing a home at Detroit in 1900 for both of her sons and for her grandson Charles. Ernest and Mary divorced, and Mary married Claud Cooper on June 2, 1902. Alice Capt was born in Switzerland in 1875, the daughter of Isaac L. and Julia (DuBois) Capt, and she immigrated with her family in 1898. Alice and Ernest went from Detroit to Toronto, Ontario, to be married on August 5, 1903. "Shemild, 235 Woodward Ave., Detroit." was blind stamped into the gray 7¼ by 10¼ inch mount of a photograph of four soldiers in front of their tent with many tents in the background. The same blind stamp was used on an 11 by 14 inch mount for a 1904 photo of Company C of the First Regiment of the Michigan National Guard taken in Camp Boynton at Ludington, Michigan, and donated to the Detroit Light Guard by Sergeant W. E. Shemild. The sixty men were posed on a crude set of steps erected in a wooded area. A similar picture of Company A posed in the same place by Shemild was reproduced in a book about the Detroit Light Guard. Something happened to Alice, and Ernest married again over in Windsor, Ontario, on February 19, 1907. His bride was Esther A. Kenney, the daughter of William and Elizabeth (Money) Kenney, who was born in Ontario about 1889. By 1918 Ernest and Esther had parted, and Ernest had a wife named Myrtle who was born in Michigan on October 8, 1886. Myrtle died in Anoka County, Minnesota, on January 22, 1966, and Ernest died in Minneapolis on October 5, 1972. His burial was in Fort Snelling National Cemetery at Minneapolis.

Some of them were mailed between December of 1911 and June of 1914. All of the Huron and Tuscola County places were on or near the Saginaw to Bad Axe branch of the Pere Marquette Railroad. Bentley is almost directly across Saginaw Bay from Unionville, and Mount Forest is about five miles south of Bentley. “WRECK ON D&M AT TOBICO APRIL 9TH SHERMAN PHOTO 177” was lettered on the negative of a postal photo of a 1912 railroad wreck. His father was born in Michigan to parents from New York, his mother was born in Canada to English parents, and Bert was born in New York State in June of 1869 to Charles and Maria Sherwood. He was their first child and his siblings were: Sidney born in New York in September of 1874, Ina born in Michigan in August of 1878, and Wayne born here in June of 1880. All four were single and living with their parents in 1900. "Sherwood, Pinconning, Mich." and "Sherwood, St. Charles, Mich." were printed on cabinet mounts using the same font of type. One of these St. Charles mounts carried a picture of a passenger train crossing a bridge. "M. B. SHERWOOD, permanent address St. Charles, Mich." was printed on other cabinet mounts. These and at least one other M. B. Sherwood cabinet mount from St. Charles had characteristics of 1890s styles. "*Sheewood*, ST. CHARLES" was embossed into the post card stock of studio poses of an athlete holding a basketball and views of a St. Charles coal mine that was on fire. Bert still was single in 1930, when he was sharing his home with a 35-year-old adopted son that was a coal miner.

## Sherwood, Nettie, Miss

It was announced early in December of 1879 that Nettie had opened a photograph gallery at New Troy. Two weeks later it was disclosed that she had done nothing of the kind, and that the announcement had been published as a joke understood by several of her friends. Annetta (usually Nettie) was born in Wisconsin to parents from New York in 1863 or early in 1864, fourth of the six children of Charles H. and Marcia Sherwood. She grew up on the family farm in Saint Joseph Township of Berrien County, Michigan, and was attending school there in 1880. New Troy is a small town about thirteen miles south of Saint Joseph Township.

James became a stout man with blue eyes and black hair, and he remained single through 1930, when he still was living with his widowed mother. Between 1850 and 1860 his father stopped farming and moved into town as a carpenter. | New Haven, Connecticut, university law student ..... | 1881-1883 | 1 |
| Pittsburgh, Pennsylvania, lawyer .....               | 1883-1905 | 1 |

George was born on January 1, 1859, at Pittsburgh, Pennsylvania. His grandfather had first visited Marquette ten years earlier, and had established a family vacation headquarters there. George first visited Marquette in 1870 and, like his father and grandfather, returned annually throughout his life. He married the daughter of pioneer Peter White at Marquette, and their son and daughter were born there. After graduating from Cornell University and the Law School of Yale University, George joined the law firm of his father. When his father was appointed to the United States Supreme Court in 1892, George became the senior partner of the law firm of Shiras & Dickey. He was a member of the Pennsylvania legislature in 1889-1890, and of the United States Congress from the 29th District of Pennsylvania in 1903-1905. He introduced the first federal legislation to protect migratory birds. George retired from the law in 1905, to spend all of his time and energies as a naturalist.

George was an ardent hunter from his youth, and with the availability of dry plates in 1889, began to substitute the camera for the gun. He advocated this substitution in articles in *Forest & Stream* magazine in 1889, 1891 and 1892. He was credited with being the first to photograph wild animals and birds from a canoe or blind (in 1889), as first to arrange trip strings across trails or tied to bait so that wild animals took their own pictures, and first to operate a camera by a string from a blind up to 100 yards away. In 1891 he turned his attention to the photography of wild animals at night, inventing a hand-held flash light for which he was granted United States Patent No. 536,790 on April 2, 1895. George was the first to make automatic flashlight photographs of animals using the trip string technique, and the first to use two cameras with closely spaced flashes to get photos of the animals' reactions to the first flash. He used a stereoscopic camera for many of his nocturnal photographs, and was the first to practice wing shooting of fast flying birds with a camera. His articles on photographing wild animals were published by the *New York Sun* in 1895 and by the *New York Independent* in 1900. Most of his wildlife photography prior to 1900 took place on the southern shores of Lake Superior. Enlargements of his flashlight photographs of deer were part of the United States exhibit at the Exposition Universelle at Paris in 1900, and were awarded a gold medal by the Forestry Division and a silver medal by the Photographic Division. At the Louisiana Purchase Exposition at St. Louis in 1904, similar enlargements were awarded the Grand Prize of a gold medal. Articles by George appeared in the *National Geographic* in 1906, 1908, 1911, 1912, 1913, 1915, 1921 and 1932. He gave 2400 negatives to the National Geographic Society in 1928, and in 1935 the society published his two-volume *Hunting Wild Life with Camera and Flashlight*. George died at Marquette on March 24, 1942.

## Shockley, Ellen

Decatur PHOTOGRAPHER ..... 1871 t  
"Mary Jane Shockley, Decatur, Michigan. Aged 36: 1871. - Ellen Shockley photograph" was penciled on the back of the *carte de visite* sized paper sleeve of a tintype. Mary Jane was born in Michigan about 1834. She married James Shockley, who was born in Delaware about 1830 and was a farm laborer in 1870. Their daughters were born in Michigan, Elma J. in 1858 or early in 1859, and Martha E. in 1864 or early in 1865. If the picture was not taken by Mary Jane's twelve-year-old daughter, the most likely Ellen found in the 1870 census was Mrs. Ellen M. Shockley of Sussex County, Delaware. She was married to William Shockley, who was born in Delaware about 1828 and was a farmer in 1870. Their children were born in Delaware, Rachel in 1866 or early in 1867, and William two years later. James and William Shockley could have been brothers, making Mary Jane and Ellen sisters-in-law.

Franklin (usually Frank) was born in Ohio to natives of Ohio in March of 1868, last of the six children of Henry and Martha J. Short. Something happened to his mother, his father married a lady named Catherine, and by 1880 Frank had three half-sisters. Her father came from Pennsylvania and Grace L. Shoemaker was born at Three Rivers to a mother from New York on September 9, 1872, third of the four children of David Shantz Shoemaker and Elizabeth Louisa (Knickerbocker) Shoemaker. She also had eight older Shoemaker half-siblings. Frank and Grace were married at Three Rivers on December 25, 1894. Their daughter Ida was born in Michigan in March of 1896, and their son Merle was born in Indiana in the spring of 1900. "F. SHORT PHOTO. THREE RIVERS, MICH. SHEFFIELD" was lettered on the negative of a post card photograph of one the Sheffield Car Company factory buildings under construction. Frank seems to have taken the picture at the place where he worked as a blacksmith. Grace still was keeping house for Frank in 1930, and she later died at South Bend, Indiana.

He was born Jerome Damm at Marine City on July 13, 1888. He and his mother, Matilda, were living at Algonac in 1900 with her parents, Leander and Charlotte Shovan. Jerome soon took his mother's maiden name, and he became a short stout man with brown eyes and dark brown hair. Sophia was born in Michigan to German parents in 1890 or early in 1891, she married Jerome in August of 1909, and she gave birth to Benson in March of 1910. "SHOVAN PHOTO" was lettered on the negatives of post card photographs of St. Clair business streets, theaters, factories, churches, parks and the riverfront. The negative numbers ranged from 41 to 123, and some of the cards were postmarked between 1913 and 1916. Jerome was single in 1917, but was supporting a child. He was inducted into the army at Port Huron on September 18, 1917, and sent to Camp Custer for training. He was later assigned to Battery C of the 328th Field Artillery, was promoted to private first class on April 2, 1918, and was shipped overseas on July 30, 1918. Jerome saw action in the Faul Sector in France, returned to the United States on April 2, 1919, and was honorably discharged on April 19, 1919. His wife remained in Warren in September of 1926, when Jerome crossed the Detroit River to 21 Ouelette Avenue in Windsor, Ontario, where he may have engaged in photography.

Lorenzo was born in Maryland in January of 1830, and he was listed as Luther K. Showman in some early directories. Charlotte was born in Ohio in the summer of 1836, first of the nine children of Job T. and Evaline Freeman. She married Lorenzo in Hancock County, Ohio, on March 19, 1857. Their daughters were born in Michigan: Isadora (later Dora) in the autumn of 1860, and Emeline (later Caroline) in the spring of 1865. Part of a letter to Lorenzo was used to hold a tintype into its paper frame, and his *cartes de visite* included log homesteads as well as portraits. Mrs. L. K. Showman kept a millinery shop at Portland from 1864 to 1867 and from 1874 through 1885. "Opposite Portland House" was printed on some of Lorenzo's 1870s card photograph mounts. He and Miles L. Read advertised locally late in 1876: "Your Picture and Frame only 50 cents at Showman & Read's" and "Best retouched Photographs only \$2.50 per dozen at Showman & Read's Art Gallery." Beginning in 1877, Spencer C. Cornell was employed off and on as an artist for six or seven years by Lorenzo. "Copying and Enlarging a Specialty" was stamped on some Showman 1880s card and cabinet mounts from Portland. Rolland E. Green was Lorenzo's later partner at Portland, and he continued a photographic career in Michigan into the 1930s. "From SHOWMAN'S Palace Cars, Lake Odessa, Mich." was printed on several different styles of cabinet mounts, including one carrying an 1888 photograph of the school house at Lake Odessa. Sherman D. Joy apprenticed with Lorenzo at Lake Odessa for a year or more prior to becoming his partner. A couple of types of cabinet mounts were "From Showman & Joy's Palace Cars,..." but several others were "From the Ground Floor Studio of Showman & Joy, Lake Odessa, Mich." Sherman D. Joy still was a professional Michigan photographer in 1927. The Indiana photographer was identified as L. K. Showman. Lorenzo's final illness was brief, and he was almost 73 years old when he died on December 2, 1902, at the Waverly, Tennessee, home of his son-in-law, William Elder.

Return was born in Vermont to natives of Vermont about 1833, first of the three known children of Nathaniel A. and Jenett Shumway. His family had moved to Indiana by 1840. Sarah Ann Thomson was born in Ohio about 1834. She married Return in the early 1850s, and their children were born in Indiana: William about 1859, Louis about 1860, Charles about 1861, and Sarah about 1864. Return enlisted at Orland as a private in Company B of the 100th Indiana Volunteer Infantry on August 15, 1862. He deserted at Brooksbury on October 24, and over the next few months was repeatedly ordered to report for a medical examination at Indianapolis, Indiana. He returned to duty in time to receive a shallow gun shot wound to the right side of his head on June 5, 1863, during the siege of Vicksburg, Mississippi. The wound had not healed a month later when he was sent to the hospital at Snyder's Bluff on the Yazoo River, and then by boat to a hospital at Mound City, Illinois, where he was treated for chronic dysentery and sent back to duty on August 28. He became exhausted on October 29 during a march from Iuka to Florence, Alabama, and was ordered by the surgeon to get onto one of the commissary wagons. The horses started forward as he was climbing onto a wagon, he was thrown down, and the rear wheel ran over his left leg above the knee. He was hospitalized and treated for a fractured femur in his left thigh until December 9, 1863. He was furloughed from April 12 until May 1, 1864, and then hospitalized for the fracture and the associated loss of mobility in his left knee until July 2. He was treated for chronic diarrhea at the hospital at Madison, Indiana, from July 3 until his discharge on a Surgeon's Certificate of Disability on September 8, 1864. He returned to Orland very weak and walking with a pair of crutches. A couple of months later his crutches slipped on the ice and he was ruptured by the resulting fall. He qualified as totally disabled and began receiving a pension of \$8.00 per month. "Shumway & Helme, Artists, Muir, Ionia Co., Mich. Negatives preserved one year." was printed or stamped on the backs of *cartes de visite*. On some, "R. U." was added ahead of Shumway and Helme was crossed out. Sarah was granted a divorce from Return on April 24, 1878, and retained custody of their young daughter named Sarah. His second marriage was to 33 year old Martha Docking at Ortonville, Minnesota, on September 24, 1883. Martha had previously been fraudulently married to Henry C. Thompson, and had two teenage sons. Return's pension was increased to \$14.00 per month in May of 1884, when he was five feet eight inches tall and weighed 120 pounds. By 1892 paralysis blamed on the head wound had made his right hand useless, and his left leg was not much better. The letterhead of the Andover GAR post listed him as Quartermaster. He died on April 15, 1908, at Rock Island, Illinois, from paralysis complicated by gastritis and diarrhea. He had only lived in Illinois for three weeks. Due to the questionable legality of her first marriage, Martha had a hard time in obtaining a Widow's Pension.

James was born in Canada to English parents in July of 1855, he immigrated in 1873, and he became a naturalized citizen of the United States a few years later. Her father came from Maine, Lucy was born in Michigan to a Scotch mother in March of 1860, and she married James in 1877 or early in 1878. Their daughter Laura was born in May of 1879. "SIBBEN, Manistee, Mich." was printed on a couple of different styles of cabinet mounts, which may have carried the work of James' half-brother John W. Sibben. James and Lucy were sharing their home in 1930 with their daughter, her husband Samuel R. Hainer, and her son James.

His father emigrated from England and John was born in Canada to a Scotch mother in February of 1863. He crossed the border in 1878, and in 1880 he was living with the family of his half-brother James L. Sibben. He became a naturalized citizen of the United States in 1884. Ida was born in New York State to Scotch parents in March of 1865, and she married John about 1884. Their children were born in Michigan: Leroy in June of 1885, Andrew in February of 1888, Frank in April of 1893, and Dorothy in March of 1898. According to the census report, John was not employed in 1920, when Ida was the assistant cashier in an automobile factory. At this time they were providing a home in Highland Park for their son Frank, their daughter Dorothy, and her new husband Roy Mercer.

Joseph was born in the province of Quebec, probably in October of 1871, last of the seven children of Toussaint and Josephine Sicotte. Through 1901 he lived in suburban Montreal in the Hochelaga District to the north. Verdun is a southern suburb of Montreal. Regina was born in Quebec, probably in December of 1873, and she married Joseph some time in the 1890s. She may have brought along Armand Bayard, who probably was born in Quebec in April of 1891 and was living with Regina and Joseph in 1901. Armand had taken the surname Sicotte by 1911, when he still was living with them. There is no evidence that Regina accompanied Joseph to the United States, for he was enumerated as single in both 1920 and 1930. He was boarding with a family in 1920, and he was living by himself in 1930. Joseph offered both portrait and commercial photography in 1929.

Herman was born in Friedland, Germany, on October 21, 1861. He immigrated to the United States in 1883 and became a naturalized citizen in 1890. Margaret was born in Muhlhausen, Germany, on February 22, 1865, one of the five children of Thomas and Wilhelmina Limbacher. The Limbachers came to America in 1884, and Margaret married Herman about 1889. Two of their children were born in Washington: Herman in January of 1891, and Freda in August of 1896. Their other children were born in Michigan: Elsa on August 7, 1900, and Edmond (later Ernest) in 1907. A photographic magazine commented early in 1898: "Some time ago Mr. Siewert, desiring to prepare an album of views illustrating the beauties of his locality, took our advice and made the pictures on Velox paper. The result is a charming little book with flexible covers, containing twelve 5 x 8 pictures of the Puget Sound country, retailing at \$1. The views closely resemble platinotypes in appearance, and are very effective. Mr. Siewert has recently introduced the 'European plan' in his studio for the regulation of prices in portrait work. He reports that the new departure is most favorably received." Herman's moving from Everett to establish the gallery at Kalamazoo was announced late in 1898. His purchase of the Schoolcraft gallery from W. C. Pierce was reported in the autumn of 1900. G. Hanmer Croughton often commented favorably upon photographs sent to a photographic journal, but in March of 1904 he was unusually complimentary: "Mr. Siewert of Kalamazoo has three charming pictures of children and one of a lady in old-fashioned bonnet and drapery, all of which are beyond criticism. I have nothing but praise for all, but the two best in my judgment are the little girl with the fish bowl and the lady just mentioned. The pose and expression of the child looking down into the bowl is charming in its simplicity and childlikeness, while the half saucy expression and the action in the figure of the lady is characteristic of the costume; the flesh tones are fine and delicate; yet full of modelling and gradation. Note the delicate tone of the flesh of the girl's arm and hand where they rest upon her white dress." Herman was an active member of the Photographers' Association of America in 1905. At the request of an editor, he wrote in 1908 on child photography: "... In my dressing rooms are notices which request the company in the skylight room of mother or nurse *only*. This, however, is sometimes overlooked and several aunts or cousins offer their assistance to help ... amuse the child, and generally Johnny is soon tuned up to a high pitch and forgets that he is in a strange place....During this time I may or may not expose several plates. After the work is seemingly done I ask the company to step into an adjoining room while I make one exposure with the mother in alone. If the little one is timid I ask the mother to sit near him, otherwise I ask her to occupy a chair near the camera and talk to the child ... I find it best if the mother is quietly seated and sometimes to remove her hat, that the small child may see his mother's smiling face instead of a gaily trimmed hat the child is not accustomed to see at home.... Needless to say that a rapid lens and plate are essential...." Herman died at Winter Park on February 21, 1930, and Margaret died on March 28, 1939.

Herman H. Siewert provided his patrons with a six by four inch eight page booklet containing this information:

**THE STUDIO** – LOCATED ON THE PRINCIPAL THOROUGHFARE OF THE CITY, WHERE BUSINESS AND RESIDENCE SECTION JOIN. CONSTRUCTED FOR AND DEVOTED TO PHOTOGRAPHIC PURPOSES ONLY. EQUIPPED WITH MODERN INSTRUMENTS AND APPLIANCES AND EXECUTING THE HIGHEST GRADE OF WORK.

**Some Suggestions for Photographic Sitters** – Recent advances in photography have been rapid and far-reaching, and the best work of today is vastly superior to that of a few years since. It is my constant aim and purpose to keep fully abreast of the times and in touch with all the newest and best methods as they are developed. I sincerely hope that the few simple suggestions which follow may be of some value to those who contemplate having photographs taken.

**A Successful Photograph, How to Obtain It** – It is well to visit the studio before the day of sitting, to look over the new styles, learn the prices, make appointments and get acquainted. See the studio and become a part of it, be at home; then when you come for a sitting, come in the same spirit. Do not worry over what you shall wear or fear the portrait will not be good; attach no importance to it- at least, let it cause you no worry.

**What to Wear** – An artist photographer can so light a gown of any color as to make it beautifully attractive in the photograph, therefore you should wear what is most becoming to you, but do not dress differently from what you usually do. Most shades of red result in black or very dark, also certain shades of yellow. Blue and pink photograph light, while light tints of these colors show white in the completed portrait. A black gown, while stately and in good taste, usually ages the appearance. Light shades make one more youthful. If you are short and stout, a gown with a train or semi-train will, if posed carefully, result in an apparent increase of several inches in height and appearing more slender. If tall and slender, lines of trimming and design of goods should tend toward the horizontal effect with plenty of flounces, taken in a sitting position. A broad face appears broader if the hair is dressed low on the forehead or parted in the center. A short neck should be dressed with a low collar. A draped bust portrait is very acceptable at times. A stranger in the city may not have with her a waist to please. The purchase of a yard of light blue chiffon, the placing of it around the shoulders, allowing but a fold or two to show in the photograph, gives a good result and will never go out of style. Such chiffon may be found in the studio.

**The Use of Make Up** – Never powder the face, neck or arms, unless at operator's request. Powdering results in false lights and a detriment to artistic results.

**For Men** – Dark clothing is usually preferred, although light colored business suits for half or three-quarter figures are satisfactory; the necktie and collar should not differ from those usually worn. The age of material in garment makes no difference, it only being necessary that fit and style are correct. The best portraits of men have been those made without advance thought or preparation.

**When in the Skylight Room** - The secret of a good pose is the absence of conscious desire to get a good picture, the ability to be plastic and passive in the hand of the operator, and to retain for a time any pose assumed. Never tell the operator, "I am a poor subject," don't tell which way you had such a good picture made. It indicates lack of confidence in his ability to properly photograph you. The sculptor makes from a piece of clay a beautiful thing; the clay is inanimate, cannot speak or move and but one mind is in the work. Don't try to prepare an expression at the moment of exposure. Listen to what the operator says and don't worry about your eyes, hands or clothing, be plastic; do not try to aid in the least in any part of the process, and your portrait cannot help being a success.

**The Little Ones** – Photographs of the children should be made when they feel best. Do not tire them out in getting ready; bring them feeling bright and fresh. Mothers or nurses only should accompany the little ones into skylight room, which will insure most pleasing results.

**When to Come** – A bright day is not necessary; in fact, the light is best when sky is partly cloudy. In spring, summer and early autumn, one hour of the day is practically as good as another, and any hour from nine until five o'clock will give satisfactory results. During winter, however, the matter deserves some attention. If the day seems actually dark, come as near the noon hour as convenient. On average winter days, from nine to two thirty o'clock are good hours, and on bright days, three o'clock is not too late; but one should appoint an early hour for children and groups, especially during the Christmas season.

**Enlargements** – We make large portraits from your small negatives, that are far superior to enlargements copied from a photograph. Ours are direct from life, and cannot be secured from agents. They are beautiful when finished in sepia or water colors, and are not expensive. We carry a fine line of frames, in all sizes.

| Carl Albert Silfven was born at Oulu, Finland, on January 18, 1876, first of the nine children of Juho John Jacob Silfven and Briita Elizabeth (Seppamen) Silfven. He was brought to America in 1877, and became a United States citizen when his father was naturalized while Carl Albert was a minor. He attended the public schools of Hancock and the State Normal School at Spearfish, South Dakota, prior to teaching school in Meade County, South Dakota. By this time Carl Albert was a slender man with blue eyes and dark hair. He was then employed as a clerk in Hancock for several years until he accumulated enough capital to buy into the studio of photographer F. C. Haefer in 1904. Anna Lydia Filpus (usually Lydia) was born at Simo in the Finnish region of Lapland on March 8, 1884, ninth of the ten children of Olli Laurinpoika Filpus and Priita Liisa Heikkintytr (Marttila) Filpus. She crossed the ocean with her family in 1894, and she married Carl Albert on September 14, 1904. Their children were born in Hancock: Albert on September 22, 1905, Elizabeth on March 10, 1907, and Ethel on November 16, 1912. "Haefer & Silfven, Hancock & South Range, Mich." was printed on some cabinet sized mounts. Through 1908 the principals of C. A. Silfven & Company were C. Albert Silfven and his uncle Carl A. Silfven. After that, C. Albert seems to have been the sole proprietor of the company. John H. Sandbank was manager of the C. A. Silfven & Company studio at South Range in 1907. "C. A. Silfven & Co., Hancock, L. Linden & S. Range." was printed on some cabinet mounts. The studio was in the Gartner Department Store Block in 1912. "QUINCY HOIST No. 2, HANCOCK, MICH., C. A. SILFVEN, PHOTO." was printed on the negatives of an outstanding set of post card photographs. The 1930 listing was for Charles A. Silfven. Carl Albert Silfven died at Hancock on March 11, 1942. He was born Kaarlo Charles Axsil Silfven at Utajarvi, Finland, on January 12, 1862, fifth of the seven children of Karl Jacob Silven and Mary Ann (Basco) Silven. He immigrated in 1880, and by 1910 he was a naturalized citizen of the United States. Hanna Thekla Mark was born in Norway in 1866, and she married Carl at Calumet on May 29, 1882. Something happened to Hanna, and Carl married again at Hancock on December 4, 1886. His bride was Eva Elizabet Kulvander, who was born in Norway in July of 1866 and was brought to America in 1870. Elizabeth (sometimes Lizzie) gave birth in Michigan to four children: Fred in January of 1892, Flora in April of 1895, Emma in October of 1897, and Helmi in 1900 or early in 1901. Carl was a lay delegate to the organizational meeting of the new Suomi Synod of the Finnish American Evangelical Lutheran congregations in 1890. In 1908 the principals of C. A. Silfven & Company were Carl A. Silfven and his nehow C. Albert Silfven. After that, C. Albert Silfven seems to have been the sole proprietor of the company. Something happened to Elizabeth, and about 1916 Carl married a lady named Hilma who was born in Finland in 1882 or early in 1883 and came to the United States in 1914. Their son Paul was born in Michigan in 1917 or early in 1918. Carl took a steamship in June of 1919 to Port Arthur, Ontario, and he may have worked in Canada for several years. Hilma and Paul were with him in Detroit in 1930, and he died there in 1931.

His father came from Ohio, and Charles was born in Michigan on July 27, 1872. Her father also came from Ohio, and Hattie was born here in December of 1872 to a mother from Pennsylvania. She married Charles in 1899, and their son Robert was born in Three Rivers in 1910. Charles was an active member of the Photographers' Association of America in 1905. Hattie was working in his photograph gallery office in 1910 as a saleswoman. Charles produced a great 8 by 10 interior of the Sheffield Car Company shop on a 12 by 14 inch mount in December of 1909, and he copyrighted a 7½ by 9½ inch photograph of the Elks Temple at Three Rivers in 1911. The Sillimans were living two doors away from the photographer Sherman D. Joy and his family in 1920. Charles and Hattie still were providing a home for Robert in 1930, when he too was working for Kodak as a technician. Charles died in Pinellas County, Florida, on January 9, 1970.

Frank probably worked for the M & M Paper Company in Marinette, but the 3¾ by 4¾ sepia toned prints he put on 5½ by 6½ inch commercial mounts showed both the Michigan and the Wisconsin side of the Menominee River as logs were being sorted and guided into booms or holding pockets near the mills. Frank was born in Michigan to parents from Pennsylvania in December of 1863. Minnie was born in Wisconsin to natives of Wisconsin in April of 1867, and she married Frank about 1887. Their children were born in Wisconsin: Harold in January of 1889, Gertrude in March of 1890, and Marion in April of 1897. The family was living in 1900 at Marinette, where Frank was secretary of a paper mill.

His father emigrated from the Wurttemberg region of Germany and Fred was born in August of 1848 in Logan 1 2  
County, Ohio. He probably was second of the four children of Frederick and Mary Silver. Fred came to Ludington in 1 2  
1871 from Elkhart, Indiana. His was the first photographic business in Ludington, and he was said to have made the 2 3  
first photographs ever produced in Mason County. Elizabeth (Sometimes Libbie) was born in New York State to 3 1  
natives of New York in April of 1854, and she married Fred in 1877 or early in 1878. By 1880 they had adopted Mary, 1  
who was born in Michigan about 1877. "Charles Street" was printed on some of Fred's card photograph mounts, and 1 t  
probably was the location of his gallery before he was burned out in the great fire in June of 1881. He started a new 2  
gallery immediately after the fire, and was again finely equipped for business very soon. Elizabeth gave birth to Myrtle 2 1  
in November of 1882, and to Fred in June of 1886. The elder Fred advertised copying as a specialty during the early 1 m  
1880s, and took stereoscopic views aboard the break-bulk freighter *F. & P. M. No. 1* after she went aground at m t  
Ludington on December 31, 1884. "1885. VIEWS OF LUDINGTON, MICH., AND VICINITY, Fred C. Silver, t  
Photographer and Publisher." headed a list of 48 titles printed on the back of stereographs. "Cor. Ludington Ave. and t  
James St..." was printed on some of his card and cabinet mounts, and "104 Ludington Ave..." was printed on others. t  
By June of 1900 Fred and Elizabeth had adopted Theron, who was born in January of the same year. Fred advertised 1 4  
in 1904: "The Professional Photographer. Best Work in the City. The Latest Up-To-Date Photo Mounts. Family 4  
Groups a Specialty. Our Photos Do Not Fade. All Work Guaranteed. Studio above Snow's Drug Store." Elizabeth was 4 1  
a widow keeping a lodging house at Ludington in 1920, when she was providing a home for Myrtle, Fred and Theron, 1  
who was operating the projector at a moving picture theatre. Elizabeth and Myrtle still were sharing their Ludington 1

in August of 1857, possibly the only child of Purdy and Pansly Silverthorn. Grace was born in Michigan to natives of 1  
Michigan in January of 1863, and she married Addison about 1879. Their children were born in Alcona County: 1

Ernest was born at Harrisville to natives of Michigan on February 27, 1895, last of the five children of Addison and Grace A. Silverthorn. He grew up around the Sturgeon Point Lighthouse, and he became a medium sized man with light blue eyes and dark brown hair. Nora was born in Michigan to natives of Michigan in 1898, and she probably married Ernest just before he joined the armed forces. Their children were born in Michigan: Grace in March of 1918, Ruth in September of 1919, Ernest in 1920 or early in 1921, and Helen in March of 1925. They were living in Detroit in 1920 and in the Detroit suburb of Royal Oak in 1930, and Ernest was employed as a salesman by a local electric company in 1930. It seems that he was somehow maintaining the jewelry business in Harrisville while housing his family and working as a salesman near Detroit. Ernest died in June of 1966 at Tawas City, Michigan.

Charles was one of the seven children of Samuel and Baily Simon. He was born in Russia on May 5, 1880 into a Polish family that spoke Yiddish. Charles was brought to America in 1889, and he became an average sized man with blue eyes and black hair. He advertised nationally in March of 1897: "WANTED - Position in gallery as printer, to finish learning retouching and operating; first-class references furnished, and wages not a consideration. C. Simon, 63 Canal St., Grand Rapids, Mich." Charles seems to have abandoned photography and become his father's partner in the junk yard. Celia was born in Russia in 1884 into a Polish family that spoke Yiddish, and she immigrated in 1897. She married Charles about 1912, and they never had children. He was naturalized a citizen of the United States in 1910. Peter was a motion picture cameraman for the Pathe News in the early 1920s. He married a lady named Bertha some time between 1920 and 1927. Peter was the sole proprietor of this business most of the time, but had Paul Kovack as a partner in 1923 and Lloyd Hammond as a partner in 1927. His father came from New York and Frank was born at Grand Rapids to a mother from Vermont on April 21, 1859, first of the four children of James C. and Eliza L. (Leonard) Simonds. He had five older Simonds half-siblings, but he never lived with any of them. His sister Nellie lived only from 1866 to 1871, and his mother died in 1874 a year or two after giving birth to the twins Jay and May. Jane (later Jennie) L. Higgins was born in Canada on March 17, 1858, probably eighth of the nine children of William and Jane Higgins. She was boarding with the Simonds family in 1880, when she was working as a vest maker. Frank and Jane married in Grand Rapids on July 21, 1881, and their son Chauncey was born in May of 1885. Frank was granted Patent No. 371,223 on October 11, 1887, covering a Machine for Burnishing Photographs. He probably worked with his father from the late 1870s until James died in 1904. Joseph was born in April of 1845 at Waterville, Maine, and began his first photographic job in Boston on June 9, 1862. Coincidentally, Simon Wing was living at Waterville in 1860, and had moved to Boston prior to 1863. The Wing gallery on Jefferson Avenue was established in 1865, and during its last few years was listed in the name of Simonds as often as in the name of Wing. There had been a gallery in this location continuously since 1854, in 18 by 50 feet of floor space divided into several neat and well-furnished rooms. Martha H. French was born in Michigan to parents from New York in June of 1847, third of the nine children of John and Charlotte French. She was the sister of photographers Cassius M., Lester B. and Lucius J. French. Martha married Joseph about 1874, and she gave birth to Ida in October of 1878. By 1880 Joseph was known as The Veteran Tintyper, taking no other kinds of photographic work, and turning out 70 percent of all the tintypes made in Detroit. "WING'S Pocket Portrait. Made only at 149 Jefferson Ave., DETROIT." was printed on the orange card backing, and "SIMONDS' Pocket Portrait. Made only at 149 Jefferson Ave., DETROIT." was printed on the yellow card backing of tintypes encircled by 1½ inch diameter metal rims. Wheeler & Parker of Bay City produced a very similar product. Much of Joseph's identifiable work was in light blue *carte de visite* sized paper sleeves with "Simonds, 149 Jefferson Ave." or "Simonds, 149 Jefferson Ave., Detroit." or "SIMONDS, 214 Woodward Ave." printed below the oval opening for the tintype. Other colors and smaller sleeves 2 5/8 by 2 inches with similar printing were less common. "Old Wing Gallery, 214 Woodward Avenue, Detroit, Michigan. Tin Types. Formerly on Jefferson Avenue." was printed on some of the 5 by 3 inch and *carte de visite* sized paper folders holding Joseph's tintypes from about 1883. Joseph employed his brother-in-law Lester B. French as a photographer in 1878 and 1879, Mary J. Potter as a photo printer in 1879, his sister-in-law Carrie L. French as a clerk in 1880 and 1881, Oscar H. Massnick as a photographer in 1880 and 1882, Thomas McPharlin as a photo operator in 1884 and his brother-in-law Cassius M. French as a photographer in 1887. On September 10, 1885, Joseph filed an application for a patent on a Process of Preparing Paper for Sun Printing, and his Patent No. 347,527 was granted on August 17, 1886. His patented process, as might be expected of an inventor who made only tintypes for so long, produced the paper equivalent of a tintype without employing a negative. In 1892 Joseph Kirsch advertised from 214 Woodward Avenue as the successor to Simonds' Old Reliable Photo & Tintype Gallery. Martha's mother was a member of the Simonds household in 1900. Ida M. Simonds was living with her parents and working as a bookkeeper in 1900 and in 1910.

Harry was somehow free to marry again about 1923. This time he married Marie, who was born in Germany in 1891 and immigrated in 1920. Marie gave birth to Earl about 1924. His parents emigrated from Norway and were among the several Scandinavian families that settled north of Saugatuck. Herman was born in Saugatuck Township on September 13, 1878, fourth of the five children of Simon and Marie H. Simonson and their only son. He became a medium sized man with blue eyes and dark hair. Herman was enumerated twice in the 1900 census, on June 6 with his family in Saugatuck Township, and on June 23 as a day laborer boarding with a couple in the village of Douglas. He pursued photography as a hobby in his youth, and then he attended the Illinois College of Photography at Effingham. Herman returned home to set up a studio in the building on Culver Street which he used as a studio for the rest of his life. Here he did portrait work as well as selling, developing and printing film for amateurs. Besides his Culver Street studio, he erected several small shops elsewhere in Saugatuck to cash in upon local resort business. Two were located near the ferry on either side of the Kalamazoo River, and another was on the corner of Water and Mason Streets. For a few seasons Herman owned another shop at Glenn, ten miles south of Saugatuck, managed by his brother-in-law, Ernest Crow. On the days when bathing in Lake Michigan at the mouth of the river was most popular, he commonly sent assistants there to photograph the bathers. He owned a succession of donkeys, each in turn named Dynamite, upon which these customers were often posed. "Simonson-Olson Studio, Saugatuck, Mich." was printed on the post card backs of views of Mackinac Island as well as views of Saugatuck and vicinity. "Simonson Studio, Saugatuck, Mich." was similarly printed on the backs of local scenes. Herman advertised in 1913: "Portraits, Kodaks, Post Cards, etc.; also proprietor of Ravens Rest Saugatuck. Our Postal Portraits are the best. Kodaks to rent. Post Cards of all kinds. Bring us your Kodak Films." Another post card photographer caught two Simonson cameras set up on the beach with the photographers sprawled on the sand far from their cameras. Erma and Ernest Crow were twins born in Michigan in January of 1884, two of the seven children of John C. and Sarah E. Crow. Erma married Herman about 1909, and she gave birth to Stan in 1916 and to Carlton in 1921. Herman was a widower by 1930. After he died in 1951, the photography business was carried on for a time by his younger son, Carlton Simonson.

He played football at Oberlin under coach John Heisman, and graduated in 1896. He then traveled for a New York firm and visited many towns in Ohio and Michigan. He and Miss Ada B. For the next 35 years he operated independently, selling some stereo negatives to the Keystone View Company and publishing boxed sets of stereographs marked "Lynn Skeels, Ravenna, Ohio." The latter included a boxed set of 100 views taken in 1924 of races at Grosse Pointe and the Bloomfield Open Hunt. His personal views included 22 of Indian River, Petoskey, Traverse City, the Straits of Mackinac, Harbor Springs, Sturgeon Bay and Little Traverse bay taken in the mid 1930s. His father came from Vermont and Lucius was born to a mother from Massachusetts in Novi Township, Michigan, on August 31, 1844, fifth of the seven children of Harvey and Mary A. (Fuller) Skinner. He grew up on the family farm and was six feet tall with a light complexion, light eyes and light hair when he enlisted as a private in Company G of the Second Michigan Infantry at Detroit on May 1, 1861. The regiment saw its heaviest action in July of 1861 at Bull Run, Virginia, in April and May of 1862 at Yorktown, in August of 1862 back at Bull Run, in December of 1862 at Fredericksburg, Virginia, in June and July of 1863 at Vicksburg and Jackson, Mississippi, and in October and November of 1863 at Knoxville and elsewhere in Tennessee. Lucius was discharged in the spring of 1864, spent a few months at home, and then enlisted as a private in Company C of the 30th Michigan Infantry at Detroit on November 28, 1864. Companies of this regiment were stationed at various places along the Detroit and St. Clair Rivers, took part in no fighting, but performed their assigned duties thoroughly and well. Lucius was discharged at Jackson, Michigan, on June 17, 1865. Her father came from New York and Ida G. Cornell was born in Michigan on June 24, 1853, first of the three children of George J. and Cornelia D. Cornell. Ida married Lucius at Rochester, Michigan, on November 26, 1871, and they lived at Orion and at Gaines before moving to Laingsburg in 1877. Ernest A. Skinner, their only child, was born at Orion on April 28, 1875. Lucius seems to have traveled over Michigan, probably as a photographer, between 1870 and 1880. He was succeeded as Laingsburg's photographer by his wife. He received a Civil War Veteran's Pension from some time before 1907 until his death at Santa Monica, California, on June 4, 1935.

His father came from New York and Nathan was born in Indiana to a mother from New Jersey in 1844 or 1845, sixth of the nine children of Joseph C. and Tizzah Skinner. His father made boots and shoes in Indiana, but he farmed in Iowa. Her father emigrated from Canada and Mary was born in Michigan about 1851 to a mother from New York. Mary married Nathan about 1871, and she gave birth to their daughter Jessie in 1872 or early in 1873. Nathan advertised in the fall of 1870: "Pictures at 25 cents a dozen ... Ambrotypes, Ferrotypes and Photographs in every style at the New Gallery over Gladding's Store. Come to Skinner for Cheap Pictures, for Good Pictures, for Small Pictures, for Large Pictures, for Pictures of every kind except poor pictures." At Quincy in 1874 he was prepared to do first class work at the lowest prices. Enlarging old pictures was a specialty of his in Paw Paw, Quincy, Reading and White Pigeon. He produced stereoscopic views of Reading. Some card and cabinet imprints place his White Pigeon gallery on Kalamazoo Street. He posed the students and faculty of White Pigeon High School against the side of the building for a cabinet photograph.

He was born David Skolnikaw into a Yiddish-speaking family at Cherkoss near Kiev in Russia on August 6, 1884, the son of Joseph and Sarah (Green) Skolnick. By the time he immigrated he was a five foot three inch slender man with brown eyes and dark brown hair. He left Liverpool, England, on S. S. Carpathia on July 26 and arrived at New York on August 5, 1904. David reentered the United States at Port Huron in August of 1909 on his way from Montreal to Chicago, and he still was single in 1910. By 1918 he had been married and divorced, and he was a naturalized citizen of the United States. The surname was spelled Shkolnick on his citizenship papers. Rose was born into a Yiddish-speaking family in Poland on March 5, 1898, the daughter of Alex Z. and Beckie (Wolfe) Snider, and she came to America in 1915. She and David went from Detroit up to Toronto, Ontario, to be married on February 10, 1918. Rose gave birth in Canada to Esther in 1919 or early in 1920. Their other children were born in Michigan: Evelyn in 1920 or early in 1921, and Eli four years later. "D. SKOLNICK STUDIO, 5032 HASTINGS ST., DETROIT" was printed on the post card backs of studio portraits. David probably was employing a Serbian immigrant named Jim Bulich as a photographer in 1930. David and Rose had moved by 1962 to California, where they used the surname Shkolnick. Rose died at Los Angeles on April 24, 1966, and David died there on April 14, 1972.

Jacob was born into a Yiddish-speaking family in the Ukrainian section of Russia on November 26, 1879. He became a short slender man with brown eyes and dark hair. Rachel was born into a Yiddish-speaking family in Russia in 1886 or early in 1887, and she married Jacob there about 1908. Their children were born in Russia: Jennie about 1909, Riva about 1911, and Morris about 1912. The children also grew up speaking Yiddish. Jake immigrated in 1914, and in 1918 his nearest relative was listed as a woman named Rosa living at the same address. A 35-year-old woman named Rose was enumerated as his wife in 1920, but then crossed out on the census sheet before any more information was added. Rachel and Morris joined Jacob in Detroit in 1926, and the two girls followed in 1927. By 1930 Jacob had become a naturalized citizen of the United States. He and Rachel were living in the Detroit suburb of Oak Park in 1963 when Jacob died on August 23. He was survived by his wife and children, four brothers, six grandchildren and one great-grandchild.

| Allen was born in New York State about 1835, first of the five or more children of Moses and Mary Ann (Rounds) Skutt. Her father came from New York and Eliza was born in Michigan about 1838. She married Allen about 1860, and their son Frederick was born in Michigan in 1861 or early in 1862. Allen began his photographic career at Hudson, probably with photographer David H. Spencer. After serving his apprenticeship there, he was employed in different places for some time before going to work for James F. Ryder. Allen was one of the first in this country to practice negative retouching. Great excitement greeted the exhibition of his work at the second annual convention of the National Photographic Association, held at Cleveland in 1870. He was among those who introduced the stippled effect which became popular in the earlier days of retouching, and was a skilled chemist who contributed to the development of the dry plate. Allen's later years were devoted exclusively to commercial photography. Allen and Eliza were providing a home in 1870 and 1880 for his father, Moses Skutt, and in 1892 for his mother, Mary Ann Skutt. Allen died of paralysis at Jamestown on December 17, 1895. |           | 1<br>1<br>1 2<br>m 2<br>2<br>2<br>2<br>2<br>2 1<br>1 4<br>2 |

He had three half-brothers: Eugene Bailes, Allen Bailes, and John Dennison. Luella (later Lou) C. Their children were born in Michigan: Donald (later Boyd) in August of 1899, Wadena in 1903 or early in 1904, and Elwell a year later. In 1909 Wade was traveling for the W. K. Schmidt Company, the same photo supply firm for which he clerked in the 1890s. Donald, Wadena and Elwell accompanied their parents to Montana. Wade and Lou were sharing their home in 1930 with her widowed mother. Wade died at Redmond on May 15, 1967.

She was born Sarah May Patterson in New York State in May of 1871, last of the four children of John and Harriet (Decker) Patterson. Benjamin F. Sleeper was born in New York State in April of 1866, and he married May in 1890. Two children were born in Michigan: their son Lotus in March of 1891, and their daughter Lola in December of 1899. Something happened to this marriage and May married again. August H. Rehil was born in Canada to a German mother in 1877, came to the United States in 1888, and married a Canadian girl named Laurina about 1901. Their daughters were born in Michigan: Beatrice in 1902, Hazel in 1908, and Ruth in 1912. Laurina's death seems to have been associated with the birth of Ruth. August and May probably were married in 1913, and they were living at 129 Congress Street in Ypsilanti in 1914 and in 1916. They apparently separated by 1917, when Beatrice Rehil was keeping house for her father. The Whittier nurse was identified as the widow S. May Sleeper in 1920. She died as Sarah May Sleeper in Kern County, California, on August 21, 1944.

He was called Eddie as a child, and his father was successively identified as a manufacturer of carriages and wagons, a manufacturer of organs, and a carpenter. "**Slocum & Stirling**, FREMONT AND HESPERIA, MICH." was printed below the image on some cabinet mounts. Oliver Slocum was born to parents from New York in December of 1871 in Newaygo County, Michigan, last of the three children of Sylvanus K. and Jane A. Slocum. Her father emigrated from Canada and Ida Lampman was born in Michigan to a mother from Ohio in 1876 or early in 1877, second of the three or more children of Amos and Almira Lampman. Ida married Oliver about 1892, and their children were born in Denver Township of Newaygo County: Essa in January of 1894, Harold in July of 1895, Floyd about 1898, and Rosie about 1901. In 1900 he was living and working as a day laborer in or near Hesperia. By 1910 he had moved to Cadillac and was a widower raising his four children and working in a lumber mill. There were many Slocums in Denver Township near Hesperia about 1895, but Oliver seems to be the most likely to have been the photographer.

Fred was born at Barnstable in Devon County, England, on October 31, 1869, the son of Mr. and Mrs. Robert Sloman. He immigrated in 1888, came directly to Dundee, and was naturalized a citizen of the United States in the Monroe County Circuit Court on November 2, 1896. Her father emigrated from England as a boy, and Nettie was born in Michigan in May of 1873 to John Alford Pocklington and Emaline (Cheever) Pocklington. She married Fred about 1897, and they never had children. They were living with her parents in 1900, when both Fred and his father-in-law were identified as hotel keepers. Fred visited his relatives in England during July and August of 1900. "FRED SLOMAN – DUNDEE, MICH." was printed on the post card backs of photographs with "DUNDEE, MICH." or "POINT LOOKOUT '09" lettered on or scribed into their negatives. These photos included street scenes at Dundee and many different views of Point Lookout, a resort up in Arenac County. Some were missing either the printing or the negative lettering. Those mailed all seemed to have been postmarked during the summer of 1909. Elizabeth and William Sloman were born in England to English parents between 1898 and 1900. They were living in Monroe in 1920 as the children of Fred and Nettie Sloman. Fred went alone to visit his relatives in England in the summer of 1921. He and Nettie were divorced by 1930. Walter was born in Fenton Township to parents from New York in 1857 or early in 1858, the elder son of Isaac and Phila S. Sluyter. "Sluyter Bros., Gaines, Linden, Milford, Mich." was printed on some cabinet mounts, while "Sluyter Bros., Milford, Linden and Gaines." was printed on others. Edgar W. Sluyter was the other brother. Her father emigrated from England and Leafie J. (sometimes Eva) Cross was born in Michigan in 1872. She married Walter at Fenton on April 7, 1892, and their daughter Gladys Jewell Sluyter was born in Michigan on March 19, 1896. Walter was responsible for twelve pages of the 1900 Federal Census of Fenton Township, but he and his family were not to be found. Walter died in Fenton Township in 1929, and Leafie lived on there until 1944.

Fowler PHOTOGRAPHER ..... ca 1890 t

Nineteen-year-old Jacob H. Smale and Twenty three-year-old William Smale were hired hands on neighboring farms in Lebanon Township a few miles north of Fowler in 1880. Jacob was born in Pennsylvania to John and Elizabeth Smale, and William may have been his brother though there is a discrepancy in his reported age. By 1900 Jacob was back in Pennsylvania working as a painter and paper hanger with a wife and two sons, and no record of William was found. Jacob seems more likely to have been the photographer. 1 1 1 1 1

Emerson was born in Richfield, Ohio, on January 8, 1836, third of the six known children of John and Alvira Smart. 2 1  
He matured as a five foot six and a half inch man with a light complexion, dark eyes and dark hair that later turned gray. Girard Township is three miles southeast of Burlington, and four miles east of Union City. Emerson enlisted at Camp Downey, California, in Company F of the First California Infantry on August 16, 1861. He was mustered into the United States Army as a private on August 30, 1861. He was on detached duty from his regiment at Gila Bend in the Arizona Territory during May and June of 1862. By May of 1863 Emerson had been promoted to corporal, and in August of 1863 he was again on detached duty at Salado in the New Mexico Territory. Emerson was stationed at Fort Whipple in Arizona for several months prior to being mustered out of the army at the expiration of his term of service with his company at Los Pinos, New Mexico Territory, on August 31, 1864. He seems to have been single and working at an army ordinance depot in 1870, but was enumerated as a widower living by himself in 1880, 1900 and 1910. Emerson was receiving a veteran pension of thirty dollars per month at the time of his death in Socorro on May 14, 1914. 2 2 4 2 2 3 3 2 2 5 5 2 1 1 2 2

He became a slender man with blue eyes and black hair. Her parents emigrated from Germany, and Henrietta was born in Pennsylvania in 1887 or 1888. She married Fred when they both were sixteen years old, and they never had children. Fred probably was employing James Gabel as a photographer in 1920. In 1924 the Photo Service Shop offered Kodaks and supplies as well as wholesale and retail Kodak finishing. They advertised in 1926: "Shop at the Photo and Gift Shop. Barbara Eliza Hatmaker was born to natives of New York in February of 1855 at Johnstown, New York, the elder daughter of Manassa and Anna Maria (Getman) Hatmaker. Her sister Frances was three years younger. Barbara married Clarence H. Smith at Gloversville, New York, on November 28, 1876. Their son George was born in New York State in August of 1879 and died as a child. Barbara gave birth in New York State to Georgiana (later Georgia) Smith in August of 1880, and in Detroit to Grace Edith Smith on February 22, 1883. When Clarence went into the bicycle business in 1888, Barbara seems to have taken over the photograph gallery for a while. She did this again in 1899, when Clarence became a traveling agent. At this time she employed David G. Cook as a photographer. In 1908 Barbara accompanied Clarence to Europe and took along their daughter Georgia. Coming back they left Dover on July 25 on S. S. Vaderland and landed at New York on August 4, 1908. Clarence and Barbara made a similar trip three years later, when they returned from Dover on S. S. Vaderland and reached New York on August 29, 1911. Barbara was a widow by 1930, when she was living with the family of her daughter Grace and her husband, Willard J. Clarence was born at Gouverneur, New York, on January 17, 1856, third of the four children of Clark B. and Amelia Smith. His father was a wagon maker and later a wagon manufacturer, and Clarence became a five foot eight inch man with black eyes and dark hair. Barbara E. Hatmaker was born in February of 1855 at Johnstown, New York, the elder daughter of Manassa and Anna Maria (Getman) Hatmaker. She married Clarence H. Smith at Gloversville, New York, on November 28, 1876. They moved to Detroit in 1877, and their only son died as a child. Barbara returned to New York to give birth in New York State to Georgia in August of 1880, and she gave birth in Detroit to Grace in February of 1883. "SMITH, 153 Woodward Avenue, Detroit." was printed on many cabinet mounts, including one with a photograph of a crowd around the Soldiers' and Sailors' Monument in downtown Detroit. He produced stereoscopic views of Detroit. Some of his employees in the 1880s were: Burton J. Holcombe, photographer in 1882 and 1883; Arthur C. Burnham, photographer in 1883; his sister-in-law Miss Frances C. Hatmaker, photo printer in 1883 and 1885 and clerk in 1884; David D. Story, photographer in 1884; Charles Pelton, photographer in 1884 and 1886 and photo printer in 1885; and Herman Miller, photographer in 1885. Clarence was a charter member of the Detroit Bicycle Club. The annual convention of the Photographers' Association of America was held at Cincinnati in August of 1884, and "Two Detroit photographers, Mr. B. J. Holcombe and Mr. C. H. Smith, made the journey of about 260 miles ... to Cincinnati on their bicycles, in three days. Part of the route they found picturesque but quite hilly. Their return trip was mapped out by a different route from the one traversed to the convention. These gentlemen gave some clever exhibitions in front of the Music Hall of fancy riding..." When Clarence went into the bicycle business in 1888, Barbara seems to have taken over the photograph gallery for a while, so she is profiled above. Smith & Davis employed Andrew Rentschler as a retoucher in 1890 and as a photo operator in 1891. Clarence's employees in the 1890s included: James L. Ruddon, photographer from 1891 through 1894 and photo printer in 1895; Charles C. Shemild, possibly an apprentice in 1894, photo printer in 1895 and retoucher in 1896; W. Ernest Shemild, retoucher in 1895; Frank W. Smith, photographer in 1895 and 1896; John A. Henk, photo printer in 1896; Chester W. Peddie, photo printer in 1896; and Julia Sheridan, retoucher in 1896. Cyrus H. Smith was listed as the proprietor of the gallery at 220 and 222 Woodward Avenue in 1893, with the same home address as Clarence. When the Michigan Photographers' Association was organized on January 15, 1895, Clarence was elected first vice president of the association. Clarence obtained a passport in June of 1895, when he was planning an extensive tour of Europe. His return voyage was from Rotterdam on S. S. Spaarndam, and he reached New York City on September 28, 1896. "Smith Makes Your Photo..." was printed on several types of cabinet mount from 220 and 222 Woodward Avenue in the later 1890s. Mrs. Clarence H. Smith succeeded her husband as photographer at 222 Woodward Avenue in 1899, while he traveled as a representative of the Nepara Chemical Company. As such he made a photograph of those attending a convention of Indiana photographers, and within a few hours presented each of the more than one hundred attendees with a finished Velox print. Clarence visited Europe again by himself in 1907, returning from Antwerp in ten days on S. S. Kroonland and arriving at New York on August Sixth. In 1908 he was accompanied to Europe by his wife and their daughter Georgia. Coming back they left Dover on July 25 on S. S. Vaderland and landed at New York on August 4, 1908. Clarence and Barbara made a similar trip three years later, when they returned from Dover on S. S. Vaderland and reached New York on August 29, 1911. Clarence died prior to 1930. The Clarence H. Smith that served in the 153rd New York Infantry during the Civil War was not the photographer.

Daniel was born in March of 1838 to an English mother in New York State, first of the three children of Seth and Hannah Smith. He grew up on the family farm, though by 1860 his family had moved to Detroit. Mary was born in Ireland in 1837 or 1838, and she married Daniel about 1860. Their daughter Lulu was born in Michigan in 1861 or early in 1862, their son Lincoln was born in New York in 1864 or early in 1865, and their other children were born in Michigan: Sarah (later Jessie) in 1867 or early in 1868, and Jay (later Harry) three years later. Daniel was a principal of the grocery firm Seth Smith & Son in 1863. He had added dry goods to his stock by 1878, and soon began calling his business a general store. It was noted in the fall of 1884 that Daniel, who had been a knight of the camera twenty years previously and had since done well financially in the provision business, was opening a gallery at the corner of Woodward and Grand River Avenues. He had engaged Lyman G. Bigelow to attend to the posing and lighting, and his price for cabinets was ten dollars per dozen. Daniel employed his son Lincoln E. Smith as an artist in 1886 and as a photographer in 1887 and 1888, and Judson S. Tunison as a photo printer in 1888. "Semper Fidelis...." was printed on many of his cabinet mounts. Something happened to Mary, and about 1896 Daniel married Mrs. Anna E. Southwick. Her father came from New York and Anna was born in Michigan to a mother from Pennsylvania in May of 1838. She had four children, and two of her adult sons along with Daniel's son Harry of about the same age were members of the Smith household in 1900.

His parents, Frederick and Barbara (Zantner) Smith, emigrated from Denmark and Prussia, and Dan was born at Canton, Ohio, on February 11, 1843. He worked at building carriages in 1859 at Cincinnati, Ohio, and later in Indiana and Michigan. He also worked at ornamental painting, at the machinist's trade, and in the manufacture of sewing machines before taking up photography in 1871. He opened a gallery at Saginaw City in 1878, but only stayed a short time. In May of 1879 Dan opened his gallery in the Nathan Block on Hamilton Street in Saginaw City, and from there late in 1881 advertised: "... Panel, Cabinet and Ink Portraits a Specialty." He attended the inaugural convention of the Photographers' Association of America at Chicago in August of 1880, and was on the first published membership list of the PA of A in May of 1881. He employed his brother, William L. Smith, as a photographer from 1880 through 1882, and employed Levi H. Cupp as a photographic printer in 1883. When Dan went to Romeo to form his partnership with James Palmer, he was succeeded in Saginaw by his wife. By 1886 William T. Doole had taken over the Saginaw gallery, and was offering to provide duplicates from Dan's old negatives. Dan was proprietor of the Metropolitan Art Gallery at Lansing, and probably was succeeded there by Howell & Reilay. His cabinet photos from 116 North Hamilton Street included outdoor scenes.

Her father came from Pennsylvania and Gennie was born in Ohio to a mother from Connecticut in 1853 or early in 1854. She was married to Daniel by 1880, and does not seem to have had any children. She advertised in May of 1882 in a regional newspaper edited at Mount Pleasant: "Mrs. Dan W. Smith makes fine portrait paintings in India ink and water color, from a small tintype to life-size; work first class...." She succeeded her husband in the Hamilton Street gallery, and was in turn succeeded by William T. Doole.

Edward was born in Ontario on August 1, 1882, first of the four children of Charles and Annie Smith. He became a tall man with blue eyes and red hair, and he immigrated with his family in 1906. Edward's young brother John took up photography first, they both were working as photographers from their home in 1918, and they were photographic partners for more than three decades. Minerva was born in Michigan to Canadian parents in 1883 or early in 1884. She married Edward about 1916, and they never had children. Edward had formally declared his intention of qualifying for United States citizenship by 1918, and was naturalized by 1930. Edward and John succeeded Harold W. Brooks in the Arcadia Building with the same emphasis upon commercial photography. Davis B. Hillmer, who had been working for Brooks as a photographer, stayed with the Smith Brothers for a couple of years. In 1927 Edward was a member of the Commercial Photographers Association of Detroit. Edward and Minerva still were living on Newberry Street in 1930, when Edward's widowed mother was living in an apartment on the second floor of their home.

Elmer was born in Detroit to parents from New York on November 20, 1854, the younger child of Nathan and Helen (later Antoinette) Smith, and he soon moved with his parents to Adrian where he attended the local schools. His brother Alford was born in 1843 or early in 1844 and died between 1860 and 1870. No evidence has been found to indicate that he was a casualty of the Civil War. Inspired by his mother's love for flowers, Elmer and his father started the floral greenhouse business in 1876. Carrie Lee Bailey was born in Michigan to parents from New York in June of 1866, eldest of the three daughters of Hiram and Ellen Bailey. Her family was living at Adrian in 1880, but had moved to Jackson by the time she married Elmer on November 30, 1886. Elmer began to concentrate upon the development of chrysanthemums in 1888. He abandoned retail business after the death of his father in 1907. Elmer bred 665 varieties of chrysanthemums, including 22 hybridized and developed in the last year of his life. He became known world wide as the Chrysanthemum King, and received many honors. College buildings were named for him and honorary degrees were conferred upon him. Elmer D. Smith & Company promoted their chrysanthemum business with post cards featuring a black and white photograph of a particular flower on the front and a printed description of it on the back. The Lenawee County Historical Society has over 500 glass negatives produced by Elmer of different varieties of chrysanthemums. He sold the business in March of 1939, but remained active. On November 9, 1939, he was at Indianapolis for a chrysanthemum convention when he had a heart attack and died before he could deliver one of the principal speeches. Since they never had children Carrie was his only survivor, and burial was in Adrian's Oakwood Cemetery.

Eston was born in Michigan to parents from Ohio on May 26, 1879, the younger son of the blacksmith William Smith and his wife Elizabeth. His brother Byron was born in November of 1872. Eston became a tall slender man with gray eyes and brown hair. A report that he would be succeeding George W. Wood as the conductor of the Wood Photograph Gallery at Portland with the assistance of Hugh Derby was published in the fall of 1898. Hugh Derby continued as a Portland photographer until 1910. Eston was living with his parents in 1900 next door to the home in which photographer Frank B. Rhodes boarded. Iva Gene Young was born in Michigan to parents from New York in March of 1880, last of the five children of David H. and Mary A. Young. She married Eston about 1906 and their daughters were born in Michigan: Kathleen in 1907, and Madaleen in January of 1909. In 1910 and later records Eston was identified as William Eston Smith. Madaleen still was living with her parents in 1930.

Francis was born in Michigan to parents from New York in August of 1841, Mary was born in Pennsylvania in February of 1842, and they married about 1860. Of their two children only Charles, born in 1867, survived to maturity. Francis advertised at the end of May in 1882: "PHOTOGRAPHY. The undersigned has located in Mt. Pleasant, and is prepared to do all kinds of PHOTOGRAPHING in first-class style. We use the INSTANTANEOUS PLATES, particularly adapted to children and nervous people. Satisfaction guaranteed. Room on Main Street, South of Broadway. F. M. SMITH." The gallery was at the south-east end of Main Street. Three months later the editor reported that "F. M. Smith ... has taken some excellent photographs of our residence and also of Myron Nott's. He has taken them for framing and for stereoscopic views. Anyone desiring anything in his line will do well to call on Mr. Smith, as he has given entire satisfaction in our case." Ellsworth & Smith bought out the photograph business of John H. Freney in April of 1883. In June they were offering to take butter and eggs and all kinds of farm produce in exchange for pictures. Henry Ellsworth had a little previous photographic experience, and he continued as a Mount Pleasant photographer for a few months after succeeding Ellsworth & Smith. At the Isabella County Fair in October of 1883, Smith & Schueller exhibited fine photographic and India ink work executed at their gallery. Frederick Schueller was a Mount Pleasant photographer for a few months prior to his association with Francis, and then for a couple of years afterwards. During December of 1884, patrons were urged to come to the Smith gallery even if it was cloudy for Christmas photographs or to order a fine crayon portrait. Francis was selling his best cabinets for only \$2.00 per dozen mounted on fine cards in December of 1887. About 1890, "F. M. SMITH, Artist, Copying and Enlarging in all Styles. Mt. Pleasant, Mich." was printed on some cabinet mounts. The opening of the gallery at Shepherd was reported in the summer of 1900. Francis advertised in April of 1903: "**Photo's** - When you want Fine Work at the Right Prices you should call on **SMITH**, The Pioneer Photographer. Work promptly and neatly done. Latest styles and fancies. **F. M. Smith**, West Broadway." The Smith's son Charlie was a railroad brakeman, and was killed in an accident during September of 1904. Francis advertised from Mount Pleasant early in December of 1906: "PHOTOGRAPHS. I do not claim the earth, or that I am superior in the art of photography. I do claim that I can give you the best value in Photos; that I have a fine line of cards and folders, that I can make you a dozen fine photos for Xmas at a small cost, that I make the best cabinet for \$2 in the city, that you can have any number you want, one or more, that I make post cards in a variety of styles. I invite inspection. SMITH'S photo place, West Broadway." Francis produced stereo views, including one entitled "Wreck on the A.A.R.R., Mt. Pleasant, 9-17-1908." Following the death of his wife, Francis moved from Mount Pleasant to the home of his sister at Grand Rapids. He was over 70 years old when he died there on March 16, 1914. His remains were brought to Mount Pleasant where a Masonic service was held at the grave.

Frank was born in New York State to natives of New York in 1856, the younger child of Lucius J. and Sarah M. Smith. His sister Emma was born in July of 1841. They grew up on the family farm, which Emma took over following the death of their parents. Her father emigrated from Ireland, and Eva Hogg was born in Canada in January of 1872. One source states that she married Frank two years before she immigrated to the United States in 1897. The 1896 listing and the 1900 enumeration were for W. Frank Smith. Something happened to Eva after she gave birth to Lucius C. Smith about 1902, so she was not with Frank and his son in 1910 when they were living on the farm of his sister Emma. At this time Frank's studio probably was in Watertown, the main city in Jefferson County. Evelyn was born in Canada to Canadian parents about 1865, immigrated in 1906, and married Frank in 1912. By 1920 Lucius was in his senior year of high school while living with Frank and Evelyn. Burton J. Holcombe also was a member of their household, and probably was Frank's photographic partner. Note that Burton was a Detroit photographer from 1882 until 1897 and once worked for Clarence H. Smith.

His father emigrated from England and Henry was born in Michigan in 1876, last of the four children of James and Emma A. Smith. Catherine was born in Michigan to parents from Ohio about 1879, and she married Henry in 1901 or early in 1902. Their daughter Harriet was born in Traverse City in 1904. "Smith & Price, Traverse City." was printed or blind stamped on a variety of shapes of the black portrait mounts which supplanted cabinet mounts, as well as on the 11 by 14 inch mounts of photographs of men around huge loads of logs on horse drawn sleighs in 1901 and a similarly mounted photograph of the interior of a musical instrument shop. In reporting that Smith & Price had installed a single slant skylight 10 feet four inches wide by 20 feet high, of ground glass throughout, a photographic journal commented that the height seemed excessive. Henry was an active member of the Photographers' Association of America in 1905. Smith & Price advertised in 1908: "We make everything of the finest in PHOTOGRAPHS. Our name on your photos is a guarantee of pose, tone, quality, finish and price...." Something happened to Catherine and Henry married again about 1925. His bride was Beatrice, who was born in Michigan to parents from Czechoslovakia in 1897 or early in 1898.

His father came from New Jersey and Isaac was born in Canada East (later Quebec) to a mother from New York in 1828 or early in 1829. Sarah was born in Canada East to natives of Canada ten years later, and she probably became Isaac's second wife. His daughter Agnes was born in Canada East about 1853, and his daughter Emma (later Minnie) was born in Canada West (later Ontario) two years later. Sarah undoubtedly gave birth in Canada West to Herbert in 1861 or early in 1862 and to Abigail two years later, and in Michigan to Eliza in 1866 or early in 1867 and to I. D. five years later. Isaac advertised in 1873: "Photographs and Pictures taken in all kinds of weather, and satisfaction guaranteed." He was awarded the First Premium of \$2.00 for the collection of photographs he exhibited at the St. Joseph County Fair in October of 1881, and received a similar award in October of 1882. He was known as James as a youth, and then as J. Clifford or just Clifford most of his adult life. All of his grandparents came from New York and his parents were born in Michigan. He was born at North Adams on October 18, 1887, first of the three children of James S. and Louella Smith. His sisters also were born in Michigan: Leta in December of 1890, and Genevieve in December of 1893. Clifford became a tall slender man with blue eyes and dark hair, and he probably was attending Albion College much of the the period that he was active as a post card photographer. "SMITH" or "J. C. SMITH" along with brief captions was lettered on the negatives of post card photographs of business streets, the high school, scenes during a flood in March of 1908, fraternity houses, and scenes on the Albion College campus associated with graduation and with a state Epworth League Convention in June of 1909. Many of these cards were postmarked between 1906 and 1908. "SMITH" was also lettered on the negatives of several postal views of Marengo, four miles west of Albion, some of which were combined into a multiview card. t 3  
"HIGH SCHOOL, BROOKLYN, MICH. PHOTO BY SMITH, ALBION, MICH." was lettered on another postal negative. Brooklyn is about thirty miles east southeast of Albion. "SMITH - '08 - MUDGE" was lettered on some of the same negatives of the flood in March of 1908 that were used by Smith. "SMITH - MUDGE" or "S + M" was lettered on other postal views of Albion. Clifford married first about 1912, and his son Parker was born in July of 1913. Something happened to his first wife, he was registered as single in 1917, and he married Helen a year later. Helen was born in Michigan to natives of Michigan in 1894, and she was helping to raise Parker in 1920. She gave birth to their daughter Helen about 1921. Jennie and her twin brother Edward J. McDermand were born in Ontario on March 4, 1865. They were the only children of their widowed mother, Mrs. Phoebe Jane (Rohrer) McDormand, who was raising them while working as a weaver at Walsingham in 1871. On May 5, 1872, Phoebe married the widower Isaac Bowers, who had an eight year old son. Their family was enlarged by a daughter about 1874 and a son in July of 1878 before they moved to the United States in 1879. Jennie married a Canadian named Smith about 1887 and their children were born in Michigan: Gladys in June of 1891, and Howard in October of 1896. Jennie was raising her children by herself in 1900, and she was a widow by 1910, when she and Gladys were living next door to photographer Morgan McElligott and his wife. "Go to Jennie E. Smith for a good picture. The Leading Photographer. Your Photo taken right at Jennie E. Smith's." was her local advertising in 1907. Her post card photos were identified with printing on their backs: "Jennie E. Smith, Riverside Studio, Manistee, Mich." on a group of policemen, burning business buildings, and other outdoor scenes; "JENNIE E. SMITH, RIVERSIDE STUDIO, MANISTEE, MICH." or "MRS. JENNIE E. SMITH, PHOTOGRAPHER, MANISTEE, MICH." or "JENNIE E. SMITH, MANISTEE, MICH." on both studio portraits and outdoor scenes. Some of her studio portraits were blind stamped "*Jennie E. Smith*, MANISTEE, MICH." She photographed summer cottages and rustic camp meetings at Onekama and a harvesting scene near Chief for post cards.

Joshua was born on June 23, 1839, at Emden in Hanover, which later became part of the German Empire. He was a five foot four inch farmer with a light complexion, blue eyes and light hair when he enlisted at Springfield, Illinois, as a private in Company A of the 38th Illinois Infantry on July 19, 1861. During the battle of Stone River on December 31, 1862, a musket ball passed through his right hand and he was hospitalized at Nashville, Tennessee. He returned to his company at Murfreesboro, Tennessee, on March 18, 1863. During the battle of Chickamauga his right hand was more severely wounded by another musket ball on September 20, 1863. After treatment in hospitals at Nashville, Tennessee, at Louisville, Kentucky, and at Quincy, Illinois, he was transferred on March 25, 1864, to the 115th Company of the Second Battalion of the Veteran Reserve Corps at Rock Island, Illinois. Joshua was honorably discharged and mustered out of the army at Chicago on August 22, 1864. He and Miss Louisa M. Woollett were married in Chicago on September 19, 1866, and never had any children. Joshua was president of the Photographers' Association of America in 1882. His Michigan residence was in Casco Township of Allegan County, but had a South Haven mailing address. He first applied for a pension in 1879, but did not push his claim until three weeks prior to his death on July 29, 1909. Louisa lived on in the same location, and was receiving a Widow's Pension of \$30.00 per month when she died on February 6, 1927.

Seneca was born in New York State to natives of New York on June 7, 1824, first of the four children of Edward and Jane (Boyce) Smith. Lucy Jane Read was born in Vermont to parents from Connecticut about 1824. She married Seneca at Rochester, New York, on March 17, 1853, and they never had children. Seneca enlisted in the 111th New York Infantry Regiment at Auburn, New York, on September 9, 1862. He was mustered into the United States Army as a Major on August 20, 1862, and was promoted to Lieutenant Colonel on January 2, 1863. Gastric trouble and rheumatism prompted his resignation, and he was honorably discharged at Centreville, Virginia, on April 2, 1863. The Honeoye photographer identified himself as S. B. Smith. Some Marshall *cartes de visite* by Seneca carry two cent revenue stamps. The several gallery addresses above refer to only three separate locations, all on East State Street. The three addresses spanning the years 1867 to 1870 apply to a location in the next block from Robinson's store, and 70 became 192 East State Street in 1893 or 1894 due to a new numbering system. Seneca opened the second gallery on March 9, 1867, in rooms "... built expressly for Photographing and no pains or expense have been spared to render them pleasant and cheerful. The operating room is supplied with a New Style of Sky Light, by which those truly artistic pictures are produced.... Pictures taken as well in cloudy as in clear weather, except for young children, for whom sunshine is preferable...." Stamped on the backs of some of his stereo views was "S. B. SMITH, Photo. Art Studio, 70 State St., Marshall, Mich." and on others was "... Easels, Velvet Goods and Frames." In December of 1880 he offered "Satin, Gold and Ebony Frames for Cabinet Photos. Very Neat with your photo for a Christmas Present. Smith has them." Cabinet imprints of the mid 1880s noted that special attention was given by Seneca to all kinds of portraiture in crayon, ink, oil or water color. An 1885 advertisement read: "There is No Doubt that within the past two or three years Photography has 'come to the front' more rapidly than any other branch of industry. The invention of New Mechanical and Scientific Appliances, together with the invention of an Instantaneous Negative Plate Vender, the technique of PHOTOGRAPHY is about all that can be desired for the production of PERFECT WORK! Availing myself of all new and useful improvements, I promise my patrons much finer as well as larger work than heretofore done. S. B. SMITH." Henry Loomis worked for Seneca as a photographer in 1885. In 1895 all of the portraits in the Marshall issue of *Headlight* were reproduced from photographs by Seneca, who advertised: "SMITH, The Photographer, Makes High Grade AMERICAN ARISTOS from Card Size up to 14 BY 17.... Call and see specimens." As an adult Seneca was five feet three inches tall and weighed 155 pounds. He began drawing a military pension in 1892. His wife still was living in 1900, but Seneca probably was a widower when he moved to Palmyra, where he lived with his nieces. By the spring of 1913 he was so feeble in both mind and body that they were finding it difficult and expensive to care for him. He died on September 26, 1913, at the age of 89.

| His father came from New York, and William was born in Canada West (later Ontario) on January 1, 1823. He came with his parents to Ann Arbor in 1838. William moved to Brighton with Nicholas Sullivan, who established the Courier, and then went along when the paper was moved to Howell, the new county seat. Amanda was born at Batavia, New York, to natives of New York in 1825, fifth of the seven children of John and Ann (Barnes) Plato. She and William were married on October 23, 1847, and their children were born in Michigan: Horace in April of 1856, and Anna in December of 1860. Anna was blind most or all of her life. After conducting businesses of several other types, William was proprietor of a Howell lumber yard from 1874 until he retired in 1892. His wife and son died on the same day, December 29, 1896, and at about this time William was confined to his bed with paralysis. Though he was almost helpless, not even able to turn over in bed, his blind daughter took over his nursing and care as well as all of the housework. She handled the cooking, the washing, the cleaning and all the other chores. Nearly four years later, on August 5, 1900, William died. Anna lived until May 29, 1951. | 2 1<br>1<br>1<br>1<br>1<br>1<br>1<br>1<br>1<br>1<br>1<br>1 |   |

William L. and Daniel W. Smith were sons of Frederick and Barbara (Zantner) Smith, who emigrated from Germany. William was born in Indiana in 1854 or 1855, and took up photography about 1872. He was single in 1880. Late in April of 1883 he opened the gallery over Luster's grocery store on Genesee Street, and filled a case with fine pictures at the foot of the stairs leading to his gallery. He made a specialty in 1884 of Boudoir size photographs, and in 1885 he offered "PHOTOGRAPHS taken by the Instantaneous Process and the Only Ground Skylight in the city, that throws a soft light and does not hurt the eyes...." as well as "... Cabinet Photographs \$3. per Doz." His East Saginaw gallery in 1887 occupied the third floor, 25 feet wide and 125 feet deep, over the Heavenrich shoe store on the northwest corner of Genesee and Cass. He had apparatus for executing natural size photographs directly from life, and made India ink and water color portraits in a most skillful manner. William had four employees at Saginaw City and employed six at East Saginaw, including Levi H. Smith as a photo printer in 1887 and as a plate printer in 1889. In the spring of 1888, William spent weeks in purchasing new furniture and apparatus and in rearranging the rooms of his Genesee Avenue gallery. He opened the 'new' gallery on June 27, when its light was pronounced the most perfect in the city. He made composite cabinet photographs by setting round portraits of young men into the huge front wheel of a high-wheeled bicycle, and he copied and enlarged pictures of every description. He advertised nationally in the summer of 1888: "WANTED - A sober, industrious, A No. 1 Retoucher. Permanent position to good man. Salary \$20 per week. Immediately. Address W. L. SMITH, 305 Genesee Avenue, East Saginaw, Mich." In September of 1889 he bought a nice piece of property on Webster Street on which to have a fine residence built, dispelling rumors that he was planning to leave the city. William utilized representatives to distribute tickets entitling the purchaser to "...One Dozen Cabinets and One Mounted on GALE'S GLASS MOUNT" at a bargain price. The glass mount was covered by patents issued in 1889 and 1890. At the convention of the Photographers' Association of America at Detroit in August of 1895, William was one of the three judges of the photographs which were exhibited. The second annual meeting of the Michigan Photographers' Association was held at Detroit in February of 1897, and there William was awarded the Allen Brothers Prize for the best group of seven inch pictures with five or more figures, and the first prize in Class B, twelve Paris Panels to 13 inches. At the PA of A convention at Celeron-on-Chautauqua, New York, in July of 1897 he was awarded a bronze medal for photographs he exhibited. He served as treasurer of the Michigan Photographers' Association in 1897, and was elected first vice president of the Michigan association in 1898. By 1900 William was married to a lady named Janie who was born in Michigan to parents from New York in March of 1873. William was an active member of the Photographers' Association of America in 1905. Some photo mounts were blind stamped "SMITH, 305 Genesee Ave., Saginaw." and then over-stamped "White and Wilson, Saginaw, Mich."

His father came from Massachusetts and Luman was born at Eaton Rapids on February 4, 1881, fourth of the seven children of Jarius and Mary Jane (Pierce) Snow. He became a slender man with brown eyes and black hair. In a photograph with an undivided post card back of a snow covered business street at Eaton Rapids, "LUMAN, VIEW ARTIST" was lettered in white on a small dark carrying case positioned in the foreground. He sent a post card to a customer in April of 1906, and signed it: "Luman' View Artist." Bertha Elva Rumsey was born in Gratiot County, Michigan, on September 8, 1886, fifth of the seven children of Franklin and Sarah (Anderson) Rumsey. She married Luman at Ithaca on August 28, 1906. Bertha was an accomplished pianist, elocutionist and opera singer, while her husband was mostly known for his "Photos by Luman." Their children were born at Greenville: Gwendolyn on June 12, 1910, and Floyd on February 22, 1912. "LUMAN" or "LUMAN PHOTO" was lettered on or sometimes scribed into the negatives of post card photographs, including several of a railroad wreck at Greenville on March 19, 1908, and views of various Greenville industries, the main street of Dimondale and the dam at St. Louis. Most of those which were mailed were postmarked in 1907 or 1908, but some were mailed in 1910. On other postal photos he used a shield shaped blind stamp with "LUMAN" across the top and "GREENVILLE, MICH." diagonally across the rest of the shield. The "GREENVILLE" could be removed. A 1916 ad read: "Flashlight Photography - Home Portraits - Baby Photos a Specialty. 'LUMAN' Photographer, 325 So. Lafayette St., Greenville, Michigan. - Stevenson Block, Stanton, Mich. View Work, Enlargements, Etc..... Amateur Finishing Done Promptly." Bertha died at Greenville on January 13, 1933, and Luman died at Coldwater, Michigan, on February 4, 1958.

Her father came from New York and Lottie was born in Michigan in July of 1875, the daughter of Mr. and Mrs. Jasper A. Woodworth. She married the photographer Charles W. Chandler about 1891 and their children were born in Michigan: Leora in March of 1895, and Roscoe in April of 1898. Lottie and Charles separated before Charles went to Indiana in 1901 to open a studio at Fort Wayne. By 1902 Lottie was married to Ward H. Snyder and was sole proprietor of the studio which Charles W. Chandler had opened in 1897. She advertised nationally late in 1903: "FOR SALE - Well equipped photo studio, nicely located on main street in town of 30,000 inhabitants; good business; will sell cheap for cash; central part of Michigan. Address L. B. Snyder, 14 Clinton St., Grand Rapids, Mich." Lottie brought her children along into her second marriage, and they both adopted the Snyder surname. Some time in the 1920s Lottie and Ward adopted Arlene, who was born in South Dakota about 1918 to a father from New York and a mother from Michigan. Lottie and Arlene were living at Miami in 1930 when Ward was not to be found, but Ward, Lottie, Roscoe and Arlene were living together in 1935. Lottie died at Miami in 1939.

Russell was born at Brown City to natives of Michigan on June 12, 1889. He and his mother, Mrs. Mary J. Snyder, were living in 1900 with her parents, Robert G. and Margaret J. Brown. Russell grew into a slender man with gray eyes and light brown hair. Emma was born in an English region of Canada in 1888, and she was brought to this country in 1892. She probably married Russell in 1912, and they definitely were married by 1917. In 1920 Emma was working as a telephone operator, and Russell was getting slightly bald. Something happened to this marriage, and Russell married again about 1925. His bride, Arabelle B. Castelein, was born in Michigan to natives of Michigan about 1908, fourth of the five children of Tafiel A. Theophil Castelein and Andella (Booram) Castelein. Arabelle gave birth in Nashville to Helen M. Snyder on July 4, 1927, and to Russell Brown Snyder, Junior, on June 9, 1930. The senior Russell died in Barry County on January 28, 1933, and his daughter Helen died there on January 15, 1940. His father came from New York and Ward was born in Michigan in August of 1868, second of the four children of James W. and Mary Louise (Woolsey) Snyder. He grew up on the family farm. Marion was born in Michigan to natives of Michigan in May of 1873. She married Ward about 1890, and their daughter Florence was born in Michigan in August of 1891. Ward was together with Marion and Florence in June of 1900, but by 1902 he was married to Lottie, the former wife of Charles W. Chandler. Ward probably participated in the photographic business of the Chandler Studio in 1902 and 1903, though Lottie definitely was the proprietor. Lottie brought her daughter Leora and her son Roscoe along into her marriage with Ward, and both children adopted the Snyder surname. | Peter was born at Bergen, Norway, on June 3, 1874, youngest of the four sons of Nels Solheim. He attended school until he was sixteen, and then devoted three years to studying the art of photography. He was medium sized with blue eyes and dark hair when he immigrated in 1893, and he immediately found photographic employment in New York City. Peter found similar work in Chicago, Minneapolis and Iron Mountain, Michigan, before settling in 1899 at Norway. Michael and Mary (Field) Hanson emigrated from Norway, and their children were born at Memphis, Tennessee: Herman in 1873, and Julia in 1877 or early in 1878. Julia married Peter Solheim in the latter half of 1900, and their children were born in Norway, Michigan: Paul on March 5, 1904, and Florence in 1906 or very early in 1907. Peter was naturalized a citizen of the United States in the Dickinson County Circuit Court at Iron Mountain on October 10, 1904. His gallery was at the old town site until Peter built a brick photograph studio on Nelson Street in 1910. "SOLHEIM, Norway, Mich." was blind stamped into 12 by 14 inch commercial mounts, some carrying photographs of very plain ventilated buildings where explosives may have been stored standing isolated in bleak winter landscapes. Some studio portraits on post card stock were blind stamped: "SOLHEIM STUDIO, NORWAY, MICH." Peter was a "Photographer, portraits and commercial work, Kodaks and supplies, Film Finishing, Prompt Service." in 1930. Peter visited his birthplace in 1939, and returned in the autumn. He left Oslo September 16 on S. S. Stavangerfjord, and arrived at New York City on September 26. Julius was born on October 29, 1882, in Berlin, Germany, and received a diploma from the Berlin Academy of Photographic Art in 1898. After two years of further study in Paris he returned to Germany and established a good European reputation in the photographic field. In 1906 he crossed the Atlantic to accept a position with the Detroit photographer Clarence M. Hayes. Two years later he established a studio of his own in Wyandotte. He advertised in 1912: "Photo Art Studio. Portraits by Photography's latest methods. Specialties: Carbon, Platinum and Water Colors. Wedding and Family Groups our specialty." During the summer of 1913 he planned to erect a studio on property he owned adjoining the Wyandotte Savings Bank. It was to be the most up-to-date in Michigan, and to be used solely for his purposes. By 1918 Julius was a naturalized citizen of the United States, was medium sized with brown eyes and dark brown hair, and had a wife named Bessie who was born in Michigan in 1883. His residence was at 76 Biddle Avenue North as early as 1915, and the studio was listed at 76 Biddle Avenue North by one source in 1918 and by local directories in 1921, while the gazetteers continued to show 70 Biddle Avenue North through 1925. The Somheil Studio advertised photography, Kodaks, wedding portraits and frames in 1921. Julius visited England in 1922, 1923, 1827 and 1928, and he probably went on to continental Europe on some or all of these trips. After working three years for Julius, in 1925 Walter E. Litynski took over the Somheil Studio for a while on a lease. At this time the studio was recognized as one of the very finest in the state. By 1928 Bessie was gone and Julius had married 22-year-old Kathleen who had just emigrated from Germany. In 1928 Julius had a partner, Ethel E. White, in the Belasco Studio, but in subsequent years he was the sole proprietor of this business. He leased the Vogue Shoppe in the Edinger Apartments on Oak Street and opened a photographic studio there on June 7, 1930. "It is beautiful, artistic and restful and has the newest equipment and lighting the modern world provides.... part of our studio is an apartment vestibule with exceedingly attractive french doors and tile staircase as a setting for wedding pictures." This studio supplemented his Belasco Studio in Detroit and offices in London and Hamburg through which Julius imported European arts and picture frames. His purchase of 23 feet of frontage on Biddle Avenue between the Knights of Columbus Building and the LaCourse Market was reported in May of 1933, noting that he planned to build a two story studio there. It was announced in October of 1945 that Captain Cass Jozwiak, after four years and eight months in the infantry, was to manage the Somheil Studio. The studio went out of business in February of 1950 due to the illness of the owner, Julius Somheil.

His parents, James Longcore and Frances LaRouque (Bruce) Sortor, came from New York and Connecticut, and James was born at Kalamazoo on November 17, 1853. He was taken to Illinois as an infant, where he stayed until he was nineteen. After two and a half years in photography at Escanaba, he was with the C & NW Railroad for a year and then went to Detroit on railroad photography for four years. He was identified as a railroad brakeman at Detroit in 1878 and 1879. Miss Alice Ann Ford was born at Troy, Ohio, on July 30, 1857. She married James at Detroit in 1880, shortly before they moved to Ionia and then to Norway. Their son Earl was born at Norway on July 8, 1883. "SORTOR, Norway, Mich. - 1886" was printed on the backs of some card photograph mounts. Alice was a Norway milliner in 1888. James sold his Norway photograph gallery to Jorgen J. Eskil in the middle of June in 1888, and opened another Norway gallery early in December of 1889. "Sortor & Ericsson" was printed below the image on some photo mounts with no stated location that may have been used at Norway in the early 1890s. James was working at Pentoga by September of 1904. James was at one time the proprietor of the Windsor Hotel in Kalamazoo, and he died at Deerton in Alger County on March 14, 1934. Alice died at Sterling in Arenac County on February 25, 1936. The family name sometimes was spelled Sortore.

His father came from New York and Walter was born in Henderson Township about fifteen miles west of Cadillac on March 17, 1887, third of the four children of Peter and Eleanor Sours. He grew up on the family farm, and he became a medium sized man with brown eyes and hair. Her father emigrated from England and Ruberta was born at Cadillac to a Canadian mother on December 15, 1882, second of the three daughters of John and Letitia Leeson. She married Walter about 1907, and they never had children. "Sours" was marked on the negative and "Published by C. K. Barnes, Lake City, Mich." was printed on the post card back of a photograph of Lake Missaukee. "Sours" also was lettered on the negatives of postal photos of a Cummer & Diggins logging train in the snow near Cadillac. Uriah W. Welsh had been a Cadillac photographer since 1894 when he formed the partnership with Walter. Welsh & Sours produced post card photos of ice covered trees and downed telephone poles and lines after the terrible ice storm on February 22 and 24, 1922, as well as "Aroplane Views" of Cadillac. Walter died at Cadillac in July of 1963, and Ruberta died there in December of 1975.

Joseph was born in Poland in March of 1869, and he studied photography at Berlin before coming to this country in 1890. Salome was born in Poland in October of 1873, and she too immigrated in 1890. They married in 1896, and soon became naturalized citizens of the United States. Their children were born in Detroit: Creshaw (later Chester) in October of 1897, and Rosalind in 1901. Joseph was employed for a time by a photographer in the Artists Market Building at Madison and Witherell in Detroit before opening his own gallery. As “official photographer” to Detroit’s Polish community, Joseph produced the requisite portraits of adults, children and priests, wedding, first communion and post mortem pictures, some of which were displayed in front of his home and at the railroad station as well as at his studio. He advertised nationally in the summer of 1898: “For Sale or Exchange - One No. 8 x 10 Harris portrait or view lens, one No. 8 x 10 Eureka portrait or view lens, one No. 8 x 10 D. S. Scovil & Adams view camera with two double J. P. holders. Will exchange for 5 x 7 view camera, light, with wide angle, large opening lens....” He advertised again one year later: “WANTED - For cash, one 14 x 17 portrait camera with lens; must be first class....” He photographed the championship pistol team of the Detroit police force, and submitted two photographs through the Art-Photography Association which were awarded the silver medal for portraiture at the St. Louis World’s Fair in 1904. In the same year, Joseph purchased a one cylinder Oldsmobile to become the second Pole in Detroit to own an automobile. His Highland Park “farm” was purchased by the Ford Motor Company in 1905 as part of the site for the new plant. This transaction apparently enabled Joseph to retire from his studio and school for photographers in 1912, though he continued his active participation in the Sokol Association, the Polish Falcons, Dom Polski, the Harmonia Singing Society, the Lutina Singing Society and the Polish National Alliance, as well as the Detroit Athletic Club. By 1930 his wife had become known as Sally. Joseph was 88 years old when he died at his Highland Park home on August 11, 1956, survived by his son and daughter.

His father emigrated from Germany and Fred was born in Indiana on March 24, 1873, the younger child of Henry P. and Sophia (Kastner) Spaeth. His sister Julia was a year older, and by 1880 they had a step-mother named Mary who was born in Kentucky. Fred became a short man with blue eyes and brown hair. Margaret was born in Indiana to natives of Indiana in November of 1876, and she married Fred in the spring of 1896. Their daughter Kathryn Mildred Spaeth was born in Indiana in July of 1898. The studio of photographer Herman Siewert was at 414 West Main Street from 1906 until 1915. This was reportedly the only ground floor studio in Kalamazoo in 1916. Though Fred was registered for the draft in September of 1918, he was later characterized as a veteran of the World War. He employed veteran photographer Henry G. Dornbush from 1919 to 1922. Margaret was identified in 1930 as a helper in the Evansville photograph shop, and probably she was involved earlier with her husband’s photograph business in Kalamazoo.

Howard was born at Byng, Ontario, to natives of Ontario on October 29, 1878, the elder son of Thomas and Charity Jane (Van Keuren) Spedding. His father was a carpenter and building contractor. Howard was attracted to drawing and painting in high school, and when a painful injury to his leg during a baseball game prevented him from taking his high school examinations, he apprenticed himself to a British photographer who had just opened a studio in his home town. During the following twenty-five years he gained a wide experience in various branches of photography in Canada and the United States. Mary Ann Elizabeth Marshall was born at Hamilton, Ontario, on May 31, 1878, the elder daughter of George Mark Marshall and Elizabeth (Hayden) Marshall. She married Howard in Haldimand County, Ontario, on September 2, 1901. Their son Frank Harold Spedding was born in Wentworth County, Ontario, on October 22, 1902, and their daughter Hazel E. Spedding was born in Pennsylvania in 1904. Howard purchased a studio at Ann Arbor in 1919 to facilitate educating his children at the University of Michigan. He advertised in 1920 and 1921: “**STUDENTS. Our Photographs Must Please You. *Spedding* Portraits of Quality by **Photography**. Courteous Treatment. Prompt Service.**” His first year was very discouraging, but over the next five years he doubled the business. His son became an engineering graduate and a teaching assistant in the University, and his daughter graduated from the university in 1926. Howard’s photographic ambition in 1927 was to build a garden studio in which he could photograph children at their play. He was fond of golf, game fishing and landscape gardening, was a Kiwanian, a Mason and treasurer of the golf club at Pleasant Lake, where he owned a summer home. Howard never competed for prizes, but many of his pictures were accepted for exhibition at photographic conventions.

Susan was born at Ann Arbor on February 10, 1844, to Robert James and Elizabeth (Lancaster) Speechly, who came to Washtenaw County from England in 1838. She had an older brother and an older sister, and her father was the gardener and janitor at the Union School in Ann Arbor. The given names of Barr and Speechly were not provided by the assessor in 1862, but Susan was the only local Speechly known to have been involved with professional photography. "Miss S. T. Speechly, ARTIST, Manchester, Mich. - Particular attention paid to children and copying old pictures." was printed on some of her *cartes de visite* which appear to date from 1870 or before. She was identified only as S. T. Speechly on later card mounts from Manchester, and on all of her card and cabinet mounts which I have seen from Ann Arbor and Dundee. This advertisement appeared in Ann Arbor newspapers in 1875 and 1876: "THE PHOTOGRAPH

Do not let the present moment / Unimproved like others pass,  
Till the little face is hidden / From your sight beneath the grass.  
Hasten, lest the deepening shadows / Find you desolate and lone,  
Without even a resemblance / Left to comfort when its gone.  
Gray-haired sire with furrowed features, / He with form so strong of yore,  
'Neath the weight of years is bending, / For his journey's almost o'er.  
Hasten, precious time is flying, - / Not a moment will it stay.  
Catch, oh! catch the precious shadow, / Ere the substance fade away.  
There's a skillful little Artist / Ready to obey your will.  
Susie Speechly, quick and neatly, / Will your orders gladly fill.  
There are others very near you, / Whom you love and wish to keep, -  
Wives and husbands, sisters, brothers; / She will take them well and cheap.  
Do not fail to call and see her / In her studio small but neat;  
You will find the little maiden / NO. 72 SOUTH MAIN STREET.

A good line of PICTURE FRAMES, of the latest styles, always on hand. Ann Arbor, May 1875." The NPA monogram of the National Photographic Association was reproduced on some of her card photograph mounts. In 1878 she advertised: "All Sizes and Styles of BERLIN PHOTOS. Negatives Artistically Retouched. LIFE SIZE INK AND CRAYON PORTRAITS A SPECIALTY...." Susan was single and living with her widowed mother in 1880. She employed Converse G. Cook as a photographer in 1886, and married him shortly thereafter. Directories identified her then as Mrs. S. T. Speechly, as S. T. Cook, and as Mrs. S. T. Cook. "S. T. Cook, Ann Arbor and Dundee, Mich." was printed on some cabinet mounts, but several different printings with "S. T. Speechly, Dundee." seem to be much more common. Converse and Susan were living in 1910 at Biloxi, where they were enumerated without occupations. Susan died in 1915 and was buried in Ann Arbor's Forest Hill Cemetery adjacent to her parents. Her gravestone reads: "Susan T. Speechly, wife of C. G. Cook. Feb. 10, 1844 - Apr. 7, 1915.

Delmar was born September 15, 1868, on a farm near Bellefontaine, Ohio, to John D. and Kitty E. (Rowand) Spellman. While attending high school at Bellefontaine he worked as an errand boy for a store beneath a photographer's gallery, and in his spare moments would sneak up and wonder at the mysteries of the darkroom. In his sixteenth year he went to work for this same photographer, and spent the rest of his life making pictures or helping to make them. Early in 1894 a new ground glass skylight and ventilators for carrying off the heat were installed in his Springfield studio along with improvements which doubled its capacity for turning out work. He was awarded a diploma for twelve cabinet photographs exhibited in a rating competition early in August of 1895 at the Detroit convention of the Photographers' Association of America, and was awarded a bronze medal for his entry in Class D. during the 1896 P A of A convention at Celeron, New York. He and Miss Bertha R. Sharpless of Indianapolis were married on October 14, 1897. He advertised nationally during the summer of 1898: "FOR SALE - At a bargain, the leading studio in Ohio city of 40,000; doing a paying business; must sell at once...." A month later it was reported that "D. D. Spellman, formerly of Springfield, Ohio, has purchased the stock and good will of J. W. Hughes,... The studio has been completely remodeled and a complete collection of the latest novelties in the photographic art are now displayed...." The same magazine reproduced four untitled portraits by Delmar in March of 1899, and carried three full page reproductions from his negatives three months later. An oval portrait of a standing woman printed in tones of cerulean blue on a 5 by 7 inch plate of opal glass was signed "D. D. Spellman." In the spring of 1901 he secured the entire top floor of the Eaton Building, which had an elevator entrance, and had alterations under way to produce an outstanding modern studio. The operating room was the only one in Detroit with four unobstructed walls, enabling him to take advantage of both the early morning and late afternoon sun, and also was fitted for doing work by electric light. There was an exhibition room 20 feet square as well as an exhibition gallery, and a separate business office. He was elected first vice president of the Photographers' Association of America in 1901. He advertised in 1902 and 1903 at Ann Arbor as "**D. D. Spellman, Strictly High Grade Photographer. Special Rates to all Students. STUDIO: 220 WOODWARD AVENUE, Fifth Floor Woolen Mills Building, Detroit.**" Twelve portraits which he exhibited at the PA of A convention at Indianapolis in August of 1903 were notable for their softness and subtle tone qualities. The ivory tint which made the prints attractive was expected to be widely copied during the following year. Delmar erected the building at 970 Woodward Avenue specifically and exclusively as a photographic studio, and opened it for business on January 1, 1910. In 1916 it was noted to be located between the crosstown car lines. Its address changed from 970 to 4836 Woodward Avenue during 1920, when the Detroit numbering system was revised. Delmar was elected vice president of the Professional Photographers' Society of Michigan in March of 1912, and served as president of both the Ohio-Michigan-Indiana Association and the Michigan Photographers' Society. He was twice second vice president of the Photographers' Association of America before becoming president of the association in 1931. He was a prominent Mason and club member, and headed Florence Crittenton Hospital in Detroit for 25 years. Bertha Spellman died in February of 1942, and Delmar married Mrs. C. K. Calvert of Howell in December of the same year. He died in Crittenton Hospital on February 26, 1944.

John was born in Ohio to natives of Ohio in November of 1844, first of the four children of Jacob J. and Elizabeth Spellman. He enlisted on February 5, 1864, as a corporal in the 132<sup>nd</sup> Ohio Infantry, and he was mustered into the Union Army on May 14. He was mustered out of the army at Camp Chase, Ohio, on September 10, 1864. Catherine (later Kitty and still later Kate E.) Rowand was born in Ohio to a mother from Pennsylvania in October of 1844, last of the three or more children of William and Matilda Rowand. She married John about 1866, and their children were born in Ohio: Ada about 1867, and Delmar in September of 1868. Ada was living in 1880, but was gone by 1900. When John was listed as a Detroit photographer it usually was noted that he was working for his son, Delmar D. Spellman. John and Kate were living next door to Delmar in 1910, and after that John was living with Delmar and his wife Bertha. John was 79 years old when he died in Detroit on May 12, 1924. David was born in Connecticut to parents from New York about 1824, fifth of the six children of Calvin and Mary (Hawley) Spencer and the brother of the Hoyt S. Spencer profiled below. Her father came from Massachusetts and Prudence was born in Ohio to a mother from Connecticut about 1830, the daughter of Richard and Sylvia (Granger) Chapman. She married David on October 4, 1853, and their son George was born in Michigan in September of 1858. By 1870 they had adopted Minnie, who was born in New York State about 1862. "... Established 1857." was printed on some of David's photograph mounts. "D. H. SPENCER, ARTIST, HUDSON, M." was impressed into the plush opposite ninth plate daguerreotypes and ninth, sixth and quarter plate ambrotypes, and "D. H. SPENCER, HUDSON, MICH." was stamped into the bronze mat below other ambrotypes and tintypes. Most of these images were housed in the most inexpensive pressed paper cases, but some were put up in molded thermoplastic cases. David's gallery was between Market and Church Streets in 1859. This paragraph in a photographic journal during the summer of 1863 was probably addressed to him: "D. H. S. of Mich. - About red silver solutions, see articles in this number.... If you are a careful reader of this Journal, you must have observed that at the present time it is not easy to say which is the best toning process. In our little practice we use the one which at the time seems most convenient, and we find all good.... And we answer similarly concerning intensifiers. Most intensifiers have however a specific action and are suitable to special circumstances. A photographer ought to be provided with all of them.... After toning, prints should at once be rinsed in clean water and put in the toning bath, or they are liable to be stained.... The silver you name is not worth the powder." About 1867 "... Every kind of Picture executed here including the Beautiful Porcelain." was printed on some of David's *cartes de visite*, and "From Spencer's Photographic Gallery, Main Street, Hudson, Mich. - Negatives preserved one year. Old pictures copied and enlarged, also finished in oil or India-ink. A fine assortment of rosewood and gilt frames kept on hand." was printed on others: In 1869 another magazine offered prizes for the best two negatives and prints submitted in each of three classes: portrait, composition and landscape. In the composition or genre class, David entered two negatives of a seated lady, cabinet size, on 6 ½ by 8 ½ glass. The judges found little feeling in the composition, marginal negative exposure, and prints that could have been better. He attended the second annual convention of the National Photographic Association at Cleveland in 1870 and the third annual convention at Philadelphia in 1871, and took an active part in some of the technical discussions. He used the NPA monogram on at least a dozen different card photograph mounts, some from rooms over Hall & Son's, some from Spencer's Gallery of Art on the ground floor one door east of the Exchange Bank on Main Street, others from his Photograph and Frame Establishment on the ground floor opposite the Comstock House, and some with addresses for the galleries in both Hudson and Quincy. Suggestions on retouching and on lighting from David appeared in *The Philadelphia Photographer* in 1874. During 1876 both stereoscopic views and card photographs were produced from "SPENCER'S Centennial Ground Floor Gallery, Main Street, East of Comstock House, Hudson, Mich." He also produced stereo views of Quincy and Adrian. David attended the inaugural convention of the Photographers' Association of America at Chicago in August of 1880, was on the first published membership list of the PA of A in May of 1881, and attended PA of A conventions at New York City in 1881 and at Milwaukee in 1883. "Having increased my printing facilities as well as my help, I am prepared to do all work with promptness and dispatch and give my patrons perfect satisfaction in all cases. Hoping it will be convenient for you to call on me for work in my line, I remain, Very truly yours, D. H. SPENCER, Photographer, Underwood Block, Adrian, Mich." was printed on card photograph mounts which carried cartoons reproduced photographically. David seems to have been succeeded by his son George E. Spencer at Hudson about 1881, he employed George as a photographer in 1882, and definitely was succeeded by George as photographer at Adrian in 1884 and again in Chicago in 1896. David lived for a while at Rochester, New York, before he moved to Illinois. He died suddenly of heart disease at his home in Grand Crossing, Illinois, on November 25, 1894. His remains were returned to Hudson for burial in Maple Grove Cemetery. He was survived by his son and daughter as well as his wife, who lived on at Grand Crossing until April of 1915. Grand Crossing has now become part of Chicago.

Frank was born in England in June of 1856, and he immigrated in 1871. He was rooming by himself in a large Detroit hotel in 1880, and he was naturalized a citizen of the United States in 1882. Francis must have married fairly soon after leaving Detroit, for his sons were born in Ohio to a native of Ohio: John in August of 1886, and Francis in June of 1888. Something happened to his first wife and the senior Francis married again about 1899. His bride was Etta (sometimes Mary D.), who was born in Ohio to natives of Ohio in October of 1867. Their son Carden was born in Ohio in 1907. Francis was enumerated without a vocation in 1910, when Mary had her own china painting business.

Frank was born in Michigan to parents from New York in 1856 or 1857, first of the three children of James and Charlotte Spencer. "A. M. WEEKS, ARTIST. - F. W. SPENCER, Proprietor" was printed on some card photograph mounts, and then "ONE DOLLAR PER DOZEN. - NEW YORK ART GALLERY, 106 Saginaw St., FLINT, MICH." was printed over the first inscription, giving the impression that Miss Alice M. Weeks was only briefly employed by Frank. He was living with his parents in 1880, and one of their five boarders was photographer William Bougard, who may have been working for Frank. Mrs. Charlotte Spencer was providing a home for her son in 1881, and she had a picture frame shop on East Kearsley Street in 1882.

George was born in Michigan in September of 1858, son of the photographer David H. Spencer and Prudence (Chapman) Spencer. He apparently succeeded his father at Hudson about 1881, and he certainly succeeded David at Adrian in 1884. George lasted only a year there, for veteran Adrian photographer Julius A. Foster stated in 1885 that he had acquired all of the Spencer negatives. Mary was born in Michigan to parents from New York in February of 1865, and she married George in 1887 or early in 1888. They never had children. George succeeded his father again at Chicago in 1896. From Chicago, George produced copies of the Indian cabinet photographs taken by Dakota Territory photographer David F. Barry.

Hoyt was born in New York to natives of New York in July of 1819, fourth of the six children of Calvin and Mary (Hawley) Spencer and brother of the David H. Spencer profiled above. Her father came from New York and Susan Elizabeth Gorton was born at Marion, Ohio, to a mother from Pennsylvania on January 24, 1827, the daughter of Hezekiah and Alpha (Capron) Gorton. She married a physician from Connecticut named John Cole Norton at Marion on March 27, 1842. Their three children were born in Ohio: William about 1844, Alice about 1846, and Olive about 1847. Something happened to John C. Norton, and Susan brought along her children when she married Hoyt at Spencer, Ohio, on September 1, 1853. She and Hoyt had no further children. A 1982 source stated that Hoyt's gallery was at the northwest corner of Third and Warren Streets in Northport from 1865 into the 1870s. Hoyt seems to have been at Spencer in June of 1880 to clear up some family business, for Susan remained in Northport at ths time. During the early 1880s Hoyt was an active publisher of stereoscopic views of Northport in Leelanau County, Petoskey and Bay View in Emmet County, and Bellaire and Central Lake in Antrim County. He ranged as far as Higgins Lake in Roscommon County to make stereo views of logging operations. Hoyt died at Northport on April 30, 1914, and Susan died there on March 19, 1915.

His father emigrated from Canada and Kenneth was born at Port Huron, Michigan, on May 11, 1896, last of the three sons of Walter G. and Edith A. Spencer. He had a much older sister that was adopted, his paternal grandparents were English, his maternal grandparents were Irish, and he was called Dean as a child. Kenneth became a tall slender man with light blue eyes and light hair. Her parents emigrated from England and Elsie May Baldwin was born in Detroit on May 30, 1895, third of the six children of William and Ada Jane (Rayner) Baldwin. She married Kenneth about 1917, when he expected to be exempt from military service because of his dependent wife and his religious convictions. Their son Kenneth Dean Spencer was born at Detroit in 1920 or early in 1921. Spencer & Wyckoff occupied the same building from 1916 through 1948, for the Smith Building was renamed the American State Bank Building, which later became the Capital Park Building. It was on the southwest corner of Griswold and State Streets, and was at 1145 Griswold Street after most Detroit addresses changed in 1920. Spencer & Wyckoff advertised in 1917 as "Commercial Photographers, Quick Service for Banquets, Interiors, Parties, also Panoramic Views. We use Panchroma Lights, the Old Style Flash Lights Eliminated...." Kenneth became a charter member of the Commercial Photographers Association of Detroit on February 11, 1921. From 1925 through 1931 they offered: "We Photograph Everything Any Time, Any Place." At various times in the 1930s and early 1940s their room or suite number was listed as 720, 709, 709-20 and 708. Kenneth was vice president and secretary of the company from 1930 until 1934, and was secretary-treasurer from 1935 until the company reverted to a partnership about 1940. Spencer & Wyckoff produced post card photographs of the National High School Orchestra Camp at Interlochen in 1930, and 3 ½ by 10 ¾ panoramas of the Michigan National Guard at Camp Grayling in 1934. They made postal photos of many Civilian Conservation Corps camps in 1933 while they were still sleeping in tents, continued with double width post card panoramas of camps from the northern lower peninsula to the western upper peninsula, and in 1939 were still making 12 by 20 inch and larger composite photographs of CCC camps and personnel. They also photographed CCC camps in Indiana. Many examples of their work have been preserved in the CCC Museum at North Higgins Lake State Park south of Grayling. Kenneth Dean Spencer died in Michigan in 1946, the senior Kenneth died at his residence on suburban Grosse Ile on September 22, 1973, and Elsie died in Detroit on October 4, 1979.

George was born to parents from Ohio at St. Louis, Missouri, on May 3, 1853, third of the the seven children of Jacob G. and Jane P. Sperry. He was associated with his older siblings Eliza and Harry S. Sperry in the Iowa City gallery. This was a small country gallery where he had abundant time to study all the photographic literature and journals he could find. George attended the first convention of the Photographers' Association of America at Chicago in August of 1880. After completing his preliminary training he worked for various well-known photographers such as Randall and Ryder. During these years he wrote many practical articles on everyday work for photographic magazines, including some on posing and lighting in 1892. Minnie Martha True was born to parents from New York in Jackson County, Michigan, on October 12, 1862, second of the five children of Alva G. and Helen (later Ellen) True. She grew up on the family farm and married George at Rives, Michigan, on June 5, 1893. Their children were born in Ohio: Pauline on June 23, 1894, and Edward on January 12, 1896. George purchased the Toledo studio formerly operated by the Detroit photographers Arthur & Philbric in June of 1893. On some cabinet mounts was printed: "GEO. B. SPERRY, 319 Summit St., Toledo, Ohio. AWARDED, Gold Medal Photographic Exhibition St. Louis 1894, Bronze Medal Photographic Exhibition St. Louis 1894, 3 Prizes Photographic Exhibition Columbus 1894, Bronze Medal Photographic Exhibition Columbus 1894, Diploma Photographic Exhibition Columbus 1894." George was among the exhibitors at the August 1895 convention of the Photographers' Association of America at Detroit, where he also read a paper on "Genre Work." He was elected Secretary of the PA of A in 1897 and again in 1898, and then First Vice President of the association in 1899. The opening of a beautiful suite of rooms on Superior Street in partnership with James G. Hill was reported early in 1898. That he had converted the handsome residence on Adams Avenue formerly occupied by the West End Club into a first-class professional studio with special provisions for his specialty, the portraiture of children, was noted late in 1902, when he advertised: "FOR SALE. Studio in the best retail block in Toledo, Ohio. Has been the leading studio in the city for sixteen years. Will be sold cheap for cash..." George sent a large exhibit of 21 pictures of children to the Indianapolis convention of the Photographers' Association of America in August of 1903 which showed remarkable evenness of quality and a keen sympathy with his little subjects. George died in 1929, survived by his wife and their two children. Burial was in Toledo's Woodlawn Cemetery.

His father, Hiram Spitler, was born in Ontario in May of 1835. Harriet Pettit was born in Ontario in 1845, and she married Hiram there on July 1, 1863. Their son Benjamin was born in Ontario in 1864, and Harriet died in Brookfield Township on July 12, 1877. Hiram married again, and the death of his second wife seems to have been associated with the birth of Virgil at Gagetown on January 19, 1886. Hiram married for the third time before the year was out. His bride was Emeline (sometimes Emma) Judson, who was born in June of 1852 at Lynn, Ontario. Emeline was the only mother Virgil ever knew, and she never gave birth to children of her own. Hiram grew up on the family farm, and he became an average sized man with blue eyes and brown hair. He never married, and he was living in 1930 with his widowed stepmother. In September of 1933 they went to visit Emeline's brother Byron Judson in Lynn, Ontario. Gagetown is one mile south of Brookfield Township.

His father came from Massachusetts and Frank was born in Illinois to a mother from New Jersey in January of 1867, eldest of the three children of Horatio B. and Elizabeth (sometimes Lizzie) R. Spooner. He was their only son. F. Ed. Spooner won a one hundred mile bicycle road race at Chicago in 1888, and by 1892 he held every bicycle racing record from 25 to 375 miles. F. Ed. and Charles S. Wells formed Spooner & Wells in 1905 to specialize in automotive photography from New York City. Ed's column, "On-the-Spot," ran in the *Detroit Free Press* for many years, and he was listed as a newspaper correspondent in 1913. He was a founder, vice president and advertising manager of *Motor West*, a Los Angeles automotive magazine. Wells died in a freak automotive accident in August of 1925, and a few months later Spooner & Wells was sold to the automotive photographer Nathan Lazarnick. Ed spent his later years growing choice dahlias, and died at the age of 68. He was known as Ed or F. Ed. Spooner in the automotive publications, but was enumerated consistently as Frank E. Spooner in the census reports.

His father emigrated from the Wurtemberg region of Germany and George was born in Michigan to a mother from Ohio in July of 1864, last of four children and the only son of Philip C. and Flora Sprang. Her father came from New York and Kate Adele Phillips was born in Michigan to a mother from Ohio in April of 1868, first of three children and the only daughter of Robert T. and Eliza M. Phillips. She married George about 1889, and their son Walter was born at Petoskey on April 14, 1894. Their other children were born in Michigan: Marie in April of 1896, and Phillip in 1902. George's photographs of circus elephants parading through Petoskey and of ducks in a pond were reproduced by a photographic journal in 1900, along with praise for his sound technique, sharp focus, full exposure, proper development and proper printing. George seems to have been photographing a decade earlier, for there are candid views of people at Bay View with "GEO. E. SPRANG, *Books & Stationery*, MUSICAL INSTRUMENTS, PETOSKEY, MICH." printed on the back of their 5¼ by 8½ inch mounts. Horace was born in Michigan to parents from New York in August of 1848, and he never married. William M. Hall was a Frankfort photographer for a few years prior to his partnership with Horace in 1888, and then he remained in the business there for a couple of years before moving to Paw Paw. Horace had the year printed on most of his cabinet mounts, including an 1891 bird's-eye view of Frankfort, an 1894 view of the Parkhouse Hotel through a saddle in the ice mountains on the lake, and a view taken on February 24, 1894, of the steamers Ann Arbor No. 2 and City of Marquette just beyond a rough field of ice. United States Patent No. 613,430, covering a Photographic View Finder, was issued on November 1, 1898, to Myron H. Springsteen of Frankfort with one half assigned to N. A. Parker of Frankfort. The Frankfort photographer was identified consistently as Horace M. Springsteen in the gazetteers, but was enumerated as Harley Springsteen in the 1900 census report, and as Myron H. Arthur was born in New York State to natives of New York in February of 1866, first of the four children of John Linn Stage and Cornelia E. Stage. His half-brother Charles Stage was nine years older. Arthur had been with Myers in Middletown for nine months before he left in June of 1891 to take charge of a gallery at St. Johns. His mother accompanied him as far as Elmira, New York. Her father came from New York and Lizzie was born in Michigan to a mother from Pennsylvania in April of 1865, last of the two children of Giles J. and Sarah J. Gibbs. She married Arthur about 1891, soon after he arrived in Michigan. Early in 1892 a photographic periodical received from Arthur a "... photo of Milo Falls, New York, a very handsome picture, and would be more pleasing but for so much glaring white paper at left of picture, caused by snow. The print is made on self-prepared colloido-chloride paper." It was reported in January of 1893 that the former resident of New Hampton, New York, was "now a prosperous photographer.... During the month of December last he sold from his establishment 2,155 cabinet photographs." Some of his cabinet photographs featured "Stage's 'Glance' Finish." Duplain Township is about five miles northeast of St. Johns. Arthur and Lizzie had no children in 1900, when they were providing a home for Lizzie's parents. Arthur was enumerated as single in 1920.

John was born on January 17, 1814, at Canandaigua, New York, and spent most of his boyhood at Buffalo. He was apprenticed in 1828 to a wagon maker at Naples, New York, and came to Detroit in 1834. A head of Benjamin Franklin which he had painted as a sign over a newspaper office drew the attention of James Bowman, an itinerant portrait artist who offered him free lessons in mixing colors and portrait painting, the only fine art training John ever received. The student soon became a partner, and the two artists sought portrait commissions in Michigan, Illinois and Wisconsin. From 1837 until 1839 John lived in Chicago and along the upper Mississippi River, and did much painting among the Indians at Fort Snelling. He then painted portraits at New York, Philadelphia, Troy and Baltimore. In 1842 he began a series of western trips to sketch and paint the Indians with a visit to Fort Gibson, Arkansas. He attended the Talequah council in June of 1843, where a peace treaty was arranged between 17 tribes and the independent state of Texas, and made daguerreotype portraits of some of the Indians. He spent the rest of the year among the Cherokees and Creeks. He was in New Mexico in 1845. By early 1846 he had produced 85 canvasses that were exhibited at Cincinnati and Louisville. Later in 1846 he was employed on General Kearny's expedition to California from Santa Fe, New Mexico. From California he traveled north and reached Oregon in July of 1847. In November of 1847 John narrowly escaped a massacre in which a dozen settlers were killed. He made his way back to California, and then spent more than a year in the Hawaiian Islands. During 1850 and 1851 he exhibited his pictures in New York and New England. In the spring of 1853 he was hired by Isaac I. Stevens as artist with the northern survey of a possible railroad route to the Pacific coast from St. Paul, Minnesota. He packed a daguerreotype outfit along with his brushes and canvas, and in September began taking the first likenesses ever made of Northwest Indians. In 1854 he married Miss Alice Caroline English, a young school teacher, settled at Washington, and soon was responsible for a family of four. Before leaving on the railroad survey, John had deposited 151 paintings with the Smithsonian institution which remained there for years while he negotiated a sale to the federal government or to the state of Michigan. In January of 1865 all but five of the paintings were destroyed by fire. In Washington and Detroit John continued to produce Indian and landscape paintings from his western sketches and to paint commissioned portraits. He visited Europe in 1868 to negotiate having chromolithographs made from eight of his paintings. He died at Detroit of heart disease on April 10, 1872. Oliver was born in Michigan in February of 1866, last of the four sons of parents from New York. He was living in 1870 and 1880 with his widowed mother, Mrs. Esther Stanton. He was identified as Ovid in 1870 and 1880, as Obid or Obed in 1894 and 1920, and as O. V. Stanton in 1898, 1899 and 1910. He had acquired a six-year-old son named Obid by 1894, when he still was living in Gratiot County, and he called himself a View Artist in Detroit. His move from Richmond to Utica was reported late in 1898, and his sale of the Utica gallery to L. E. Abernathy was announced in May of 1899. He was single in 1900, when he was boarding in an Omer hotel. From an office in the Co-operative Hotel at Cadillac, Stanton made a specialty of outdoor photographic views, including school buildings, class pictures, and photos made at the customer's own home. His young mustachioed face was reproduced on a card for "O. V. STANTON, Commercial Photographer. Views made to order. Also teach photography. Learn you the work so that in a short time you can make from six to ten dollars a day. Start you out making money the first day. Views of beautiful Mackinac Island and Sault Ste. His father came from New York and James was born in Ohio to a mother from New Jersey in 1829 or early in 1830. Mary was born in Pennsylvania about 1836, and she married James about 1855. Five of their children were born in Ohio: Clinton (later Thomas) about 1857, Florance about 1858, John in August of 1860, Mary about 1862, and James about 1864. Four more of their children were born in Illinois: Frederick about 1865, Grace about 1867, William about 1868, and Charles about 1871. James was a widower by 1880, when his daughter Florance was keeping house for the family. "*Chicago St., White Pigeon, Mich.*" was penned in script on the face of a cabinet mount devoid of printing, and "*Compliments, J. M. Stark, Sept. 16, 1902*" was penciled on the back. A small building near the center of the view probably was the photograph gallery, for shallow display cases projected on either side of its front doorway. James was enumerated as a view photographer in 1910, when he was living with the family of his John who is profiled below. James seems to have lived with John's family for the rest of his life, which probably ended in Florida in 1929. 1 3

William was born to German parents in February of 1870 at Vienna, Austria, the son of Louis A. and Anna (Blaskau) Steckbauer. The surname was Steckbaure in most directories and on many photograph mounts, but was quite consistently Steckbauer in the census reports. William was brought to America in 1883. Edward J. Smith had almost a decade of professional photographic experience prior to forming the partnership with William. Smith & Steckbaure encouraged their patrons to "Bring the Babies." William advertised in 1891: "Go to STECKBAURE'S ART STUDIO, Negaunee, Mich., for Fine Photographs and Crayon Work. Frames, All Styles and All Prices." He produced a bound volume of 24 tipped in "Views of Negaunee and Vicinity. Photographed by W. E. Steckbaure, Negaunee, Michigan." Della M. Lucas was born in Canada in June of 1870, and she came to the United States as a child. She married William about 1893, and their five children were born in Michigan between 1894 and 1902 as detailed in the profile above. John I. Stolt emigrated from Finland about 1890, and he had a little professional photographic experience here before becoming the William's partner. William purchased the Calumet gallery of Richard H. Rickard in the Shea Block during January of 1896. He employed Ignatius Tancig before this Austrian photographer opened his own gallery in 1898. The Albertype Company of Brooklyn, New York produced a 41page booklet entitled: *The Upper Peninsula*. This was "A souvenir in photogravure of the Upper Peninsula of Michigan: Calumet, Red Jacket, Laurium, Houghton, Hancock, Lake Linden, etc. Copyright, 1900, by W. E. Steckbauer, photographer, Calumet, Mich. Albert Quade, associate publisher." William advertised in 1901: "COPPER COUNTRY VIEWS. Publisher in Photogravure of 'The Upper Peninsula of Michigan' containing 140 Views of this section. Handsomely Bound at 75¢ each. TO THE TRADE. - Liberal arrangements will be made. An Attractive Seller. Correspondence Solicited...." and "Artistic Photographs. All Work Guaranteed.... Studio Cor. Fifth and Oak Streets, Shea Block, Calumet." William was naturalized a citizen of the United States in 1908. Mrs. Della Steckbaure replaced William as a Calumet photographer in 1916 and 1917, and soon they were divorced. Rose was born in Michigan of German parentage in 1893, and she married William about 1918. She was enumerated as a housewife in 1920 and as a photographer in 1930.

Hugh was born in Maine to natives of Maine in February of 1838, sixth of the eight children of John and Meletiala (later Millie) Steele. Mary was born in Vermont to natives of Vermont about 1846, last of the four children of Valentine B. and Louisa (later Louise) Lincoln. She was married to Hugh by 1863, and they never had children. Mary participated in the photography business of her husband, and she is profiled below. Hugh advertised in 1867: "H. A. STEELE, PHOTOGRAPHER! Photographs of any Size made from old pictures. Ink, Water Color & Oil Pictures, Taken in the Highest Styles of the Art, and satisfaction warranted..." Early Jackson imprints locate his New York Gallery at the corner of Main and Mechanic Streets. Some include the number 109 and later the number 209. He announced in 1874: "Steele's New Gallery, 206 Main Street, ... Having the largest and most complete suite of rooms and the best instruments in the West, united with my long experience in the art, I can promise in the future the most earnest efforts to serve the public acceptably. Nothing has been spared, and I mean nothing shall be, to make this establishment strictly first-class in every respect. I am prepared to execute all styles of work usually done in first-class galleries. H. A. STEELE, Photographer." The NPA monogram of the National Photographic Association was printed on some of his card photograph mounts in the mid 1870s, and "Grand Central Gallery" was printed on many others, more with his name spelled "Steel" than with the correct spelling. Hugh attended the fourth annual convention of the Photographers' Association of America at Milwaukee in 1883, and was elected vice president for Michigan during the association's fifth annual convention at Cincinnati in August of 1884. His Jackson employees included photographer Sophrona M. Woodward from 1873 to 1875 and in 1880, clerk, retoucher and artist Melissa Woodward from 1875 to 1881, his nephew William H. Steel in 1880, retoucher and photo printer Edward S. Tray in 1883, artist and retoucher Miss Lulu Clarke and retoucher Mrs. Jennie L. Howell in 1885 and 1886, retoucher Miss Maggie Kelley from 1885 to 1898, retoucher Mrs. Hattie Chalcraft in 1891 and 1892, photographer Mrs. Mary Steele in 1894 and 1895, and retoucher Lelia Watkins in 1896. Soon after the death of his wife Mary in 1898, Hugh married a lady named Margaret, who was born in New York State to natives of New York in November of 1869. His sale of the Jackson gallery to Everett E. Thayer was reported late in 1898, and his agreement to remain with Thayer for a while was reported early in 1899. Margaret gave birth in Michigan to Wanda about 1902, before they moved to Los Angeles.

His clergyman father emigrated from Canada and Collis was born in Michigan to a mother from New York on December 21, 1879, second of the three children of Edward and Hellen Steers. He was called William C. Steers as a child, and the surname was sometimes Steer or Steere. Collis became a medium sized man with brown eyes and brown hair. Her father came from Massachusetts and Bertine L. Lakey was born in Michigan to a mother from New York on January 23, 1881, the daughter of Albert S. and Kate C. Lakey. She married Collis about 1905, and they never had children. Her husband was registered for the World War I Draft in September of 1918 as Collis Huntington Steere. He seems to have been drafted soon afterwards, for he was identified later as a veteran of the war. All subsequent records were for Collis H. Steere. Simon was born in Austria in August of 1854. He immigrated in 1866 and spent a stormy five years in the drug business before entering photography in 1872 at Ludington, where he remained only nine months. He stayed for six years with Hugo Broich at Milwaukee, sometimes coating plates as large as 20 by 24 inches. His ambition was to do as well as anyone could in those days. When he examined some of those old plates twenty years later, he found that they ranked with the best of his new process negatives. Bertha was born in New York to an Austrian father and an American mother in September of 1857, and she married Simon about 1880. Their children were born in Milwaukee: Martha in January of 1882, Julian in July of 1884, and Sydney in December of 1890. Some of Simon's cabinet imprints included: "... AWARDED: SILVER MEDAL AT PHOTOGRAPHIC EXHIBITION, CHICAGO, 1887; GOLD MEDAL AT PHOTOGRAPHIC EXHIBITION, MINNEAPOLIS, 1888; SILVER MEDAL AT PHOTOGRAPHIC EXHIBITION, MINNEAPOLIS, 1888; BRONZE MEDAL AT ART INSTITUTE, CHICAGO, 1889; GOLD MEDAL AT PHOTOGRAPHIC EXHIBITION, BOSTON, 1889; SILVER MEDAL AT L'EXPOSITION UNIVERSELLE, PARIS, 1889; GRAND PLAQUE 'VICTORY' SMITHSONIAN INSTITUTE, WASHINGTON, D.C., 1890; CRAMER PRIZE, BUFFALO, 1891...." In the early 1890s, his Milwaukee gallery at 310 State Street was supplemented by a Milwaukee branch at 456 Mitchell Street as well as the Chicago branch. Some of his years in Milwaukee were as S. L. Stein & Son, with Julian H. Stein. In 1895 he had more than one son to be interested in the business. Simon was President of the Photographers' Association of America for a year beginning in August of 1899. 3 1

| One George Stephenson was a 24-year-old farmer of Caledonia, Michigan, when he enlisted on August 2, 1862, in Company I of the 21 <sup>st</sup> Michigan Infantry at Bowne, Michigan. George was born at Saint Clair, Michigan, and had become a six foot tall man with a light complexion, blue eyes and dark hair. He was mustered into the regiment as a corporal on September 4, 1862. George received a gun-shot wound in action on October 8, 1862, at Perryville, Kentucky. The wound in his right shoulder caused paralysis of his deltoid muscle, the large triangular muscle that covers the shoulder joint and serves to raise the arm laterally. He was determined by a surgeon to be one-half disabled, and he was mustered out of the Union Army at Detroit on June 1, 1863. George applied for an invalid pension the next day, stating that he was a resident of Cascade, Michigan. His wife applied for a widow's pension in June of 1890. |      |   |

His parents came from New York State and Jerome was born in 1847 in Wayne County, Michigan, fifth of the six children of James and Lucy Ann Stevenson. He was enumerated as James J. Stevenson in 1850, and his surname was spelled Stevenson in the 1860 and 1870 census reports. Her father emigrated from Scotland and Bessie Frazier was born in Canada to an Irish mother about 1848. When she married Jerome in 1871 she was living in Ypsilanti, where he purchased an interest in the photographic business of Edwin P. Baker in 1872. The Arcade Block gallery of Baker & Stephenson was opposite the old post office, and a later gallery of Jerome's was over the Ypsilanti post office. He advertised in the program of the Adrian Opera House on December 20, 1890: "**JUST TRY Stephenson** For Your Next Photographs. He Will Please You. Over Kinzel's." In 1894 he was the proprietor of a ladies shoe parlor at the same address as his Adrian photograph gallery. The sale of his Adrian gallery to Frank P. Ford was reported in the fall of 1903. Something happened to Jerome's first marriage. Her father came from Connecticut and Mary F. Blakeslee was born in New York State in 1854. She and her twin brother Manley were last of the three children of Norman J. and Prussia J. Blakeslee. The family had moved to Marshall by 1870 from Jordan, New York. Mary remained single and taught school for many years before she and Jerome married about 1906. A fire in Jewell's clothing store on February 10, 1908, destroyed three backgrounds, a quantity of carpet and some furniture in Jerome's gallery above the store. Damage to the gallery from the flames, smoke and water was minimal. Jerome advertised the following September: "**PHOTOGRAPHS FREE.** During the month of September, 1908, I will make one cabinet photograph and give free to any and all persons over sixty years of age, that will call at my gallery." In August of 1911 a Marshall merchant enticed customers into his store by stating "We give you FREE a card entitling you to a large photograph of yourself at Stephenson's gallery, worth \$1.25...." Jerome advertised on July 3, 1916: "**WILL BE OPEN JULY FOURTH.** My photograph gallery and studio will be open tomorrow morning between the hours of eight and eleven for the benefit of all desiring a sitting at that time...." A fine enlargement from a vintage photograph of the old Presbyterian Church was made by J. J. Stevenson. In December of 1916 the enlarged picture was being exhibited in a store window before it was hung in the new memorial room of the church. State Street in Marshall was renamed Michigan Avenue about 1924, accounting for the change in the address of his studio at that time. Mary still was keeping house for Jerome in 1937, and neither of his marriages seem to have produced any children.

George was born in Ontario in 1857, eldest of the twelve children of Benson and Ann (Babcock) Sterling. He and Mary Regina Wilson were married in August of 1878. Their daughter Bertha was born in September of 1880, their son Wilson was born in Ontario in 1881 or 1882, and their daughter Jessie was born in Michigan in July of 1889. George's opening of a new gallery at Bay City was reported early in 1884. His Bay City cabinets included photographs and engravings of Ulysses S. Grant and publicity photographs for entertainers. He pitched his tent at Harrisville in August of 1886. Three of his fifteen or more different West Bay City cabinet mounts gave his price as \$1.50 per dozen, while two others gave it as \$2.00 per dozen. Many of these mounts proclaimed his status as Special or Official Photographer of the Michigan Central Railroad, and a cut of his specially outfitted railway car with side and sky lights was printed on the backs of some of them. Others stated: "... Old pictures enlarged to any size, and finished in India Ink, Crayon or Water Colors. A fine line of Frames, Easels, Etc., always in stock. Dealer in Artists' Materials and Small Musical Instruments. - Duplicates of this Photo. can be obtained at any time, or enlarged to any size, at the Central Gallery." The much larger mount of a 10 by 14 inch photograph of the depot at Eden had "Geo. F. Sterling, Official Photo., M.C.R.R., West Bay City" printed just below the image. From West Bay City he produced a cabinet photo montage of his daughter Jessie in six poses with and without her sled, stating that "My Papa makes pictures of little boys and girls and lots of picture frames to put them in." His photograph car, with its free magic lantern exhibitions, was well attended while sidetracked at West Harrisville, and did a \$300.00 business at Black River. The cut of the railway car with "STERLING'S PHOTOGRAPH GALLERY" and the Michigan Central logo was printed on cabinet mounts from 57 Baltimore Avenue West in Detroit. G. F. Sterling & Company were identified as Official Photographers of the Flint & Pere Marquette Railroad on mounts from 1356 Woodward Avenue. George was described as the Official Photographer of the Ann Arbor Railroad in September of 1897 when he took thirty views along the Detroit & Mackinac Railroad for use in a book the management planned to issue in 1898, and on mounts from 204-206 Woodward Avenue. When Michigan regiments went south in 1898 during the Spanish-American War, George followed with his railway gallery and cameras to camps at Chickamauga and Tampa. By the 48 companies and in smaller groups he photographed almost every enlisted man and officer, exposing over 300 plates, only one of which turned out to be fogged. On his return to Detroit, a complete book of the proofs was made up and his office was besieged by sweethearts and family members picking out their particular soldier and placing orders. George and his wife and his eldest daughter were kept very busy making copies to fill the orders. He published a hard bound book of over one hundred pages, reproducing most of these photographs. On the last page he offered to furnish copies of "Hundreds of Stereoscopic and other sized pictures. Large and small pictures for framing." One such framed photograph of Governor Pingree and his staff was 17 by 21 inches, matted to 24 by 28. George was on the first D. & M. train into Bay City in September of 1898, and took a photograph of the party at Emery Junction. On July 7, 1899, George drank some carbolic acid under the impression that it was his medicine, and soon died in agony. No inquest was held, and interment was at West Bay City. He had spent 21 of his 42 years in the photography business, and was survived by his wife, Mrs. Regina M. Sterling, and three children. Regina had been his partner in G. F. Sterling & Company, and she continued to operate the G. F. Sterling Company for several months after his death. Their daughter, Bertha L. Sterling, married Detroit attorney Lewis R. Nicholson on June 21, 1900. Wilson H. Sterling lived in Chicago for a decade or so before he returned to Detroit about 1920 and became a grocery broker. Before 1930 he had established a detective agency which by the 1950s had become the largest business of its kind in Detroit. Jessie Sterling became an actress.

Mary Regina Wilson was born in March of 1858 at Townsend, Ontario, and she was raised as first of the three children of Richard and Matilda (Purdy) Wilson. However, her parents were identified as James R. and Mary M. Wilson when she married the photographer George F. Sterling at Townsend on August 14, 1878. Her daughter Ida May was still born on July 15, 1879. Her daughter Bertha was born on September 13, 1880, and her son Wilson was born in 1881 or early in 1882. The family moved to Bay City in 1884, and her daughter Jessie was born in Michigan in July of 1889. This lady always was called Mary in Ontario, and just as consistently she was called Regina in Detroit. Regina was associated with her husband in G. F. Sterling & Company, and she continued the G. F. Sterling Company for several months after his death in July of 1899. d

His sister Mattie was born in June of 1886, and his brother Frank was born in March of 1888. Earl became a short man with brown eyes and hair. He was single in June of 1917, but hoped to be exempted from military service because of the demands of his photography business. Clara was born in Michigan to natives of Michigan, probably in August of 1895 as third of the five children of William and Lucy Kerby. Late in 1917 or early in 1918 she married Earl, who never was drafted. Earl succeeded Owosso photographer Dorr H. Day with the Day Studio. Earl advertised High Class Photos and was sole proprietor of the Day Studio until 1920, when Dorr H. Day came back as his partner. They did business as Sterneman & Day through 1923. Clara helped Earl in the studio until their children were born: John about 1925, and Phyliss in July of 1927. A couple of the census reports and the Clare listings in the gazetteers were for Earl H. Calvin may have been in Tampa to take advantage of the photographic business they represented. Lulu (later Lu Dull) was born in Indiana to natives of Indiana in 1880. While farming in Oxford Township, the family was served by the Oakwood post office. The photographer was identified as Gotham P. Stetson in the assessment list. Almira was born in Michigan to parents from New York about 1843, and she was married to Jotham by 1867. They were living next door to Jotham's parents in 1870. Almira gave birth to Reuben (later Frank) in the summer of 1869, and to Cora in 1871 or early in 1872. Jotham was a widower living by himself in 1900.

Fred was born in Gratiot County, Michigan to a Canadian mother on June 26, 1881, last of the three children of Civil War veteran Newell H. Stevens and Deborah Elizabeth (Glass) Stevens. His brother Ebner was born in 1872, and his sister Hannah May was born in May of 1875. Fred became a medium sized man with blue eyes and brown hair. "STEVENS" or "STEVENS - OSCODA" was lettered on the negatives of many post card photographs, some taken after a terrible fire destroyed most of AuSable and much of Oscoda on July 11, 1911. "B & S" was lettered on negatives taken after this fire, and indicated a collaboration with Albert J. Bradshaw. Fred's postal photos also depicted happier times in Oscoda and along the AuSable River, as well as construction of the Five Channels Dam in 1912 and the Loud Site Dam in 1913, plus views of the completed dams. "CONSTRUCTION CREW, ALCONA DAM, BAMFIELD, MICH. PHOTO SEPT 4, 1917. SCARLET & STEVENS" was lettered on the negative of a 6½ by 8½ inch print. Fred was the proprietor of an Oscoda lodging house in 1918, as well as a photographer. He and his brother remained single, and they were living in 1920 with their widowed mother. Annette was born in Illinois to natives of Illinois in 1893 or early in 1894. When she married Fred about 1925, she brought along her four-year-old daughter Maxine N. Johnson. Annette gave birth to her daughter Neva N. Stevens in July of 1926. Fred was providing photo finishing for amateurs in 1930. He died at Oscoda on August 16, 1971.

Gilbert was born in Canada to an Irish mother in December of 1862, seventh of the ten children of Harden and Catherine Stevens. Herman F. Pollis apparently had no professional photographic experience before his partnership with Gilbert. Her mother and her paternal grandparents emigrated from England and Ida Briggs was born in Michigan in October of 1863, first of the five children of Isaac and Edna Briggs and their only daughter. She married Gilbert about 1895, and they never had children. Gilbert made a cabinet photograph of a race horse and its owner standing in front of a Flushing stable, and he was enumerated in 1900 as an artist. By 1930 Ida was a widow living alone at Delphos.

Luman was born in New York City on January 4, 1823. Her father came from New Jersey and Rebecca Louisa Flemming was born at Romulus, New York, on June 12, 1833, second of the eight children of Frugift and Matilda Flemming. She married Luman at Adrian, Michigan, on January 15, 1853. Rebecca gave birth in 1854 to Frank, who died as a child. Luman was 37 years old when he enlisted at Monroe in Company E of the Seventh Michigan Infantry on September 4, 1861. He was mustered into the army on the next day, and was later assigned as a hospital steward. He was discharged at a camp near Harrisons Landing, Virginia, on July 15, 1862. The regimental history indicates that Luman was discharged in order to accept a promotion in another state regiment, but nothing in his pension record confirms this. In July of 1863 one L. Stevens was pleasing the citizens of St. Peter, Minnesota, with the ambrotypes and melainotypes that he was making in a room at the Keystone Hotel. By 1870 Luman and Rebecca had adopted Eva, who was born in Michigan to natives of Michigan in the summer of 1862. The general store at Muir was operated by the Stevens Brothers in 1872 and 1873, and then by Charles E. Stevens until 1891. I have guessed that Luman was the other brother, but he may have had nothing to do with the general store. Rebecca gave birth to Bertha at Three Rivers on January 11, 1873. "L. S. STEVENS, PHOTO ARTIST, Portraits Enlarged & Colored IN BEST STYLE. *Lightning Process for Children.* MUIR, MICH." was stamped on the back of some card and cabinet mounts. Luman was listed as a physician and surgeon in 1884, and as Dr. Luman S. Stevens in 1888. He was receiving a federal pension of \$10.00 per month at the time of his death at Alma from rheumatism on February 24, 1899. Rebecca lived until December 29, 1940, and spent her last 20 years in the San Diego, California, home of her daughter Bertha.

Olin was born in Michigan to parents from New York in August of 1855, third of the four children of Squire and Dorcas Stevens. Her father came from New York State and Esther was born in Michigan to an English mother in February of 1855. She married Olin about 1882, and their children were born in Michigan: Claud in March of 1884, and Bessie in January of 1886. Olin's card photograph mounts are typical of the 1880s rather than of the 1890s. Esther was providing for two boarders and two lodgers in 1910, as well as for her husband and her son. The Stevens were living at this time four doors away from Louis Chevrolet and his family. Something happened to Esther, and about 1921 Olin married a single woman named Annie who was born in Michigan to Canadian parents in 1875 or early in 1876.

| Edmund was born in New York State in 1825 or more probably in 1826. Seventeen-year-old Helen Stiles was one of the sixteen others boarding in the same house in 1850, and she may have been Edmund's wife or his sister. Edmund operated a daguerreotype gallery at Bath, New York. He advertised his London Daguerrian Gallery in the spring of 1851, noting that he had constructed a spacious sky light. A little over one year later he had disposed of this gallery, and planned to leave Ann Arbor on May 20, 1852. Edmund was lodging alone at Chicago in 1880, and boarding alone at Springfield in 1900. James was born in Michigan to parents from New York about 1833, last of the five children of Salmon and Elizabeth Stilson. Irena J. Rane was born in New York State to natives of New York on April 17, 1839, last of the four children of John and Betsey (Loomis) Rane. Her mother died when Irena was two years old, and her father married Irena Coolbaugh who gave birth to three boys between 1843 and 1859. Irena married James at Novi, Michigan, on September 20, 1853. She was enumerated as Jane in 1860, and as Irene in 1870 and 1900. She gave birth In Michigan to Soloman in November of 1855, to Harriet about 1858, to Rosa about 1864, to Henry in September of 1866, to Nellie about 1869, and to Julia about 1872. James enlisted at Whitmore Lake as a private in the First Michigan Engineers & Mechanics in July of 1864, was a bridge builder, and was honorably discharged in July of 1865 at Nashville, Tennessee. He apparently returned to Whitmore Lake and lived there for the rest of his life, which ended on May 28, 1897. Irena did not file for a Widow's Pension until March of 1905, when she was 66 years old. Stirling was born to an Irish mother in March of 1860 at Newaygo, Michigan, last of the five children of Walter and Ann Stirling. During his youth, his father went from making shoes to farming, and by 1880 John was teaching school. He married Connie Bollins about 1887, and their sons were born in Newaygo County: Ward in July of 1889, Walter in May of 1890, and Guy in July of 1896. By 1900 John was a widower and, with his boys, had returned to his parent's farm. In 1910 John and his son Walter were boarding with a widower in the village of Newaygo, where John was a mail carrier with a rural route. Her father came from New York and Carrie B. Collins was born in Michigan in 1867, second of the seven children of Henry Austin Collins and Mary Julia (Hewes) Collins. She had been married to a man named Degnin, but by 1920 she was married to John who was treasurer of Newaygo County. John died on May 22, 1926. She was born Hannah N. Graves in New York State in April of 1828. She married Ossian Auld about 1846, their daughter Emma was born in Michigan a year or so later, and their daughter Alsenia was born in Ohio in July of 1849. In 1860 Hannah was living in an Eaton Rapids hotel with her younger daughter. She and Ossian apparently divorced, for by 1864 she had become Mrs. Hannah N. Stirling. In 1870 she was providing a home for both of her daughters in Niles, while Ossian Auld and his English wife were living in Santa Cruz, California. By 1880 she was a widow, and was living with the family of her sister Sarah and her husband, James P. Howlett. Her name sometimes was spelled "Sterling" in the directories, and both "H. N. Sterling" and "Mrs. H. N. Sterling" were printed on card photograph mounts from Niles. However, her name was spelled "Stirling" in most of the directories, "H. N. Stirling" was printed on some card mounts from Niles, and "Mrs. H. N. Stirling" was printed on *cartes de visite* from Three Rivers as well as three versions of Niles card mounts. Hannah and her widowed sister Sarah were living in 1900 with the family of Sarah's daughter Cora and her husband, Robert G. Brown. Apparently Hannah was able to pay her own way.

James was born in Lambton County, Ontario, to a Scotch mother on April 26, 1876, second of the seven children of John C. and Mary (McIntyre) Stirton. He immigrated with his parents in 1887, and he became a citizen of the United States when his father was naturalized while James was a minor. He matured as a medium sized man with gray eyes and black hair. Martha was born in Michigan to Canadian parents in 1878, and she married James about 1906. Their son Robert was born early in 1908, and Martha was working in the Pontiac studio two years later. A studio portrait in the post card format was blind-stamped: "J. W. STIRTON, HARBOR BEACH, MICH." A postal view of horse drawn wagons and Pere Marquette railroad cars with the Peerless Elevator in the background seems to have been taken at Harbor Beach and had "Photo by Stirton" scribed into the negative. It was postmarked on July 20, 1914. Martha and Robert remained in Los Angeles when James returned to Detroit to work for the seed company. Martha was keeping house for James in 1940 and 1942.

John was born in Finland in 1868, and he immigrated in 1890. Hilma Kruppala was born in Finland in 1869, and she married John about 1890. Their children were born in Michigan: Mary (later Marie) in 1891, Hilma in 1893, Elma in 1898 or early in 1899, and Walfred two years later. John's studio was among the early Finnish businesses in Red Jacket and Calumet. On some cabinet mounts, "J. STOLT, Red Jacket, Mich." was printed beneath the image, and "John Stolt, Ainoa Suomalainen Valokuvaaja, Calumetissa, Mich." was printed on the back. John advertised in 1896 as a "PHOTOGRAPHER, PICTURES ENLARGED. Crayon, Pastel and India Ink Work a Specialty. Prices Moderate...." On a cabinet card blind stamped "Stolt, Calumet, Mich." was mounted a photograph of five men, three in uniform caps and two with cameras, on a crude dock with the Portage River Lighthouse near Jacobsville in the background. John advertised in 1895 as an "**Artistic Photographer**; Especially Equipped for large work and Family Groups." The Photographers' Association of Wisconsin was open to photographers of the upper peninsula of Michigan, and John's entry in the Portrait Class at their annual convention was mentioned in April of 1898. At the Milwaukee convention of the PA of W in March of 1901, John was awarded Third Prize in Class A for his three pictures, eight inches or more. He copyrighted a 3½ by 11 inch photograph of the Calumet & Hecla mines in 1907. His wife died in 1909, and in 1910 John was providing a home in Laurium for his three daughters and one son. Ground was broken for the Mohawk studio of Rickard & Stolt late in July of 1911, and the studio opened for business on August 26, 1911. John was living in Detroit with the family of his eldest daughter in 1920, and he died in Detroit on May 26, 1922.

Edmund was born at Dexter to a mother from New York in August of 1857, and he studied photography as a youngster. He was enumerated as an artist in 1880, when he had an 18-year-old wife named Jennie who was born in New York State to natives of New York. "Edward Stone, ..." was printed on some Grass Lake card photograph mounts, while "E. J. Stone, ..." was printed on others. One gazetteer listing at Grass Lake and a couple at Dexter were for Edward J. Stone, as was the 1910 census report, but all other listings and information were for Edmund or Edmond J. Stone. Something happened to Jennie and about 1893 Edmund married a lady named Inga, who was born in Utah in June of 1870. Neither of his marriages seems to have resulted in any children. When his mother became ill, Edmund returned from Bay City and opened a studio at Dexter on December 10, 1898. "E. J. STONE, Photographer, Dexter, Mich." was printed on 1 by 1 ½ inch labels adhered to the back of 11 by 14 black commercial mounts. One of these carried a print of seven junior officers, ten women, one civilian man and a dog in front of tents with the flags of the United States and of the regiment, probably the 31st Michigan Infantry. Such photographs probably were taken at Island Lake, twenty miles northeast of Dexter. Edmund remained in business at Dexter until his mother died, and then left for the west. In April of 1908 the Gem Photo Company took over the Dexter gallery. Edmund spent some time in the state of Washington after leaving Missoula and before locating at Lakeview. He died at Lakeview on October 14, 1915. His widow Inga was living in 1920 with younger relatives in Lakeview, where she was enumerated as an artist.

Oscar was born in Washtenaw County, Michigan, to James and Elizabeth (Kelsey) Stone on February 7, 1858. One of his Ludington cabinet photographs depicted the book store of F. W. Andrew & Company, with the entire back of the mount covered with advertising for the store. Miss Ida Kenney and Oscar were married on March 22, 1885, and their daughter Bessie was born on October 7, 1888. Oscar opened the Pentwater gallery on November 15, 1885, and in 1890 he owned the building in which the gallery was located. One of his Pentwater cabinets was of a six-passenger spring wagon. John was born in New York State to natives of New York in May of 1841, third of the five known children of Samuel and Elizabeth (Shauck) Storey. His mother was enumerated as mulatto in 1850, when John and his siblings and his father were enumerated as negro. John was enumerated as black in 1870, as mulatto in 1880, and as white in later census reports. He probably had a 27-year-old black wife named Emeline and a four-year-old daughter named Catherine in 1870. John and his 24-year-old white wife named Nellie were without children in 1880. Herbert Mendenhall had a decade of professional photographic experience prior to forming the partnership with John, and he usually was enumerated as mulatto. Her father came from New York and Ella was born in Michigan in July of 1854, the daughter of Harmon and Esther (Randall) Murphy. She always was enumerated as white. John was a widower when he married Ella over in Windsor, Ontario, on August 18, 1894. They never had children. Ella was a widow by 1930, when she was living on the Dover Township farm of a relative. Ella was back in Adrian by 1936, and she still was there in 1940.

Lawrence was born in Ohio to natives of Ohio on November 26, 1875, last of the three children of David T. and Isabella Stout. His sisters also were born in Ohio: Clara (later Sara) in July of 1868, and Mary (later Marguerette) in December of 1874. Lawrence became a medium sized man with blue eyes and light hair. He and Marguerette were living at Chicago in 1900 with Sara and her husband, the hypnotist James McGregor. Her father probably emigrated from Alsace-Lorraine and Marie (later Marietta or Mariette) was born in Illinois to a German mother about 1883. She married Lawrence about 1903, and they never had children. Stout's Studio produced both typical resort studio portraits and outdoor scenes in the post card format. Lake Point was on the south shore of Paw Paw Lake and was a stop on the St. Joseph & Paw Paw Lake Electric Railway. Marietta was managing the office work of their photographic business in 1920, and probably during much of her marriage to Lawrence. 2 1

Her sister Hester was born in Ohio in 1871. Olive was living with Malinda and William Wrigglesworth in 1900, when she was enumerated as a sister-in-law. John F. Johnson was born in New York State about 1874, and he married Olive about 1902. Their daughter Celia was born in Michigan in 1904. Olive was a widow by 1920, when she was called Ollie and was continuing her husband's grocery business. Mrs. Cheever apparently was one of the private patients Ollie was serving around 1930. It is not clear how the creator of the Parrish Family Tree equated the girl who began as Olive Stoy with the woman who died in 1955 as Mrs. Ollie E. Beebe in Alachua County, Florida.

William was born at Aurich in the Hanover region of Germany on May 12, 1870. He immigrated in 1888, and he was naturalized a citizen of the United States in 1896. The opening of William's gallery at Tawas City was announced early in 1899, and the opening of his Vassar gallery was reported in August of the same year. Her father emigrated from Germany and Marie was born at Frankenmuth on January 25, 1883, first of the six children of Theodore and Catherina Wilhelmina (Ranke) Fischer. She married William on December 29, 1899, and their son Carl was born in Frankenmuth on July 9, 1903. "STROMER, Frankenmuth" was blind stamped into 11 by 14 inch mounts with bird's-eye views of flooded sections of Frankenmuth early in the 20th Century, probably in 1904. William's Frankenmuth studio was on the east side of Main Street in 1916, immediately north of the barber shop and two doors south of the sash and door factory. He owned this lot which ran back to the Cass River. His son Carl was enumerated in 1930 as an assistant photographer in William's studio. Accompanied by Marie and Carl, William visited Europe in the summer of 1932. William sold the Frankenmuth studio early in 1933 to young Richard Rummel for a down payment of \$500, and with Marie moved from living quarters in the lower half of the studio building to their retirement home. The Rummel Studio opened on March 12, 1933.

His father emigrated from Scotland, and Henry was born in Nova Scotia in April of 1834. Elida (later Lida and Lyda) was born in Canada in December of 1847, she married Henry about 1862, and they immigrated to the United States in 1866. Their daughters were born in Illinois: Linnie in March of 1868, and Addie in January of 1872. Their son Harry was born in Wisconsin in August of 1880. Henry often was identified as H. Stronach in Michigan and Wisconsin. He opened the Florence gallery in the middle of March in 1883, and he sold it to Jorgen J. Eskil on July 4 of the same year. "H. STRONACH, Artist, Cottage Gallery." was printed on a couple of styles of cabinet mount about 1890. O. L. Sturtz had some professional photographic experience prior to his partnership with Henry, and he continued a photographic career for more than a decade. Adolphus Van Sickle was in the photographic business for 25 years prior to his partnership with Henry. Most Stronach & Vansickle cabinet imprints did not include a place name. Lutellus L. Wade was a principal of Stronach & Company at Menominee. A national periodical carried this advertisement in May of 1895: "WANTED PARTNER - Strictly first-class all-round man as partner, to do half the work; pay half running expenses; take half profits. New ground floor gallery; fine location. Address H. Stronach, Marinette, Wisconsin." This ad appeared two years later: "PARTNER WANTED - A first-class operator and retoucher; ground floor; good location; will rent, sell or run on shares; also canvas tent for sale. H. Stronach, Marinette, Wisconsin." Henry advertised from Marinette in March of 1898: "WANTED - To correspond with a photographer who has a little money; I have a nice little ground-floor gallery in a nice location; at a great bargain...." He advertised again in October: "FOR SALE - At a great bargain; a nice little ground-floor gallery, in a fine location; doing good, fair trade; old age and sickness the only reason...." And again in April of 1899: "FOR RENT - Nice little ground-floor gallery furnished up to 8 x 10 in good location...." The sale of Henry's gallery in Marinette to F. W. Schneider & Son of Green Bay was reported early in 1900. Both of their daughters became school teachers, remained single, and continued to live with Henry and Lyda through 1920.

Nelson was born in Knox County, Ohio, to parents from Vermont in 1820, the son of Augustus and Sarah (Doolittle) Strong. He had two siblings that died as infants and a twin sister Lucy. Their mother died in September of 1827, and their father married Mary Stevenson in May of 1828. Their half-sisters were born in Ohio: Vesta in 1833, and Eunice in 1839. Rebecca was born in Ohio to parents from Connecticut about 1821. She married Nelson about 1850, and she gave birth in Ohio to A. O. Strong about 1852, to Herbert P. Strong about 1858, and to a daughter and a son that died as children. At Allegan, Nelson glued three by two inch tintypes onto *cartes de visite* with his imprint. He was still identifying himself as a daguerreian artist in 1870. "From N. F. STRONG'S FINE ART GALLERY, 62 Western Ave., Muskegon, Mich." was printed on the paper sleeves of tintypes as well as on card photograph mounts. Nelson's Muskegon gallery was at the corner of Western Avenue and Terrace Street. By 1880 both William and his father were widowers, and his daughter Ella was keeping house for them. Her father came from New York and Sarah was born in Michigan to a mother from Vermont in March of 1843. She married William about 1881, and they had no children. William applied for a patent on a Picture-Case for Tombstones that claimed to make the image accessible to the sight and impervious to the weather on June 26, 1883. He was granted Patent Number 291,106 on January 1, 1884. The second Sarah still was keeping house for William in 1910.

| Ithaca PHOTOGRAPHER .....  | 1888-1891 | t m |
| "J. F. STRAUSE, Ithaca, Mich." and "Dedicated at Ithaca, Mich., Aug. 28, 1888." were printed on the cabinet mount of a photograph of a log cabin with a "Harrison and Morton" banner on the roof and "Young Men's Republican Club Headquarters" over the doorway. The name was spelled "Strouse" consistently in the gazetteers and on several other cabinet mount variations. Between nine and ten on the evening of Thursday, July 10, 1890, fire started in a hotel at the corner of Center and Main Streets and swept northwest through the block and across the alley where it destroyed the photo gallery of J. F. Strouse in the rear end of Richardson's brick building. |           |     |

Henry was born at Pichley in Russia on December 5, 1887, and by 1917 he probably was a naturalized citizen of the United States. He was short and stout with blue eyes and dark brown hair, and was married with one child. Henry was classified as a photographer in 1917, although the alphabetical pages indicated that he was dealing in phonographs and records along with his clothing business.

By April of 1930 Walter was a widower working as a hired hand for a farmer in Sherman Township of Mason County, Michigan, and boarding with a 62-year-old Lithuanian widow.

DeWitt was born in Michigan to Canadian parents on October 30, 1884, the elder son of William Fraser Stuart and Minnie Jane (Cress) Stuart. His brother Welford was born in Michigan in July of 1886. Their father was a photographer, and he is profiled below. DeWitt became a tall man with brown eyes and dark hair. Violet Amelia Tage was born at Wentworth, Ontario, to English parents on December 4, 1889, third of the four children of Henry and Jessie Tage. She married DeWitt in 1909 or early in 1910, but the marriage did not last. Her father came from Illinois and Ella Mae Gantner was born in Grand Rapids, Michigan, on June 12, 1888, the elder daughter of George M. and Viola Gantner. Her sister Edna was born in New York State in April of 1892. Ella was married to DeWitt by 1920, when they were living with her widowed mother. DeWitt was sole proprietor of The Stuart Studio, which offered "Distinctive Portraiture" and "Exclusive Styles in Portraiture." The studio remained in the same location during 1920, while its address changed along with most others in Detroit. Ella still was keeping house for DeWitt in 1930, and they had no children. His parents emigrated from Scotland and William was born in Woodhouse Township of Norfolk County, Ontario, on February 4, 1842, first of the seven children of Joseph and Isabella Stuart. He became six feet tall with a fair complexion, blue eyes and dark hair. Minnie Jane Cress was born in Ontario to natives of Ontario on November 14, 1861, second of the four children of Simon and Eliza (Miles) Cress. Prior to her marriage to William, Minnie was living with her parents at Sand Beach, where she was working as a dress maker. She gave birth in Michigan to DeWitt T. Stuart in October of 1884, and to Wilford H. Stuart in July of 1886. DeWitt became a photographer, and he is profiled above. William and Minnie moved from Hamilton, Ontario, to Buffalo, New York, on October 22, 1912. Minnie died in New York State on December 3, 1925. William soon moved back to Ontario and was residing at Hamilton prior to his death from pneumonia at Port Dover on February 7, 1932. Burial was in the Cress plot at Hamilton Cemetery in Hamilton, Ontario.

Charles was born in Michigan to parents from Pennsylvania on February 28, 1884, fifth of the seven children of Jonathan E. and Sarah Jane (Marks) Stuck. "FROM CHAS C STUCK, FREESOIL, MICH." was stamped on the back of the 5 by 8 inch grey mount of a photograph of a railroad trestle and bridge over a meandering stream. "1891" was penciled on the back of the mount. I have no doubt that the stamp belonged to the same person enumerated in the census reports. Unless the penciled date was wrong or Charles was a photographic child prodigy, I am probably wrong to designate him as the photographer. Charles matured as a medium sized man with brown eyes and black hair. Her father came from New York and Dora Silvina Crandall was born in Oceana County, Michigan, on September 1, 1886, third of the five children of Fitch David Crandall and Electa M. (Brewer) Crandall. Dora married Charles at Hesperia, Michigan, on October 3, 1906. Their daughters were born in Michigan: Beatrice in 1907, and Pearl in September of 1909. Charles did not become a veteran of World War I. Dora probably was a widow when she died at Miami, Florida, on August 10, 1971.

His father came from New York and Raymond was born in Ohio to a mother from Michigan on October 10, 1876, last of the five children of Levi and Emma Stuck. His father was a dentist, and Raymond became a five foot ten inch man with gray eyes and blond hair. He was listed as Raymon Stuck in Newaygo, and as Ray Stuck in 1900 when he and his father were boarding in a small hotel and they both were enumerated as dentists at Hesperia, a smaller town less than twenty miles northwest of Newaygo. Inez was born in Michigan to parents from New York in February of 1881, first of the three children of Clarence and Mercy Wilcox. Her family was farming in 1900 in Denver Township of Newaygo County, Michigan, just a few miles from Hesperia. Inez and Raymond were married in 1900 or 1901, and they never had children. They were living with the parents of Inez in 1920, and they were providing a home in Chicago for her widowed mother in 1930. The pertinent page of the 1930 census report is very illegible.

Alex was born at Lomza in the Polish region of Russia on July 8, 1888, immigrated in 1912, and became a naturalized citizen of the United States. He was a slender man with gray eyes and light hair. Her parents emigrated from the Polish section of Germany and Lottie was born in Michigan on June 21, 1897, the daughter of Joseph and Frances Kosmalski. She married Alex about 1917, and he soon was in the armed services for the duration of World War I. She and Alex were providing a home in 1920 for Lottie's widowed grandmother, Catherine Kosmalski. Alex succeeded Anthony Mazur in the Canfield Avenue studio. He and Lottie had no children in 1930, when they were living with Lottie's widowed father. Lottie seems to have been a widow for quite a while and was a resident of Southfield, Michigan, prior to her death in April of 1979.

Delia was born in Ohio to parents from Pennsylvania about 1858, and she married Loren about 1873. Their children were born in Michigan: Claude about 1874, and Maude about 1876. Thomas J. Sutton came from Kentucky and his son Arthur was born to a mother from Michigan at Carthage, Missouri, in June of 1871 according to Nineteenth Century records. Twentieth Century records state that Arthur was born at Carthage on June 27, 1876. Daniel and Mary Wait, his maternal grandparents, were providing a home in 1880 at Corunna for Arthur. He became a five foot four and a half inch man with blue eyes, brown hair and a fair complexion. Arthur enlisted at Saginaw on October 5, 1892, in Company F of the Second United States Field Artillery. He served until May 1, 1894, when he was discharged at Fort Riley, Kansas. A photographic journal mentioned in May of 1897 that "Arthur J. Sutton of Corunna, Michigan, has a good 'fur coat' story to tell. Ask him about it." The sale of his Corunna gallery to Welte & McLean of Owosso and his purchase of the Lansing gallery of Samuel L. Sharpsteen were reported in June of 1898. By July of 1898 Arthur had taken possession of the Owosso gallery he had purchased from F. H. Nix & Son, and by December of 1898 he had sold the Owosso gallery to Arthur Miller and was contemplating a trip to Puerto Rico. Mary was born at Washington, D. C., on April 14, 1878, or April 6, 1880, and she married Arthur on February 11, 1907. They had no children. Arthur and Mary visited France, England and Italy in 1925. They left New York on S. S. Majestic on January 10, and they returned from Cherbourg, France, leaving on S. S. America on June 4 and arriving at New York on June 13, 1925.

Moses was born in New York State in 1823, one of the eight sons of Isaac and Sarah (Underhill) Sutton. He moved with his parents in 1836 to a 640-acre farm near Battle Creek. He succeeded James E. Martin and advertised in March of 1851: "Martin's EXCELSIOR DAGUERREOTYPE GALLERY ... a few doors west of Young Men's Hall ... MOSES SUTTON, PROPRIETOR. Stock, Chemicals and Apparatus are kept constantly on hand to order." The gallery was up one flight of stairs in the Kearsley Block on the north side of Jefferson Avenue between Bates and Randolph Streets, opposite the Advertiser office. Despite the variations in address, this was the location of Moses' business throughout his Detroit career. From 1851 to 1860, Moses exhibited at each of the Michigan State Fairs which were held at Detroit in September or October. He was awarded the premium for the best daguerreotypes in 1851 and for the second best in 1852. Sutton & Brother received the premium for the second best daguerreotypes in 1853 and again in 1854, and in 1855 were awarded premiums for the best colored photographs, best daguerreotypes, best plain photographs and a daguerreotype on glass. Moses had the best daguerreotypes, mezzographs and ambrotypes in 1856, the best oil painting, daguerreotypes and photographs in 1857, the best daguerreotypes, mezzographs and ambrotypes in 1858 and again in 1859, and the second best ambrotypes and photographs exhibited in 1860. Sutton & Brother introduced the paper photograph to Detroit in 1854 with views of the Biddle House and Firemen's Hall, explaining that the daguerreotype is first taken on glass and then transferred to paper. They were engaged to take construction views by the Sault Canal Company for presentation to the legislature. Moses spent time in New York early in 1855 being instructed in the collodion process by Brady and Turner. Sutton & Brother photographed by Turner's process in 1855 with great success. Some of their employees were Luther P. Dodge, daguerrean artist in 1855 and 1856, John Schonacker, daguerrean artist in 1856, Conrad Highwood, artist in oil colors in 1855 and 1856, and Conrad Hockholzer, artist in 1856. Moses advertised full length life size photographs colored in oil, and in 1857 was exhibiting such a portrait of General Cass in a frame eight feet by six. He continued to employ Conrad Highwood for this sort of work through 1859, and employed Arthur Laurie as a photographic artist about 1860. Moses photographed the Detroit Light Guard in February of 1859, and exhibited portraits of Captain E. B. Ward and Judge Wilkins along with pictures of prominent Detroit residences in October of 1860. Moses had been supplying the materials of the trade to others since his first days in Detroit, keeping this as an adjacent but separate business during the partnership with his brother. He began emphasizing the wholesale aspects of this business about 1860, adding gold frames and artists' materials. From October of 1860 through 1867 James F. Raymond was the proprietor of the gallery at 205 Jefferson Avenue, while Moses concentrated upon the photographic supply business next door at 207, employing Edward T. Sutton as a salesman in 1864 and 1865 and Thomas Welsh as a clerk in 1867. With Porter & Perry of Kalamazoo, Moses constituted the Michigan Committee for Collecting Funds for Furthering the Objects of the first convention of the National Photographic Association which was held at New York in April of 1868. Moses was on the first published list of NPA members in July of 1869. Moses bought back the gallery from Raymond about 1868, and continued the wholesale business at least into 1870. An 8 by 10 inch photograph of a group of Detroit business men taken by Moses about 1872 was retouched on the print rather than on the negative. Moses was on his way to Florida in hopes of reestablishing his health but got only as far as the St. Nicholas Hotel in New York City, where he died early in 1874. Burial was in the Raisin Valley Cemetery of Lenawee County, Michigan.

| Isaac and Sarah (Underhill) Sutton had one daughter and eight sons. The youngest son was Nehemiah, who was born in Cayuga County, New York, on June 21, 1829. He moved with his parents in 1836 to a 640-acre farm near Battle Creek. He remained on the family farm until he was 22, when he joined his brother Moses in Detroit and learned daguerreotyping. Sutton & Brother introduced the paper photograph to Detroit in 1854, and soon announced that they had purchased Turner's new process for taking photographs on paper or canvas, joining Gurney & Fredericks of New York and galleries in Paris, France, and Charleston, South Carolina, in the exclusive use of the process. In 1855 they also advertised daguerreotypes of distinguished men and stereoscopic views of the old country. Nehemiah returned to farming in Raisin Township in 1856. Mary Elizabeth Satterthwaite was born in Michigan on June 27, 1835, the daughter of Reuben and Rachel Satterthwaite. She married Nehemiah at Tecumseh on March 13 or November 15, 1854. Their daughters were born in Michigan: Anna on May 3, 1858, and Mary on December 10, 1864. Nehemiah later purchased a 240-acre farm in Tecumseh Township and a 210-acre farm in Franklin Township just west of Tecumseh. He also was a majority stockholder in the Tecumseh Opera House. By 1880 Nehemiah and his wife had adopted Franklin Wakefield, who was born in Massachusetts about 1867. They spent the rest of their lives in Tecumseh Township. |           |   |

Yoshi installed a radio set in the Owl Drug Store during November of 1922 for the entertainment of the soda fountain patrons. He assembled the radio himself and was able to tune in stations as far away as Davenport, Iowa, and Kansas City, Missouri. Much of the time Yoshi's residence and studio were at the same address. George was born to natives of New Hampshire in Meredith Township of Belknap County, New Hampshire, on July 15, 1866, the only son of Hosea S. and Christina J. Swain. His sister Edith was five years older. He taught in country schools and then at a high school in Ventura, California, before coming to the University of Michigan to earn his B.A. degree in 1897 and his M.A. degree in 1900. Edith Louise Rice was born in California to natives of California in May of 1873, first of the four daughters of William Ish Rice and Frances M. (Hobson) Rice. She married George, who had been one of her high school teachers at Ventura, at Ojai, California, on June 28, 1900. Their children were born at Bay City: Frances on June 27, 1902, Robert on June 15, 1905, and Edwin on August 9, 1906. Beginning in 1913, George worked closely with Professor Francis W. Kelsey of the U of M Latin Department, accompanying him on four extensive trips to Europe and Asia Minor and photographing old manuscripts and excavation sites at Antioch, Turkey, and elsewhere. The Kelsey Museum at the U of M has an extensive collection of Swain's archaeological photography. As the university photographer, George also produced lantern slides of paintings and flowers for other departments, some labeled: "Made by G. R. Swain, Latin Dept., University of Michigan, Ann Arbor." Simultaneously with his work for the university, George carried on a commercial photographic business. In 1916 he advertised "... Out Door Views, Enlargements and Home Views. DO YOU WANT An especially fine Photograph of your family, your children, your house, or of your horses, cows or other fine stock? Then call on or phone SWAIN...." He produced a three panel series of views of the demolition of the clock tower of the University Library on July 14, 1917. He advertised in 1919: "I have for sale an unequalled collection of Campus, Ann Arbor, and Huron River views – from ten cent prints for your 'M' book to sixteen by twenty enlargements. Also I develop and print films, make lantern slides and take pictures of people...." Mrs. Swain died in 1939, and George was eighty when he died at Ann Arbor on April 8, 1947. The Bentley Historical Library has fifteen boxes of George's negatives and prints as well as a card index to more than 13,000 negatives.

His father came from Pennsylvania and Jacob Harry Swaine was born in Ohio in the late summer or early autumn of 1838, first of the three children of Dural and Jane (Kennedy) Swaine. His sisters also were born in Ohio: Lydia about 1840, and Rebecca Jane about 1847. Jacob married an eighteen-year-old maiden named Sarah from Indiana in September of 1859. This marriage did not last. Maggie was born in Ohio to natives of Ohio about 1841, and she married Jacob about 1866. Their children were born at Richmond: the twins Charles and Frank in 1867 or early in 1868, Josie in March of 1870, Laura about 1872, Nellie about 1874, and Harry in March of 1880. The photographer usually was identified in Richmond as Jacob H. Swaine. His partners there were W. A. Brown and then Elisha G. Mote. Swaine & Mote's Photographic Chariot was sent out from the Richmond headquarters. Stereo views were produced from Richmond by Mote & Swaine. J. H. Swaine joined the National Photographic Association between July of 1869 and June of 1870. Mote Brothers had succeeded Mote & Swaine in Richmond by 1874. Harry's gallery was by far the oldest in Detroit in 1875, having been occupied by James E. Martin in 1850 and 1851, by Moses Sutton from 1851 until 1860, by James F. Raymond from 1860 to 1867, and by Moses Sutton again through 1873. Among its many attractive features was the "Sensational Bay Window" with large mirrors that gave a kaleidoscopic view of Jefferson Avenue. "SUTTON GALLERY, 209 Jefferson Ave., **J. Harry Swaine**, Photographer. - We make a GREAT SPECIALTY of Children's pictures, the great rapidity of our sky-light enabling us to work almost instantaneously." was printed on some card photograph mounts. Harry advertised: "Only first-class work to be had at this Gallery, as none but the best of workmen employed." Sixteen-year-old Charles D. Swaine and Frank W. Swaine worked as photographers for their father in 1883, when Maggie still was keeping house for her husband and children.

His father came from Connecticut and Lyman was born in Michigan to a mother from New York in May of 1840, sixth of the ten children of Avery and Catherine Maria (Ackerman) Swan. Margaret was born in Canada about 1845, and she married Lyman late in 1863. She seems to have gone back home to give birth to each of their children, for they all were born in Canada: John in 1864, Sarah in 1866, Hamilton in 1868, and William in February of 1870. Hamilton died as a child, and something happened to Margaret. Hulda was born in Canada to Canadian parents in December of 1838, and she married Lyman about 1874. She was listed as an Imlay City milliner in 1880 and 1883, and from 1886 through 1895. Lyman applied for a patent on a Sulfur Candle (for preserving meat) on December 9, 1897, and Patent Number 647,770 was granted to him on April 17, 1900. Stephen was born on a Lapeer County farm to parents from New York in October of 1844, fourth of the five children of Jacob and Mary Swart. Stephen claimed to be 18 years old when he enlisted at Flint in Company A of the Eighth Michigan Volunteer Infantry on August 2, 1861. The regiment left Detroit on September 27 and arrived at Washington, D. C., on September 30, 1861. Assigned to the "Expeditionary Corps" under General T. W. Sherman, the Eighth served along the coast at Hilton Head and Beaufort, South Carolina, and at Coosaw River and Tybee Island, Georgia. The regiment lost heavily in killed and wounded in battles on Wilmington Island in April and on James Island in June of 1862. The date of Stephen's discharge for disability was not recorded. Charlotte (usually Carrie) Woodruff was born in Michigan to parents from New York in 1850, and she married Stephen about 1869. Their children were born in Michigan: Arthur in July of 1873, Maude in April of 1886, and the twins Ira and Wallace (who died as children) about 1892. Stephen sold watches and clocks as well as jewelry, and was a practical watchmaker. Wenona was consolidated in 1877 with the villages of Salzburg and Banks into West Bay City. After 1889 Stephen's shop was at 116 South Linn Street in West Bay City, which was annexed by Bay City in 1905. Stephen was a widower by 1900, and he probably was dead by 1906, when his son, Arthur T. Swart, was first identified as the proprietor of the jewelry shop at 116 South Linn.

Otis was born in Townshend Township of Windham County, Vermont, to natives of Vermont on May 20, 1839, last of the four children of Ezekiel Preston Taft and Emily W. (Harris) Taft. Jane Elnora (sometimes Jennie) Fisher was born in Townshend Township of Windham County, Vermont, to natives of Vermont on April 1, 1838, first of the five children of Nathan and Cornelia Fisher. She and Otis were married by 1863, and their children were born at Jackson: Cece in the summer of 1867, Rose on December 18, 1870, and Preston on January 14, 1874. Otis advertised in 1871: "TAFT'S GEM PICTURE GALLERY, Main Street, Jackson, Mich. These are the Cheapest and Best Pictures made! All work done with Patent Multiplying Camera, and finished immediately. Any Number required made at ONE SITTING! With this camera we can turn out a Gross of Pictures every five Minutes." Otis was employing his sister-in-law Miss Sarah E. Fisher as a ferrotype artist in 1880. At about this time he advertised: "Taft's Glass Front Gallery, 156 Main West. Ferrotypes a Specialty." Otis used paper sleeves the size of *cartes de visite* to package four different sizes of tintypes. A full plate could be cut into 72 of the smallest, 36 of the next size, 16 of the next, or only 8 of the largest. He also packaged slightly larger tintypes in 5 by 3 inch paper folders, and produced 1¼ by 2 inch calling cards with a small tintype portrait showing through a 3/8-inch oval opening in the card. He and photographer Clarence Underwood shared the same or adjacent studios in 1882 and 1883, and Underwood continued at 156 West Main Street until 1887. The gallery seems to have reverted to Otis, for he advertised nationally in 1888: "FOR RENT OR SALE - Ferrotype Gallery, Main Street, Jackson, Mich. Address TAFT, Photographer, Buffalo, NY." The gallery at 156 West Main Street was occupied by Edmondson & Harrison from 1888 to 1891. Otis died on January 17, 1899. Preston was living in Buffalo with his widowed mother in 1900.

Elmer was born in Carthage Township of Franklin County, Maine, to natives of Maine on April 14, 1854, the younger son of Wyman Vose Tainter and Susan F. (Wilson) Tainter. His brother Albert was born on February 18, 1850. Their mother died on December 8, 1854, and their father married Mary Maxfield on August 2, 1855. Their half-brother Willis was born in Carthage Township on May 15, 1857. Her father came from New York and Carrie was born in Michigan to a mother from New Hampshire in April of 1858. She and Elmer married about 1879. Photographer Emory Allen was boarding with the Tainters in 1880, and he probably was working in Elmer's gallery. Elmer used a stereo viewer and a few stereographs as props in some of his cabinet photographs of groups. "E. E. TAITER, PHOTOGRAPHER, Special attention to work in India Ink, Colors and Crayon, Enlarging a Specialty. CASSOPOLIS, MICHIGAN." was stamped on the backs of stereo views and cabinet mounts. Carrie gave birth to their only child, Cyril Wyman Tainter, in Cassopolis on April 14, 1889. She was a widow by 1910, when she was keeping house for a young family in Kalamazoo while both parents of a six-year-old child were employed.

George was born to natives of Michigan at Fenton, Michigan, on May 12, 1887, the only child of William H. and Alice J. (Bunting) Tamlyn. His parents divorced, and George was living in 1900 with his mother where she was working on the farm of William Green. He attended high school at Linden, Michigan, where he was active in the Parliamentary Society, played first base on the baseball team and right guard on the football team, and represented his school in the 220 yard dash and the shot put. He graduated with the Class of 1905, was vice president of his class of sixteen persons, was assistant editor of the yearbook and wrote the class poem. George became a slender man with blue eyes and light brown hair. He learned photography while working for Hiram Judson, who had studios at Fenton, Linden, Gaines and Swartz Creek. He still was living with Hiram and Viola Judson at Fenton and doing odd jobs in 1910. Mayble was born in Michigan to parents from New York on February 23, 1885, second of the five children of Thomas H. and Kittie (Harding) Green. She grew up in Holly and Fenton. George purchased the studio at Mason shortly before he and Mayble were married on August 17, 1911. W. L. Cheney attended to the business while the newlyweds enjoyed their honeymoon. On entering their rooms above the Mason studio, they were surprised by friends gathered to welcome them. The groom had everything there in readiness for housekeeping except groceries, which were liberally supplied by the friends. Mayble gave birth at Mason to Lydia on June 23, 1912. Their other daughters were born at Fenton: June on on June 16, 1917, and Georgia on November 19, 1919. Georgia lived only until March 13, 1921. Mayble took an active part in the photography business, doing all the printing, and even bringing her babies to the studio in a buggy to do so. Mason post card photographs by George included his own studio and living quarters, a football touchdown being scored, a chautauqua tent and the Mason Cornet Band. His first studio in Fenton was over a grocery and had been used as a photographic gallery for decades. About one year later, the bank building at the corner of Leroy and Caroline Streets was remodeled and George moved into the north half of the ground floor which he occupied for the next 26 years. This was the first ground floor studio in Fenton, and became known as one of the most complete and best equipped photograph shops in Michigan. George advertised his "... Ground floor studio, enlarging and portrait work, dealer in Kodaks and supplies, Kodak finishing." His studio and the bank were gutted by a fire that started in the Masonic rooms above on the morning of December 31, 1924, but all portrait and Kodak work was saved. George opened a temporary office in the electric shop next door and was back in business within ten days. The studio address was 103 North Leroy Street in 1930. From Fenton George produced postal photographs of many of the towns, camps and major lakes within a twenty mile radius: Argentine, Clarkston, Fenton, Hartland, Holly, Linden and Waterford; Camps Frisbie, Innisfrie and Wathana; Long Lake and Maceday Lake. Notable among these were several views of a Clarkston street carnival in August of 1922, the Parade in Fenton on July 4, 1924, an aeroplane view of Fenton, and views of the Centennial Parade at Holly in July of 1938. George donated a leather album containing nearly 200 photos of this Centennial celebration to the Holly Township Library. His portraits often won prizes at national and state exhibitions, and one was selected for the traveling loan exhibit of the Photographers' Association of America in 1927. George was a long time member of the PA of A, and at one time was a director of the association. He was the first Michigan person to join the Photo Finishers Association of America, and became First Vice President of the Michigan Division of this organization. He was active in the Master Photo Finishers of America, serving as President of the Michigan Division and addressing the eighth annual convention at St. Louis, Missouri. At the time of his retirement, he had served as Secretary and Treasurer of the Michigan Photographers Society for sixteen consecutive years and was honored with a life membership. In later years he called himself "Tamlyn, ..." or "Tam, the Camera Man." George was a musician, a golfer, a bowler, and held high positions in several Masonic organizations. He provided a series of trophy cups for which the Fenton and Holly basketball teams competed for many years. He sold the Fenton shop to Ernest L. Smith effective May 1, 1944. Smith had formerly owned a camera shop at Sault Ste. Marie, and for four years had been working in the photographic department of the Stimson Aircraft Company of Wayne, Michigan. Both Tamlyn daughters had worked in the studio while they were growing up. George, Mabel and June Tamlyn continued to work in the shop for a while after Smith assumed its management. George occasionally assisted Arnold Billmeier, who subsequently owned the photo shop. He also did some retouching for other photographers and, for a while, sold automobiles. He was elected City Assessor of Fenton and was serving his second term at the time of his death on September 24, 1953. Mayble died at Fenton on October 30, 1959.

Ignatius was born in Austria to Austrian parents in January of 1864, and he immigrated in 1884. Julia was born in Austria to Austrian parents in February of 1867. She immigrated in 1888, and she married Ignatius soon after she arrived. Their son Hugo was born in Iowa in December of 1893. The local newspaper carried this notice early in 1898: "To the public, former patrons, and the Austrian and Slavonic people and societies, Polish and Italian people and societies: I wish to inform them that I am no longer with W.E. Steckbauer, the photographer, and now can be found at John Stolt's gallery over the Star clothing store, where I am prepared to turn out in the finest art and style single and group pictures, crayon work and any kind of combination pictures at reasonable prices. Groups a specialty. Yours respectfully, Ignatius Tancig, Austrian Photographer." He achieved a ludicrous family album wedding picture - a middle aged couple standing as far apart as possible with linked arms, with their outboard arms akimbo in a very awkward, self-conscious pose. In 1899 and 1901 he offered "High Grade Photographs, Life Size Crayons, India Ink, Etc." Ignatius was a naturalized citizen of the United States by 1900, when he and his family were living in the village of Red Jacket. They lived in 1901 over the saloon of Joseph Stukel on Eighth Street, and were jarred awake just before midnight on September 21 by a dynamite explosion that completely destroyed the water closet immediately below their rooms and broke out most of the windows in this and an adjacent building. Fortunately, the explosive force was downward and not one of the more than fifty occupants of the two buildings was injured. The detonation probably was caused by a man with a grudge against Joe Stukel.

Augustus was born in Michigan in 1845 or early in 1846, the son of Methodist clergyman B. S. Taylor and his wife Mary E. Taylor. Theresa was born in Canada in 1849. She immigrated and married Augustus in 1870. They had three sons and a daughter born in Michigan between 1871 and 1880. Northville card photographs by A. B. Taylor included views of church furniture such as lecterns and pews. Augustus attended the second annual convention of the Photographers' Association of America at New York City in August of 1881. From May through December of 1881 he ran a rectangularly framed advertisement in the Pontiac Gazette with his name and address in the border and messages inside the frame which changed from time to time: "The commandery picture is completed and copies ready for delivery.... 22 x 28 inches, 77 figures, in full dress uniform.... Can also be seen, the BICYCLE PICTURE" - "MY PRICES ARE: Card Photographs, \$1.50 per dozen. Cabinet Photographs, \$3.00 per dozen. Panel Photographs, \$5.00 per dozen. 8 x 10 Photographs, \$6.00 per dozen, and I warrant EVERY PICTURE. I am today using the highest price cards and the best paper made. I have no SECOND QUALITY; ALL my pictures are 'my best'; one price to all." - "The very latest OUT DOOR accessory arrived today - Fence, Gate, Stile, Steps, &c." Some stereoscopic views were "From the Art Gallery of A. B. TAYLOR, Pontiac, Mich. Cor. of Saginaw and Auburn Sts. J. M. CULVER, Photographer." Augustus was awarded the First Premium for the collection of photographs which he exhibited at the 1882 Oakland County Fair. His ads early in 1883 read: "Instantaneous Photography! A Success. TWO GALLERIES! My up-town rooms are two doors north of the postoffice. I am to be found corner of Saginaw St. and Auburn Av.... Large Work, Plain and Colored, a Specialty." Charles G. Eddington had been hired to manage the up-town rooms. "TAYLOR'S Tintype Gallery, Two Doors from Post Office, Pontiac, Mich." was printed on the back of 1 ½ by 2 ¼ inch Minette photograph mounts. This announcement appeared in February of 1883: "TAYLOR, the Photographer, will move to 41 & 43 Monroe Ave., GRAND CENTRAL GALLERY, Detroit, Mich., on or about March 15th, 1883.... I shall destroy my negatives before leaving. Those who wish can purchase their negatives. None to give away...." He did not carry out this threat, for Ward B. Flower, who purchased the gallery at Saginaw and Auburn, advertised three months later: "... I have all of Taylor's old negatives." The same paper had a message from Eddington: "The UP-TOWN Taylor Gallery ... WILL NOT be closed, as was reported, as I have purchased Mr. Taylor's interest and will continue to run the Gallery the same as heretofore...." A. B. Taylor's early cabinet mounts from Detroit emphasized that the Grand Central Gallery had been established in 1875. Later imprints were "Taylor, Artistic Photographer...." or Taylor, Theatrical Photographer.... Within 2 Blocks of all Theatres. Special Rates to the Profession." His patrons included actors, musicians and other entertainers, and a number of African Americans. Augustus employed Alice Wood as a photo printer in 1884, Matilda Becher as a photo printer and August Jeretz as a retoucher in 1885, John D. Brueggen as a photographer from 1885 through 1887, Parker M. Tomlinson as a photographer in 1886, Miss Nettie Cowan as a clerk and Charles G. Eddington as a photographer in 1887. Miss Josephine L. Anthony was listed as a photographer for him in 1886, and probably more accurately as his retoucher in 1887. Maud A. Anthony was also listed as a photographer for him in 1886, and as his clerk in 1887. Augustus died in Detroit on May 12, 1887. The operations of the gallery were continued for several years by his widow, Mrs. Theresa V. Taylor, who is profiled below.

His parents came from New York, Elmore was born in 1846 in Johnson County, Indiana, and he came to Detroit in September of 1878. Edwin B. Bigelow was a principal of both Bigelow & Taylor and its predecessor, Bigelow Brothers. He was replaced in September of 1879 by Mrs. Maggie A. Taylor, Elmore's wife. "The Bigelow Gallery" continued to be mentioned on all Taylor & Taylor photograph mounts. Maggie presided over the 25 by 30 foot office and reception parlor. The 35 by 50 foot operating room contained many novel appliances invented by Lyman G. Bigelow and Elmore W. Taylor, and the 25 by 30 foot printing room was equipped to produce large pictures. Taylor & Taylor employed James H. Walthew as a scenic artist in 1880, and Clarence L. Weed as a photo operator in 1880 and 1881. Elmore was a member of the Photographers' Association of America in 1881. One of Elmore's inventions was a science piano for photographers' use, enabling them to introduce the exact facsimile of an elegantly carved piano into their pictures without the expense or weight of the real thing. This piano was produced in some quantity and was exported, and a patent was applied for. Elmore was granted Patent No. 227,073 for an advertising easel on April 27, 1880, and an advertisement for Taylor & Taylor based upon this invention was printed up. He was also issued Patent No. 255,694 for a roller skate on March 28, 1882, and Patent No. 274,052 on March 13, 1883, for another advertising easel which could also be used as a photograph mount.

Fred was born in Canada to parents from Ireland and England in August of 1872, was brought to the United States in 1882, and became a naturalized citizen in 1912. Etta Best was born in Michigan to parents from England and Canada in 1882, and she married Fred about 1902. Their two sons were born in Michigan between 1907 and 1915. In 1910 Fred was enumerated as a blacksmith, and Etta was identified as the hardware dealer. According to his 1913 letterhead, Fred was a dealer in shelf and heavy hardware that offered undertaking and furniture, wall paper, sewing machines, shoe repairing and a harness shop. Under a cut of his building was: "PHOTOGRAPH GALLERY UPSTAIRS." Fred may have been the proprietor of this gallery, but it seems more likely that either Dudley P. Aldrich or Bert Smith rented the upstairs rooms from him.

His father, who is profiled above, was a photographer in Northville, Pontiac and then Detroit until his death in 1887. His widowed mother, who is profiled below, continued the photographic business in Detroit until 1893, and Fred boarded with her through 1894.

## Taylor, George

George was born in England about 1809, became a Methodist preacher by 1837, and came to Michigan in 1847. He was pastor of the Congress Street Methodist Episcopal Church at Detroit in 1849 and 1850, and became a resident of Ann Arbor about 1858. He was commissioned Chaplain of the 8th Michigan Infantry on October 9, 1862. Field service proved to be too strenuous for the 52 year old minister, and his resignation was supported by a Surgeon's Certificate of Disability. He was honorably discharged on March 10, 1863, and returned to Ann Arbor to recuperate. In September of 1864 he became Chief State Agent for the U. S. Christian Commission, traveling all over the state, making speeches and collecting thousands of dollars as well as many supplies for the soldiers. He also persuaded many men and women to serve as agents in the fighting areas. George was financial agent of the Michigan Soldiers and Sailors Monument Association for four years beginning in 1865. On the back of a *carte de visite* of a model was printed a detailed description of the monument "... erected at a cost of \$70,000, by Randolph Rogers. Randall, Photographer, Fisher Block, Detroit,... Entered according to Act of Congress in the year 1867, by Rev. G. Taylor, Gen'l Agt. Mich. Soldiers and Sailors' Mon. Associat'n, In the Clerk's Office of the District Court of the United States for the Eastern District of Michigan." Along the lower perimeter of a sixteen by twelve inch oval composite photo with an engraving of John Wesley in the center surrounded by more than 300 photographic portraits of men assumed to be prominent Methodists was printed: "Entered according to Act of Congress in the year 1868, by Rev. G. Taylor, in the Clerk's Office of the District Court of the United States for the Eastern District of Michigan." During the early 1870s, as his health permitted, George solicited business for various insurance companies. By 1873 he was unable to do any sort of business, and in March of 1874 he entered the National Soldiers Home at Hampton, Virginia. His pension application in the fall of 1874 was supported by ex-governor Austin Blair and by Adjutant General Robertson of Michigan. By 1888 George had become very feeble and was confined to hospitals for most of the rest of his life. He was 88 years old when he died at Lansing on May 27, 1897.

From 1893 through 1895, Herbert was in business at 234 Gratiot Avenue as Taylor Brothers. The Orient Picture Frame Factory offered photo-enlargements from 57 Monroe Avenue. Peter Taylor worked for the Detroit Picture Company as an agent from 1886 to 1888, and then as a clerk from 1889 through 1892. Walter Taylor worked for the Detroit Picture Company as a collector from 1885 to 1891, and as a clerk in 1892. He was Herbert's partner in the picture business from 1893 through 1895, and in the Orient Picture Frame Factory from 1896 until 1898.

His parents emigrated from England and John was born in Michigan in June of 1859, the younger son of Thomas and Ann M. Taylor. His brother William was two years older. By 1870 their father was gone, their mother was married to the much younger Francis Taylor, and they had a four-year-old sister named Mary. John was single in 1880, when he was boarding at Republic with the family of Henry and Elizabeth A. Ware. All of John's photographic partners seem to have been new to the business. Nothing more is known about William I. Jacobs, but Gustav A. Werner was still a Marquette photographer in 1927 and William J. Goodfellow was a South Range photographer until 1916. "Taylor's Art Gallery, Republic and Champion, Mich." was printed on some photograph mounts. "Instantaneous Portraits of Children a successful Specialty. – Views of Residences, Etc. – All styles of pictures copied and enlarged to any desired size in crayon, india ink, water color or pastel. – Duplicates of this picture can be had at any time by sending name. – All orders by mail promptly attended to. – **J. H. TAYLOR**, Photographer, REPUBLIC, MICH." was printed on others. Her father emigrated from England and Florence was born in Michigan to a mother from Ohio in March of 1866. She and John were married some time between 1883 and 1888, and their sons were born in Michigan: Raymond in April of 1892, and Lloyd in November of 1896. John's sale of the Hancock gallery to G. H. Boyd was reported in the summer of 1900. In 1907 he advertised "High Class Photography. Everything Up to Date. Copper Country Views by Mail." Studio portraits in the post card format were blind stamped "Taylor's Studio, South Range, Mich." The pedestal of an old headrest can be seen behind the feet of a standing person in some of them. Both of their sons accompanied John and Florence to Highland Park, and both of them were working in an auto factory in 1920. Raymond and Lloyd still were living with their widowed mother in 1930.

Josiah was born in New York State to natives of New York in July of 1815, the son of Samuel and Edith (Morse) Taylor. Emily J. McGregor was born in New York State to natives of New York about 1816, the daughter of James and Mary McGregor. She married Josiah about 1837 and their children were born in Michigan: David in January of 1839, Cordelia on March 15, 1846, Ellen in the fall of 1847, and Sophia in 1852. Emily died on September 26, 1875, and before the year was out Josiah married again. His bride was Emmaline, who was born in Michigan to parents from New York in August of 1835. Josiah and Emmaline were providing a home for a 13-year-old grandson in 1880, but were living by themselves in 1900. Josiah died in White Oak Township on August 31, 1901.

All of his grandparents came from New York State and Myron Duane Taylor was born in Plymouth Township to natives of Michigan on August 2, 1874, last of the four children of M. Duane and Melvina (Nash) Taylor. He was five feet seven inches tall with blue eyes and light brown hair when he enlisted at Holly, Michigan, on December 28, 1898, in Company A of the Third United States Infantry. Myron established an excellent record while serving as a private in the Philippine Islands, and he was discharged for disability at San Francisco on September 2, 1901. It is not certain that he was the Brighton photographer, but Brighton is sixteen miles west northwest of Northville and no other Myron Taylor was found in the region. Mina was born in Michigan to natives of Michigan in January of 1883, sixth of the ten children of Truman and Mary Garfield. She married Myron a few months after he returned from the army, and their children were born at Northville: Ralph in 1903, and Vivian in June of 1909. Norman was born in New York State in 1824, third of the four known children of William and Anna Taylor. Mary was born in Pennsylvania in the summer of 1825. She was married to Norman by July of 1850, when they were living on the farm of his parents. Their daughter Sarah (later Jennie) was born in New York State in 1851 or early in 1852. "NORMAN TAYLOR, Photographer" with no location was printed on the back of *cartes de visite* that seem to date from about 1867. One of the boarders with Norman's family at St. Charles in 1870 was Eugene M. Haight, who later became a New Baltimore photographer. On the back of a card photograph of a family standing in front of their rather elaborate home was printed: "**Photographs, Ambrotypes, GEMS, &c.** Made by the undersigned in a good and workmanlike manner. COPYING done to order. Large Pictures made from small ones, and put up in frames or not, to suit the purchaser. - Prices for GEMS: 1 single, 30c; 2 for 50c; 4 for 75c; 8 for \$1; in Frames from 50c to \$3. - PHOTOGRAPHS from \$1.50 to \$3 per Dozen. - NORMAN TAYLOR, Photo. Artist, St. Charles & Chesaning, Saginaw Co., Michigan." Norman lived only fifty years before he died from typhoid pneumonia at St. Charles on November 19, 1874. He usually called himself an artist, but he probably was in the photographic business continually from 1859 until his death. 1

Oscar was born to natives of New York on December 18, 1887, at Woodbourne, New York, last of the four children of Albert and Jennie (Thompson) Taylor. Albert was a photographer for over forty years and by 1912 each of his children, three sons and one daughter, was in the photographic profession in some part of the United States. Oscar became tall and slender with grey eyes and light hair. After leaving his father's gallery Oscar conducted photographic business at Detroit, at Akron, Ohio, at Vincennes, Indiana, and at Chatham, Ontario, before he established the St. Clair studio in October of 1909. Philomena was born near Dresden, Ontario, on May 15, 1885, the daughter of Louis and Eliza Jane (Martin) La Pointe, and she immigrated to Detroit in 1901. She and Oscar went over to Windsor, Ontario, to be married on March 19, 1908. "BIRDS EYE VIEW OF WHITEINGS CORNER A TOTLE LOSS BY FIRE, ST CLAIR MICH, PHOTO BY O TAYLOR" was lettered on the negatives from which post card photos and 6 by 8 inch prints were made. The negatives of post card photographs also were lettered: "GARLAND. ST. CLAIR & COURTRIGHT FERRY, TAYLOR PHOTO" and "By O. TAYLOR. LAUNCHED MARCH 5, 10, AT ST. CLAIR, MICH." This third postal depicted the launching of the freighter *Harry Yates*, and like the photo of the *Garland*, was postmarked during 1910. Oscar maintained a Detroit residence while conducting the business at St. Clair. Studio portraits in the post card format were blind stamped "TAYLOR STUDIO, 706 GRATIOT AVE." Philomena and Oscar divorced, and both married again. Philomena married Walter C. Baldock and took on the care in Port Huron of his two children from a former marriage. Oscar was married about 1917 to a lady named Martha who was born in Michigan to German parents in 1896 or early in 1897. His studio remained in the same location during 1920, while its address changed along with most others in Detroit. The Taylor Studio advertised in 1928 as Portrait and Commercial Photographers: "Formerly Poste Studio. Taylor Portraits are made to order. Day or Night Photos. Large or small. We make them all. 7909 Mack Ave. cor Seyburn Ave." One Oscar Taylor was said to be 78 years old when he died in Detroit on November 22, 1963.

Schuyler was born in Wisconsin to parents from New York in February of 1844, third of the nine children of Plutarck and Esther Taylor. He enlisted from Waukesha as a private in Company A of the 28<sup>th</sup> Wisconsin Infantry on August 14, 1862. As the war ended Schuyler was mustered out of the army at Brownsville, Texas, on August 23, 1865. He had a photograph gallery in 1877 at Randolph, Wisconsin, which must have been a branch or a brief alternative to his gallery thirty miles to the north in Berlin. Caroline (usually Carrie) Pharmelia Bunker was born at Kingston, Wisconsin, on April 16, 1854, third of the six children of Richard and Jane Elizabeth (Chapman) Bunker. She married Schuyler about 1878 and their daughters were born at Berlin: Leila on September 30, 1879, and Ethel on January 4, 1883. Mrs. Schuyler M. Taylor was proprietor of a photograph gallery at 104 Dakota Avenue in St. Paul from 1885 to 1888. Schuyler employed five people in 1888 to make transparencies and enlargements and to do landscape work and other photographic tasks. He spent much of his time on photographic portraiture, and he devoted one day a month (popularly called Baby Day) to photographing small children. Carrie left Schuyler and married Jonathan C. Bonnel about 1892. She and her daughter Ethel were living in Los Angeles in 1900, and Schuyler was enumerated in 1900 and in 1910 as a widower. This report appeared in a photographic journal late in 1902: "Photographer Taylor's new studio at Muskegon, Michigan, was opened October 28th with a program of literary and musical selections. The studio was beautifully decorated and flowers were presented to those taking part in the program." Carrie was enumerated twice for the 1910 census: on April 15 with her husband at his father's home in New Jersey, and on April 23 in Los Angeles. There she boarded with a manufacturer of photograph card stock and did photographic retouching on her own account. Schuyler died at Spokane, Washington, on September 13, 1918, and Carrie died at Washington, D. C., on September 7, 1920.

Theresa was born in 1847 at Montreal, Quebec, and she immigrated in 1870 to marry Augustus B. Taylor, the photographer of Northville, Pontiac and Detroit. who is profiled above Their children were born in Michigan: Fred in 1871 or early in 1872, Lillian a year later, Charles about 1876, Ignatius in May of 1880, and Ethel about 1882. Augustus died in 1887 and, possibly after a brief tenure by William H. Aubrey, Theresa succeeded him as proprietor of the gallery at 41 Monroe Avenue. She and Augustus both used simply the name "Taylor" on their cabinet mounts, making it difficult to distinguish the work of one from the other. Some similarity could be expected, for Theresa retained photographers Charles G. Eddington and John D. Brueggen from the staff of Augustus. Eddington stayed only one year, but Brueggen was listed as a photographer through 1890 and as a photo printer in 1891 and 1892. She also employed Charles W. Earle as a photo operator and Jessie Frasier as a retoucher in 1889, William L. H. Koehne as a photographer and John Hendricson as a photo printer in 1890, her son Fred W. Taylor as a clerk in 1890 and 1891 and as a photo printer in 1892, Austin F. Mann as an artist in 1891 and Edward Mead as a photographer in 1892. Late in 1890 a photographic journal reported the death of "Miss Lillian Taylor, the beautiful and accomplished daughter of ... Mrs A. B. Taylor of Detroit..." Theresa was providing in 1900 for eleven roomers including a family of five. She was the manager of a women's club in 1910, and she was rooming with a young widow in 1930. Theresa died on the night of August 27, 1936, at the Detroit home of her son Charles. She was survived as well by a married daughter. Burial was in Woodmere Cemetery.

Ernest was born in Canada West (later Ontario) in November of 1859, third of the four children of Alanson and Sarah A. Teeple. He immigrated in 1883, and by 1900 he was a naturalized citizen of the United States. Flora B. Maple was born in Michigan to a mother from New York in July of 1871, and she married Ernest about 1886. Their children were born in Michigan: Minnie in March of 1891, William in August of 1892, and Lawrence in April of 1897. "Teeple & Maynard, Photographers. Our \$2.00 Cabinet. Carsonville, Mich." was printed on photograph mounts. Ernest used several different cabinet mounts without place names. He came from Marlette to purchase the Tecumseh gallery of Millard P. Brown, taking possession on February 1, 1892. By November of 1892 Ernest had four employees including a retoucher named Miss Loomis. He advertised locally in December of 1892: "... Teeple the Artist makes the Finest Photos ever made in Tecumseh. Don't Forget the Baby's Photo For Xmas. I love the little ones, and am sure I will please You. GROUPS! Did You Ever have the family all together? Are you going to, Xmas? If so, come down to Teeple's and get Photographed. You will be glad, and so will TEEPLE, The Artist." It was announced in February of 1893 that Ernest had a branch studio at Plymouth and did picture framing there. By April of 1893 his family had moved from the Tecumseh studio so that the entire building could be used for photography and picture framing. Late in May of 1893 one of his employees, Mr. A. B. Sovereign, opened his own gallery in Tecumseh. In June of 1893 Ernest was selling 15 by 18 inch prints from his standpipe bird's-eye negatives, mounted on cloth and suitable for framing. During December of 1893 he advertised: "The Best Christmas Gift Under the Sun for Old or Young, Man or Matron, Lover or Sweetheart is One Dozen of Those Superb, Enameled Cabinet Photos made by TEEPLE, The Artist." and "NOW LOOK HERE, Friend, if you are going to have any friends visit you Christmas, take them down to TEEPLE'S Photo and Art Emporium and take the baby along, for Teeple can't be beat on Children's Portraits, and if you want Crayon, Water Color or Pastel, They can't beat him at that, in price or quality. Oh, what a fine line of Picture Mouldings For any size and style picture, to order. Portrait frames and mats to suit, at prices that Can't be beat. His motto is PROMPTNESS AND SATISFACTION." Some of his patrons were posed outdoors for cabinet photographs. He claimed in 1897: "I Lead them all in Children's Portraits. Portrait and Frame Work..." In 1900 his gallery was located on the southwest corner of Logan and Evans Streets, or north of the Lilley House on Railroad Street, which was another name for Evans Street. Ernest was living at this time on North Brown Street with his wife, Mrs. Flora B. Teeple, and their three children. Their daughter, Minnie, was working as a photographer in her father's studio in 1910.

Charles was born in Sarnia Township of Lambton County, Ontario, on September 9, 1878, the son of George and Emma (Gorham) Telfer. "C. A. Both were among the 158 black boarding students in 1900 at Lane College in Jackson, Tennessee. These students ranged in age from 9 to 28 and most of them were in their late teens, but a dozen of them were younger than Eliza. Lane College has survived at Jackson as a "small, private, historically black, co-educational, church-related institution which provides a liberal arts education." Her father came from Virginia, and Lulu was born in Tennessee to a mother from Georgia about 1882. She married John about 1910, and they had no children. His father came from Connecticut and Louis was born in Michigan on August 10, 1878, last of the three children of Lucius and Emma (Rice) Thomas, and their only son. Both of his parents were musical educators. His family was living with his maternal grandfather in 1880, and again or still in 1900 when both his grandfather and his mother were widowed. Louis became a short man with brown eyes and brown hair. He was working from 1895 through 1897 at the foundry of his grandfather, Delos E. Rice, and Louis seems to have become the partner of his grandfather when he was 21 years old. Her father emigrated from France and Elizabeth was born in Michigan in 1878. She married Louis about 1902, and their only child Lucius was born in Michigan a year later. All records for 1910 or later were for Louis A. Thomas or Louis Adolphus Thomas.

## Thompson, Frederick Ferris

His father came from Massachusetts and Frederick was born in New York State on June 2, 1836, last of the three children of John and Electa (Ferris) Thompson. His family was living in New York City in 1850. Frederick was Captain of Company C of the 37th New York State Militia and secretary of the American Photographical Society in 1862, and he was a member of the Amateur Photographic Exchange Club. Some of the most prominent amateur photographers of the early 1860s were members of this club, and they exchanged stereoscopic views with each other six times a year. Frederick contributed more than thirty pages of technical, descriptive and often humorous text to the *American Journal of Photography and the Allied Arts & Sciences* in 1862 and 1863 in the form of ten articles, had four other articles published in *Humphrey's Journal of Photography* in 1863, and edited his own small publication called *The Amateur Photographic Print*. Frederick visited Lake Superior during the summer of 1865 and produced stereo views of Clifton, Eagle River, Fort Wilkins, Marquette and Sault Ste. Marie with penned captions ending "... July 1865" and blind stamped "AMATEUR PHOTOGRAPHIC EXCHANGE CLUB" and "F. F. THOMPSON." By 1870 Frederick was married to Mary, who was born in New York State about 1837, and they never had children. At this time he was a Canandaigua, New York, banker with personal assets of more than a million dollars. Frederick still was a Canandaigua banker in 1880, when he and Mary had reduced their household staff of servants from five to three. The Photographic Times published in August of 1891 a short article by Frederick, who lived until 1899.

Bessenger and Philip Rowland were the principals of the company in 1938, and members of the Rowland and Bessenger families were officers of the company in 1939 and 1940. The change in address during 1920 from 574 to 3408 Woodward Avenue was due to universal revisions to the Detroit address system, and not to a change in location. The Thompson, Hudson Company was devoted exclusively to commercial photography from the beginning. This policy was relaxed from 1924 to 1926, when they advertised as commercial and portrait photographers, but was reaffirmed from 1927 through 1929.

Lemuel was born in Ohio about 1824, and Clarrisa was born in New York State in 1830. They married about 1851 and their daughters were born in Michigan: Eva in 1852 or early in 1853, and the twins Elda and Elta in 1857 or early in 1858. Something happened to his first marriage, and in the early 1870s Lemuel married Mrs. Emma E. Barnum. Emma brought along her son George H. Barnum, who was born in Ohio in March of 1864. Emma gave birth to Charles Thornton in May of 1873. Lemuel evidently trained George in photography, and then made him a partner in 1882, so George is profiled above. Two-cent revenue stamps were affixed to some of Lemuel's *cartes de visite*. "From Thornton's Fine Art Gallery, Head of Clinton Ave., St. Johns, Mich." was printed on the pasters which held many tintypes into their paper frames, and most of the same words were blind stamped into the paper covers of other tintypes. Lemuel joined the National Photographic Association before June of 1870, and some of his card imprints included the NPA monogram. His gallery was on Clinton Avenue near State Street in 1872, and he was dealing in picture frames and chromos in 1876. He produced stereoscopic views of St. Johns. Lemuel attended the fourth annual convention of the Photographers' Association of America at Milwaukee in August of 1883. From 1886 to 1893 he advertised: "... Copying, Enlarging and Finishing in India Ink, Water Colors or Crayon a Specialty." From Manistee, Lemuel produced a cabinet photograph of a seamstress and her treadle sewing machine as well as the usual studio portraits. Mrs. Thornton was arrested in March of 1893 and charged with sending an obscene letter through the mails. The letter was sent to a leader in Manistee society, and it accused her of alienating the affections of Mr. Thornton. Charles Thornton was living in Manistee with his widowed mother in 1900, when he was working as a painter.

The daguerreian equipment of one Mr. Thorpe was destroyed by a fire in the Holmes Block on Woodward Avenue in Detroit on February 14, 1853, just as he was moving in. The name sometimes was spelled Tharp, Thorp, Thorpe or Thrup. Job employed Myron Rose as a daguerrean artist in 1855. Pauline, Mrs. Job L. Thorp, made her home in Detroit from 1866 through 1884, and after 1867 was identified as Job's widow. She was born in Vermont about 1821, and in 1870 Pauline was providing a home for her three children: thirteen-year-old Grace, ten-year-old James, and one-year-old Lizzie. Grace became a music teacher, and she was living with her mother in 1881.

Arthur was born at Chester, Massachusetts, to natives of Massachusetts on August 27, 1886, third of the five children of George M. and Hattie A. (Berry) Thrasher. His brother Herbert B. Thrasher was born in December of 1884, and they grew up on the family farm. The photographer Woodbridge Bradley lived adjacent to their farm in 1900. Arthur became a slender man with blue eyes and light brown hair. "THRASHER PHOTO" was lettered on the negatives of 8 by 10 photos of Mount Clemens scenes on 11 by 14 inch mounts, and on the negatives of post card photographs of Mount Clemens hotels, bath houses, public buildings and the "Leap the Dips" roller coaster, many postmarked in 1909. "THRASHER POST CARD CO., Mt. Clemens, Mich., and Worthington, Mass." was printed on the back of similar cards. Arthur was enumerated in 1910 as an apprentice photographer for his brother Herbert, who had become a general photographer in Worthington. "Thrasher & Henk Photo" or "Copyright 1911 by Thrasher & Henk" was lettered on the negatives of similar Mount Clemens postal photographs as well as photos of the heads of visitors standing behind a cartoon screen. Thrasher & Henk cards were postmarked in 1910, 1911 and 1912. John A. Henk had fifteen years of professional photographic experience prior to his partnership with Arthur, and he maintained his own studio during and for decades after their association. Neither before nor after his partnership with Arthur was William H. Tucker involved with any photographic business. Arthur was single in 1917. By 1920 his brother Herbert had a photographic studio at Miami, Florida.

Arthur was born in Connecticut to natives of Connecticut in April of 1848, and his mother's surname was Seymour. Her parents emigrated from Ireland and Charlotte Elizabeth McBride was born in Michigan in March of 1853, last of the four children of Rowland Blennerhasset McBride and Harriet (Biddulph) McBride. She married Arthur in 1884, when Mrs. A. R. Thurston was listed as a Coopersville milliner. Their children were born in Michigan: Mildred in May of 1889, and Harold at Fremont on October 25, 1891. "Thurston, Fremont and Whitehall, Mich." was printed below the image on some cabinet mounts. The Thurston Studio seems to have been on the north side of Colby Street until it was destroyed by the Second Great Fire in Whitehall on September 19, 1890. Arthur was identified as a bookkeeper at the time of his death in Muskegon on April 6, 1905. Charlotte was the proprietor of a Muskegon boarding house in 1910, providing for six boarders with the help of her daughter. Harold was living with them and working at a bank as a collection clerk. Horace was born in January of 1844 at Tallmadge, Ohio, last of the four children of Francis and Nancy (Bettes) Tibbals. He received a bounty of \$800 for enlisting at Elmira, New York, as a private in Battery E of the Third New York Light Artillery on October 4, 1864. He was mustered into the Union Army on October 6, and joined his battery at Baltimore on October 12, 1864. As the war ended he was mustered out and honorably discharged with his battery at Richmond, Virginia, on June 23, 1865. Ellen Rosetta Ames was born in Ohio to natives of Ohio in January of 1846, the daughter of Elisha and Caroline J. (Burnett) Ames. She married Horace at Hambden, Ohio, on May 17, 1866, and their daughter Emma was born in March of 1867. Horace was a pioneer photographer of Chardon, O., and gained national fame during the Garfield campaign of 1880, when his photograph of Gen. James Garfield was used throughout the United States for campaign purposes. Probably Mr. Tibbals' greatest triumph was the choosing of his photograph of the president for use on the Garfield issue of five dollar bills. Horace sent his photograph to Washington in competition with twentyfour others, which were exhibited to the engravers for selection. His photo was not only the first choice, but also won second choice in the same competitive exhibition. Horace operated a gallery in Akron, Ohio, at one time. His daughter Emma married Clarence M. Hayes on October 13, 1885. Clarence had apprenticed to her father in 1879, and he went on to become a prominent Detroit photographer. Photographer A. W. Corlis advertised in 1894 at Ann Arbor: "**The Best Operator.** I have secured the services of **Mr. H. W. Tibbals** of Detroit as **Operator.** I especially request that the Senior Law Class investigate his Merits before going elsewhere. We'll positively guarantee the finest work in the city...." Ellen still was living in June of 1900, but soon died. Horace married for the second time and then divorced. He and 39-year-old Agnes Adella Heaton were married at Lilly Dale, New York, on September 18, 1902. Horace died at the age of 68 in his Cuyahoga Falls home on June 27, 1904.

Charles was born at Ebensburg, Pennsylvania, to natives of Pennsylvania on March 22, 1852, fourth of the six children of Samuel and Martha (Horner) Tibbott. His two older brothers died in 1849, a couple of years before Charles was born. Nancy McKee was born in Pennsylvania to natives of Pennsylvania in July of 1851, eldest of the eight children of William and Mary H. McKee. She married Charles on November 23, 1870, and their daughters were born in Pennsylvania: Mabel in the spring of 1871, and Martha in November of 1874. Charles specialized in babies' pictures at Cheboygan. He left town for a while in the summer of 1881, but returned in August and fit up for business, making India ink or colored enlargements at very low figures in his up-stairs gallery. He offered four tintypes for 75 cents at two sittings with different positions if desired. In October of 1881 he purchased "... a new set of the celebrated Voightlander instruments ... cost four times the amount of anything that has ever been used in this place." In December of 1882 he "... added to his other arrangements, the wonderful Dry Plate Instantaneous Process. Babies' Photographs can now be taken in the wink of an eye, and good Negatives of grown people on the darkest day." Charles succeeded A. J. Lawson at Au Sable and at East Tawas, where he opened the gallery on April 19 with a warning that the press of business at Au Sable would make his stay at East Tawas a short one. He had the year printed on his cabinet mounts in 1886 at Au Sable and East Tawas, in 1889, 1890 and 1891 at Newberry, and in 1895 at Ann Arbor. In December of 1890 he moved his Newberry operations to a gallery at the foot of Newberry Avenue. He was a justice of the peace at Newberry in 1892. In December of that year he sold his gallery to Charles A. Fanjoy and planned to go into the railroad business. One of his Ann Arbor cabinet photographs was of five men, three women and a young girl in a small sailboat holding long strings of pan fish. Mabel began attending the University of Michigan while her parents were living in Ann Arbor, and she graduated from the University's College of Dental Surgery in 1900. In 1911 she was a dentist at Toronto, Ohio. Charles died at Geneva, Ohio, on October 21, 1926.

Joseph Sahlmark, Peter's half-brother, came with them and later became his partner in the drug business. Peter became a short man with gray eyes and dark hair. "Sahlmark & Toberson" was lettered rather crudely in the years before 1910 on the negatives of post card photographs of Reed City streets and buildings. Peter's surname was spelled Tholyson and Torberson before stabilizing as Torbeson in 1918 and all later records. Olive was born in Michigan to Canadian parents on January 30, 1886. She married Peter in 1909, and their daughter Dorthea was born in 1910. Peter and Olive visited Europe in 1954, leaving New York on S. S. Queen Mary and arriving at Southampton on August 2. They left Southampton on S. S. Queen Mary on September 16 and arrived at the port of New York on September 21, 1954. Peter died at Ludington in March of 1976, and Olive died there in June of 1986.

His father came from Pennsylvania and Frank was born at Cooperstown, New York, to a mother from Massachusetts on March 21, 1855, the only son of Charles Weldon Tomlinson and Mary Lydia (Newcomb) Tomlinson. His sister Cora was born in New York State about 1865. Frank bought out veteran photographer Joseph E. Watson, was identified as proprietor of the Watson Gallery in 1884 and 1885, and had "Photographs can be had from WATSON'S negatives made during the past 8 years" printed on many of his cabinet mounts. He advertised nationally in March of 1884: "Wanted a first-class operator, who understands the use of both wet and dry plates, and can produce the best quality of work...." Locally he used the same advertisement from 1885 through 1891: "**Tomlinson** (Successor to J. E. Watson), 236 Woodward Avenue, Detroit. FINE ART PHOTOGRAPHS, From Miniature to Full Life Size. - Crayon, India Ink and Water Color PORTRAITS of the Best Quality. - ENLARGEMENTS From Tin Types and Small Photographs a Specialty. - GOOD WORK, MODERATE PRICES, PROMPT DELIVERY." One of his most unusual combinations was a black mount ten inches high and five inches wide with beveled gilt edges and "TOMLINSON Detroit." in gold at the bottom of the face. On this elegant mount was placed a strip of four 1¼ by 1 inch photos of a young lady in different poses, looking like proofs. Some of his employees were: Miss Matilda Hill and Charles E. Worden, retouchers in 1884; Edward A. Major, photo printer in 1884; Alban C. Butler, photographer in 1884 and 1885; John H. Stewart, photo printer in 1884 and 1885; William P. Parker was born on December 12, 1857, to natives of Canada in Markham Township of York County, Ontario, fourth of the five children of James and Elizabeth (Robinson) Tomlinson. He still was living with his parents in 1881. Parker succeeded his brother Anson W. Tomlinson in the King Street gallery at Toronto. Emma was born at Llanrhystyd, Wales, on April 8, 1868, last of the three children of John D. and Ann (Rowland) Jones. She immigrated in 1882, and she married Parker in Chicago, Illinois, on April 5, 1887. Their children were born at Hannibal, Missouri: Ethel on December 4, 1889, Roy on May 22, 1892, Florence on March 9, 1894, and Stanley on June 24, 1896. Parker probably was a Hannibal photographer throughout the 1890s. Stereo views of Hannibal were produced by Tomlinson Brothers. Parker's younger brother Herbert was married at Hannibal in 1890, and probably was the other brother. Emma Tomlinson died at Hannibal on January 31, 1906. Parker and his daughter Florence were living in Utah in 1920 with the family of his daughter Ethel, now Mrs. Charles Erickson. Parker died at the Cook County Institution in Chicago, Illinois, on November 28, 1925, and burial was in Mount Auburn Memorial Park.

Ira was born in the state of New York about 1831. His brother Joseph, who is profiled below, was born there about 1825. Ira witnessed Joseph's patent application on a box for coating daguerreotype plates in 1855, and was Joseph's partner on Monroe Street when they came to Grand Rapids in the spring of 1860. Her father came from Vermont and Demaris C. Ide was born in New York State on July 6, 1844, fourth of the five children of George and Rosannah (Hazelton) Ide. She married Ira on October 25, 1861, and four of their children were born in Michigan: William in 1872 or early in 1863, Edmund in September of 1864, George on November 18, 1867, and Mabel in 1873 or early in 1874. Their son Joseph was born in Wisconsin in December of 1875. There was a shortage of pennies in 1863, so many merchants filled a need by having penny sized copper tokens coined which carried their name. One example had "TOMPKINS PHOTOGRAPH AND AMBROTYPE GALLERY, GRAND RAPIDS, MICH" on one side, with "UNION" over an eagle above "1863" on the other. Ira's Star Gallery was up stairs in the Central Block or Butterworth's Block on the west side of Canal Street at the corner of Huron Street in 1866. A pair of bird's-eye *cartes de visite* of the city taken by Ira form a miniature panorama of Grand Rapids. Similar scenes as stereoscopic "Views of the Valley City" were among the large number of landscape views Ira produced as early as 1866 for use with the stereoscope. His composite photograph "Pioneers of Grand Rapids" included portraits of 63 residents that arrived before 1843, and was exhibited at the 1867 County Fair. After the picture was presented to the Old Settlers' Society, Ira was made an honorary member of the Society. He employed George N. Westfall as a photographer in 1867 and 1868. His pictures of old settlers and of "The Bar of Grand Rapids" brought public attention to Ira about 1870. From their Star Gallery in Butterworth's Block, Tompkins & Beach offered to enlarge old pictures and finish them in India ink or colors. Ira maintained his Grand Rapids residence while operating as a portrait and landscape photographer from Spring Lake. "'To hold as 'twere the Mirror up to Nature' Shakespeare...." and "... 1871. Copies of this picture to be had any time within 12 months." were printed on some of his Spring Lake card photograph mounts. Ira and his family were living adjacent to the farm of his father-in-law in 1880, when his sons Edmund and George were working on the farm and attending school. Ira died in Chicago on March 16, 1900, and burial was in Graceland Cemetery. His son Edmund had become a dentist, and in June of 1900 he was providing a home in Chicago for his widowed mother and his brother Joseph.

Joseph was born in New York State in 1824 or early in 1825. His brother Ira, who is profiled above, was born there about 1831. Joseph's daguerreian rooms in Hornellsville were first in Barnes' Block, and in April of 1853 were reopened in Tattersall's Block. He advertised: "**Tompkins' Daguerrean Gallery Re-opened.** The subscriber has reopened, for a short time, his Daguerrean Rooms in Tattersall's Block, where he will be happy to wait upon his old friends and all others who may be pleased to favor him with their patronage. He has just received a large supply of plain and fancy cases, souvenirs, tokens, frames, &c., all of which he is prepared to put up for his customers, with *first class Pictures, at prices to suit the times.* The subscriber wishes it to be distinctly understood that no pictures will be allowed to go from his room that do not give entire satisfaction, the purchaser himself being judge. Pictures taken after death when requested, so as to resemble life, and from which perfectly natural and life-like portraits can be painted. NOTICE TO FARMERS. — All kinds of country produce taken in payment for work. J. H. TOMPKINS." Emeline D. Howard was born in New York State in the summer of 1820. She married Joseph about 1853, and she gave birth to Emeline Gertrude Tompkins about 1855. This was their only child. Joseph's application for a patent on a Box for Coating Daguerreotype Plates was witnessed by his brother Ira in 1855, and issued as Patent Number 14,122 on January 15, 1856. A letter from Joseph was published in March of 1858 in the *Photographic and Fine Art Journal* with the title "Stereoscopic Views - Case of Poisoning." Joseph and Ira Tompkins opened their Grand Rapids gallery in the spring of 1860. In 1867 and 1868 Richard W. Werner worked as a photographer in Joseph's New York Gallery which was up stairs on the east side of Canal Street. This was the only gallery in Grand Rapids making the MEZZO-TINT Photograph, which was patented on July 16, 1867. Joseph served on the Grand Rapids Common Council as an Alderman. He employed William Bernard as a photographer in 1874. Headed "THE SOUTHWORTH-WING PATENT," Joseph's offer to furnish copies of evidence and other legal papers to interested photographers was published in the May 1874 issue of *The Philadelphia Photographer*. Under "FURTHER ABOUT THE SOUTHWORTH-WING PATENT," a letter from him dated June 18, 1874, appeared two months later in the same journal. It stated that Joseph's defense counsel had the best evidence in the United States on file and had been ready and anxious for trial since February. The complainants seemed to be pushing a similar case in Boston while delaying in Grand Rapids, where the case was on the court calendar to be tried in the fall. The journal later reported that the case of Wing vs. Tompkins would be argued September 28th, and in November reported that the hearing had been postponed to January on motion of the plaintiffs. Joseph was then in Philadelphia taking new and valuable testimony. His first wife died in 1880, and his second marriage was to Mrs. Martha M. Ball in 1883. He studied law for several years before being admitted to the bar in 1885. He traveled in search of a desirable western location and built a pretty home at Eureka Springs, Arkansas, in which he enjoyed two winters. During the winter of 1892-93 he suffered terribly from congestion of the brain and heart trouble. At his summer home in Old Mission on July 10, 1893, Joseph swallowed a large dose of carbolic acid with suicidal intent and died in great agony. He was survived by his second wife and his daughter, Mrs. Joseph A. Montague of Traverse City. He was described in an obituary as an attorney and spiritualist.

Her father emigrated from Norway and Beatrice was born at Winneconne to a mother from Vermont on January 14, 1871, fourth of the five children of Tonnes and Mary Elizabeth (Sumner) Tonnesen. She demonstrated artistic talent at an early age, and then received the best art education that was available in Oshkosh. Beatrice acted upon her sister Clara's suggestion that she learn photography by paying the veteran Oshkosh photographer Cook Ely one hundred dollars to teach her the profession. Her first photography studio was opened at Menominee in May of 1895. Beatrice's 5½ by 3¾ inch portrait of a four-year-old boy is on a commercial mount a little larger than 7 by 5 printed with her name and the Menominee address. The boy is seated upon an unusual crescent shaped upholstered pedestal. In 1896 Beatrice accepted the offer of acquiring the Michigan Avenue studio of a well known Chicago photographer. There her sister Clara Tonnesen Kirkpatrick handled the financial aspects of the business, and Beatrice took the pictures. The business was called Tonnesen Sisters at times in the Nineteenth Century. Beatrice was publicized as the only prominent female photographer in Chicago, and she soon was making portraits of members of some of the wealthiest families in the city. One day Beatrice and Clara thought up the fine scheme of making advertising photographs using live models, which had never been done before. They began recruiting attractive women, men and children as models. Beatrice's specialty of posing their "Famous Tonnesen Models" for magazine advertisements led to orders for book and poster illustrations and particularly to calendar pictures. Her business was a financial success, she received one thousand dollars from a calendar company for a single photograph, and she designed and sold \$20,000 worth of pictures in one year. When her studio lease ran out in 1930, Beatrice retired to the home of her sister in Winneconne. The "Mars Ware" pieces that Beatrice produced from clinkers during her retirement were such unusual and original works of art that a short movie about them by Paramount Pictures was shown throughout the world. By 1951 Beatrice had moved into the St. Mary's Home for the Aged. In her room there, she was creating original designs from sea shells for brooches and earrings in 1954. Miss Beatrice Tonnesen died at Oshkosh on May 12, 1958.

John was born in New York State to a mother from New Jersey in November of 1858, second of the four children of Joseph Young Tooker and his wife Harriet Tooker. He grew up on the family farms. Her parents emigrated from England, and Edith was born in Michigan in March of 1869. She married John in 1887, and their daughter Della was born in Wisconsin in September of 1888. Their other daughters were born in Michigan: Sadie (later Sarah) in January of 1895, Edith in March of 1897, and Harriet in July of 1899. John advertised from Bessemer as a "Photographer, Photo Enlarging, &c. Satisfaction Guaranteed." His partner at Marquette was Frederick H. W. Bailey, who had no prior professional photographic experience but continued as a Marquette photographer until 1909. Most of the photographs reproduced in *The Gogebic Range* about 1903 were credited to J. L. Tooker. John was identified in New Mexico as Jonathon L. Tooker, the proprietor of Tooker's Plaza Studio.

Thomas Daniel Tooker was born in New York State to natives of New York in October of 1832. His wife, Mary J. Tooker, was born in New York State to natives of New York in the summer of 1836. Their only child, Minnie M. Tooker, was born in June of 1860 at Toledo, Ohio. Daniel's Ann Arbor *cartes de visite* included photographs of allegorical and genre paintings, a photograph of the statue "Nydia" by Randolph Rogers, and portraits of University of Michigan students as well as portraits of other residents of Ann Arbor and vicinity. He produced an album for the Literary Class of 1861 at the University of Michigan with three of his photos of buildings, ten of faculty, and over fifty graduate portraits. His Newark *cartes de visite* were sold with and without two and three cent revenue stamps. He sent a dozen excellent stereographs to a photographic journal in the fall of 1865 along with the chemistry he used in making them with the tannin process. He was identified as Thomas D. Tooker in Buffalo. Thomas, Mary and Minnie were together at Hyde Park in 1880. Thomas was a widower by 1900, when Minnie was a music teacher and they employed a 42-year-old live-in house keeper.

His father came from New York and Frank was born in Michigan to a mother from Pennsylvania in December of 1864, the son of Charles E. Totten. Something happened to his mother, so Frank and his father were living on a farm with older members of the Totten family in 1870. About 1871 his father married a woman named Hester, who gave birth about 1875 to Floyd, and about 1877 to Florence. Irena May (surname unknown) was born in Michigan in February of 1867, and she married Frank about 1891. Their son Lyle was born here in September of 1892. Many of Frank's views were of local scenes and everyday activities, such as men fishing and children with cats, dogs and lambs. He also captured the uniformed Knights of Columbus at drill, the camels of a small circus plodding along a Belding street, and soldiers leaving for the Spanish-American War. He took his stereoscopic camera along on a trip to Detroit, and photographed Belle Isle, Water Works Park and shipping along the Detroit River. Irena still was keeping house for him in 1920, but by 1930 Frank was a widower providing a home in Belding for his son Lyle, his daughter-in-law Emily and his grandson Dale.

Her father came from New York and Mary was born in Michigan to a Canadian mother on October 18, 1870, second of the three children of Isaac Lewis Tower and Louisa (Bowman) Tower. Her brother Samuel was two years older, and her brother Ambrose was five years younger. Mary was boarding with a Reading family in 1900. Her cabinet sized photograph mounts were blind stamped "M. L. William Francis Schermerhorn was born in Michigan to parents from New York State on June 27, 1871, last of the two children of William S. and Almeda Schermerhorn. His sister Carrie was ten years older. William was living with his parents in Reading Township in June of 1900, when he was enumerated without an occupation. He married Mary before the year ended, and they soon established a photograph studio in Auburn, Indiana. They were providing a home there for William's parents in 1910, and for his widowed mother in 1930. Mary probably participated in the photography business as long as it existed, which was through 1920. She never had children, and she died at Auburn in 1950.

Frank was born at Eastport, Maine, on May 22, 1856, second of the three sons of Christopher and Julia A. (Small) Towse. His father was a seaman, and he died in Indonesia on August 22, 1860. Eliza married Frank in 1876 at Rockland, Maine. She gave birth in Boston, Massachusetts, to Frank Peavey Towse, Junior, on May 1, 1877, and to Bertha B. Towse in October of 1880. Something happened to Eliza, though she seems to have lived until 1890. Ida M. Witherell was born in Michigan to German parents in October of 1862, and she married Frank at Muskegon about 1882. Their son Arthur Frederick Towse was born at Muskegon on August 12, 1884. Ida was keeping house for her husband Frank, Bertha and Arthur in 1900, but some years later Frank was free to marry again. Her parents emigrated from the Netherlands and Jeanette Ann Bouterse was born in Michigan in October of 1889, second of the six children of Adrian and Mattje (Westerweele) Bouterse. She married Frank at Grand Rapids on February 9, 1909, and she gave birth to John Melville Lincoln Towse at Grand Rapids on December 22, 1909. "TOWSE STUDIO, 1260 So. Div. St., Grand Rapids, Mich." was stamped on the post card backs of photographs, including one postmarked in April of 1908 laying the cornerstone of the Evangelical Church. Jeanette divorced Frank and married a man her own age, Edwin D. Barnhill. They were living in January of 1920 in DeLand, Florida, and were providing a home for her son John, now calling himself Jackson Towse. Frank was living alone in a Grand Rapids rooming house in 1920, when he was photographing furniture for the maufacturers. He died in Grand Rapids on October 4, 1926.

William was born in New York State to natives of New York late in 1836 or early in 1837, second of the six children of Brazillia and Rhoda Ann (Sprague) Trask. He entered the service as Second Lieutenant of Company H of the Sixth Michigan Volunteer Infantry on June 19, 1861. He was commissioned on August 19 and the regiment left Kalamazoo on August 30, 1861, to join the Army of the Potomac. After spending the winter in camp at Baltimore, Maryland, the Sixth arrived by steamer at Fortress Monroe on February 23, 1862, and soon left by sea for Ship Island, Mississippi. Arriving at New Orleans shortly after the city had been captured, the regiment began destroying Confederate supplies in a series of local excursions which were at times very hazardous. Many men of the Sixth were killed or wounded while repulsing an attack upon Baton Rouge, Louisiana, on August 5, 1862. William marched to battle in August despite his being on the sick list. He was commissioned First Lieutenant on September 1, 1862. The regiment fought in Louisiana at Bayou Teche on January 14, 1863, destroying a rebel gunboat, and at Ponchatoula on March 24, 25 and 26, capturing a number of the enemy at the cost of nine men wounded. During action on the Tickfaw River in April, William escaped from a canoe under rebel fire, and hid alone in a swamp for several days and nights with only berries to eat before making his way back to camp by way of an improvised raft and an old abandoned canoe. He had suffered from rheumatism previously, but this exposure aggravated his condition and he never fully recovered his health. The Sixth took part in the siege of Port Hudson from May 23 until July 7, carrying the Confederate works with a desperate charge on May 27 but then giving them up to overwhelming numbers of the enemy. The Sixth was converted to a heavy artillery regiment in July, when William was promoted to the General's staff, possibly as topographical engineer but by early 1864 as acting ordnance officer of the post at Port Hudson. The 247 men of the Sixth who re-enlisted went back to Michigan on veteran furlough and were back at Port Hudson on May 11, 1864. After an engineering task at Vicksburg, Mississippi, the regiment was divided into heavy artillery detachments serving at Fort Morgan, Fort Gaines, Dauphin Island and Mobile Bay. Company H was apparently stationed at Fort Gaines, Alabama. William was commissioned Captain of Company H on July 21, 1864. He was off duty with a liver complaint for a time in January of 1865, and was mustered out of service at New Orleans on August 20, 1865. Lucy J. Hartson was born in Ohio to natives of New York in the summer of 1838, third of the seven children of Luther and Mary Hartson. She married William at Charlotte on December 25, 1866. Their daughter Mabel was born at Charlotte on August 12, 1870, and their daughter Lena was born there on November 19, 1874. William was composer of some of the sheet music available on store shelves early in 1867. Abel J. Whalen was a professional photographer for fifteen years prior to forming his partnership with William, and he remained in the business until 1900 or longer. William was photographer and publisher of a series of Grand Ledge stereoscopic views with legends and numbers up to 35 added to the negatives. He died from inflammatory rheumatism on June 11, 1880, and his five-year-old daughter Lena died from scarlet fever eleven days later. Lucy lived on at Charlotte until early in 1911.

His parents emigrated from Ireland and Ed was born at Jackson on June 9, 1865, fifth of the eight children of Michael and Margaret (Lanigan) Trahey. His surname had become Tray by 1883. Ed's local reputation as a baseball player spread, he was discovered by scouts and went to Galveston, Texas, to play in the old Southern League. He played professional baseball for several years before he returned to Jackson and opened a photograph gallery. His cabinet photographs included musicians with their instruments, portraits of dogs and post mortem pictures of infants as well as the more usual portraits. He maintained a branch gallery at 101 West Main Street for a year or two after he moved into Room 25 of the Allen Bennett Block. Ed served as second vice president of the Michigan Photographers' Association in 1896, as secretary in 1897, and was elected president of the association in 1898. Her father came from New York, her mother emigrated from Ireland, and Ida D. Stoddard was born in Michigan in March of 1870. She was fifth of the eight children of Alfred and Kate Stoddard, and she married Ed at Jackson on July 11, 1898. Ida gave birth to Stewart Edward Tray at Jackson in 1904. "THE TRAY STUDIO, 516 GENESEE AVE., SAGINAW, MICH." was printed on the post card backs of studio portraits, and similar photographs were blind stamped "TRAY, JACKSON." Ed's last studio location in Jackson was the same as his first, and as well as 101 Main Street and the Kassick Block, it was identified as 114 South Mechanic Street. His Jackson employees included retoucher Miss Alice Reeder from 1887 to 1890, photographer Theron F. Nix in 1890, photographer Samuel D. Wardlaw in 1891 and 1892, retoucher Miss Carrie Jewell from 1891 to 1900, artist Ella Cowherd in 1893 and 1894, photographer James Tray from 1893 to 1896, photographer Francis K. Hitchins from 1894 to 1897, retoucher Minnie Tray from 1894 to 1901, retoucher Ellen DeF. Felton and porter William S. Hobbs in 1898 and 1899, and artist and retoucher Lulu Clarke from 1905 to 1916. Ed was an active member of the Photographers' Association of America in 1905. He suffered a heart attack on March 19, 1924, and was ordered to bed by his physician. After three days in bed he pattered around the house for three more days. On the morning of the 25th he felt so much better that he decided to go to his studio. He caught a ride to the court house, walked to the studio and up the steps, and dropped dead at the studio doorway. Ed was survived by his wife and their son, who was attending college. His widow, Mrs. Ida S. Tray, continued the photography business at 114 South Mechanic Street until 1951 when the entire third floor was destroyed by fire.

Benjamin was born in Allegheny County, New York, on November 26, 1828, the son of Alva and Elizabeth (Harris) Treat. His marriage in Ohio to sixteen-year-old Jane Scott on July 4, 1850, did not last. Azuba Ann Congdon was born in 1834 at New Lyme, Ohio, fourth of the ten children of Zebulon and Laura (Gee) Congdon. She married Benjamin at New Lyme on April 2, 1853. Ann gave birth at New Lyme to Emma in 1855 and to Frank in 1857. They were living at Pontiac when she gave birth to Ella in 1859 and to Willard in 1861, but she may have returned to New Lyme for their deliveries. From Waterford, Benjamin enlisted at Pontiac as a sergeant in Company G of the First Michigan Cavalry on August 13, 1861, and was mustered into the service on September 7, 1861. He was commissioned Second Lieutenant of Company C of the Eighth Michigan Cavalry at the organization of this regiment on November 1, 1862, and was mustered on January 20, 1863. The Eighth followed Confederate raider John Morgan from Lebanon, Kentucky, to Bluffington Island, Ohio, where 573 rebels were captured on July 19. Morgan and the remnants of his command were brought to bay and surrendered at Salineville, Ohio, on July 26, 1863. The regiment took part in the East Tennessee campaign where the Union forces were pushed back to Loudon by General Forest in September, and then pushed back from Lenoir to Knoxville and Fort Saunders by General Longstreet in November. Supplies became scarce and no horses were available to replace those exhausted, so the regiment was dismounted. They marched on foot 200 miles over the mountains from Knoxville to Mount Sterling, Kentucky. Benjamin was discharged on account of disability on January 30, 1864. Something happened to his second marriage, and in 1870 Benjamin and his daughter Emma were boarding with a young Whitehall couple. Her father came from Massachusetts and Arathusa E. "Thusa" Brown was born in Coopersville to a mother from New York on September 26, 1854, first of the eight children of Joseph A. and Sarah Almira (Lawton) Brown. She married Benjamin at Coopersville on January 18, 1875. Thusa gave birth in Coopersville to Bessie in April of 1878 and to Dean in February of 1881. Benjamin refitted and enlarged his gallery to 16 by 34 feet in 1882. "B. F. Treat, Photographer, Cooperville. - All kinds of old Pictures copied and enlarged to any size, and finished in all styles. I keep constantly on hand Frames of all sizes, and sell at cost. Negatives preserved for one year." was printed on some card photograph mounts. Benjamin died at Coopersville on March 26, 1899. Thusa still was living at Coopersville in 1920 with her daughter Bessie and her husband, Walter S. Nixon.

Charles was born at Oshawa, Ontario, on December 30, 1865. He paid for his photographic instruction from William J. Walker at Detroit in 1888, and ten years later married Walker's daughter Mabel. Some cabinet mounts had "C. H. Tremear, Carleton, Mich." printed below the image and "B. R. Richardson, Artist, Lyons, Ohio." printed on the back. M. Julius Hansen was a principal of Tremear & Hansen, and several of their cabinet photographs were views of residences. Charles was an active member of the Photographers' Association of America in 1905. He produced a number of daguerreotypes in the 1930s, including two made at the New York World's Fair in 1939 which were highly publicized. He died on July 30, 1943. The article cited has much more information about him.

His father came from Rhode Island and Almon was born in Wayne, Michigan, to a mother from Ohio on October 6, 1881, last of the four children of William and Mary Tripp. He became a tall slender man with grey eyes and brown hair. Helen Antoinette Giebel was born in Germany on March 15, 1885, fifth of the eleven children of Ferdinand and Fredrica (Schwartz) Giebel. She came with her family to the United States in 1888, and she married Almon about 1906. Their children were born in Michigan: Donald in 1907, Antoinette in 1909, and Allen on February 7, 1911. Almon was enumerated twice in the 1910 census: on April 16 in Algonac with his wife and children, and on April 23 in Detroit at the home of his wife's parents. "TRIPP" was lettered on the negatives of post card photographs of St. Clair County scenes along with one, two and three digit numbers up to 123, and some of the cards were mailed in 1909 and 1910. The post cards included views of Algonac, Grand Point, Oak Grove, Pointe du Chene and the St. Clair Flats. The change in address from 1329 ½ to 5647 Grand River Avenue during 1920 was due to sweeping revisions in the Detroit numbering system, rather than to relocation. At this time Almon was living next door to photographer Frank W. Gray. He was the supervisor of photography for Detroit Edison prior to his retirement in 1946. Helen died on April 7, 1961. Almon was 80 years old when he died in Mount Carmel Mercy Hospital on August 9, 1962, and burial was in Grand Lawn Cemetery. He was survived by his three children.

His parents came from New Brunswick and Hamilton was born in Canada West (later Ontario) on July 7, 1843, second of the five children of Jonathan and Mary (Pickard) Tripp. Olive was born in Canada West about 1847, and she was married to Hamilton by 1867. Their daughters were born in Ontario: Eva about 1868, Emma about 1870, Maggie about 1873, and Hattie about 1877. Emma apparently died as a child. "H. TRIPP, Photographer. *Mill Street, ST. LOUIS, MICHIGAN.* Copies can be had at any time." was printed on some card photograph mounts. A fire that started from a red-hot stove in a meat market on Sunday evening, July 7, 1879, destroyed several business places on the east side of Mill Street in Saint Louis, including the photo gallery of H. H. Tripp. His partnership with Hamilton seems to have been Willard F. Cutler's only venture into professional photography. Arlington, Nebraska, had a photographer named H. Tripp in 1894 and 1895.

His parents came from Massachusetts, and James was born in Pennsylvania or New York about 1834. Joyole was born in Pennsylvania about 1848, and she married James about 1867. Their son Frederick was born in 1868 or 1869. Something happened to his first marriage, and in 1875 at Buffalo, New York, James married Mrs. Mattie F. Barrows, who was born in New York State about 1852. In 1880 they were raising Jessie, who was born in Michigan in 1872 or early in 1873 and was the daughter of either Mattie or James. Charles T. Cornwell succeeded James as photographer at 46 West Chicago Street. Loran W. Schellhaus was sole proprietor of the gallery at 22 West Chicago Street before he and James became partners there. Tripp & Schellhaus produced stereoscopic views of Coldwater. In 1869 *The Philadelphia Photographer* offered prizes for the best pair of negatives and prints submitted in three classes: portrait, composition and landscape. Tripp & Schellhaus submitted two double cabinet size negatives on 8 by 10 glass of a young lady, along with excellent prints. Their portrait work was highly regarded, but was not awarded the gold medal. Both James Tripp and Loran Schellhaus joined the National Photographic Association and in 1870 attended the annual convention at Cleveland, which they enjoyed hugely. The NPA monogram was printed on several different styles of James' card photograph mounts. In 1870 James advertised: "Tripp's Art Gallery.... EVERY KIND OF PICTURE including the Beautiful Rembrandt. Old Pictures Copied Any Size, and finished in Oil or Ink. All work done with care." In 1872 he publicized his "New and First-Class Skylight and Instruments." From Coldwater, James published stereo views of Coldwater and vicinity as well as views of the Michigan Agricultural College near Lansing. Edward Kindmark was his successor as the photographer at 22 West Chicago Street in Coldwater.

Garrit was born at Harderwijk in the Netherlands on June 14, 1861, fifth of the eight children of Willem and Johanna (Klaassen) Tromp. His family left Liverpool, England, in the steerage section of S. S. Nestorian and arrived at Quebec, Canada, on September 5, 1867. Most census records were for Gerrit Tromp, who became a citizen of the United States when his father was naturalized. Garrit and his siblings were orphans by 1880, when each of the younger ones was living with a different family. Her parents emigrated from England and the Netherlands, Mary Ann was born in Michigan in December of 1858, and she married Garrit about 1881. Their children were born in Michigan: Maggie in October of 1882, William in August of 1885, Johanna in March of 1892, Lizzie in July of 1895, and Josephine in October of 1899. Early in 1898 Garrit and his brothers William and Martin were proprietors of a large photograph and portrait gallery at Holland, with branches at Brighton and Zeeland. Garrit's purchase of the Alma gallery from Jesse Christenson was reported in May of 1898. The excellent facilities of the Alma gallery were expected to be used in finishing cabinet pictures for Zeeland and Brighton, work which had been done formerly at Holland. The reopening of Garrit's Zeeland gallery was announced in January of 1899. His daughter Josephine also was a Kodak finisher for an Alhambra drug store in 1920, and Mary Ann still was keeping house for Garrit in 1923.

George was married about 1885, and though still married, he was living by himself in Bellevue in 1900. The Middleville photographer was identified in September of 1904 as G. Tromp, with eighteen years in the photographic business before coming to Middleville, and with plans to close his local gallery on January 1, 1905. His father came from New York and Delos was born in Ohio on May 10, 1882, first of the six children of Jerome and Lillian (Day) Trowbridge. He grew up on the family farm and became a tall slim man with gray eyes and auburn hair. Her father came from Maine and Lucy (later Lillie) was born in New York State in 1887. She married Delos about 1907, and they never had children. A distinctive "T." was lettered on the negatives of most of the many post card photographs by Delos, often along with the year and sometimes with the date. "Photo made by D. R. TROWBRIDGE at the 20th Century Studio, Shelby, Mich." was stamped on the post card backs of some 1911 views of Shelby. Other scenes in Shelby, Pentwater, Kingsley, Hart and Fremont were dated 1911 and 1912. Some Lake Odessa post cards were made from negatives dated in 1916, 1918 and 1922, and others were postmarked from 1913 to 1927. During this period Delos also made postal photographs of Saranac, Freeport, Jordan Lake and Sunfield. "Trowbridge Photo" replaced the familiar "T." on some of the negatives, and "Photo by D. R. Trowbridge, Lake Odessa, Mich." or just "D. R. TROWBRIDGE" was stamped on the post card backs of some photographs. The Trowbridge Photo Shop was in the foreground of one winter scene dated 1914. Delos was working for the telephone company as a repairman around 1920. Mrs. Lillie M. Trowbridge was a Lake Odessa news agent or dealer from 1920 through 1931, and was identified as a photographer in 1930. Delos died on October 19, 1956, and Lillie died on December 30, 1971. Both burials were at Lakeside Cemetery in Odessa Township of Ionia County, Michigan.

His mother came from Pennsylvania and Guilford was born at Fayette in Fulton County, Ohio, on August 21, 1859, second of the three children of William and Mary Ann (Earick) Trowbridge. His sisters also were born at Fayette: Marzella on April 28, 1857, and Mattie on March 23, 1867. He grew up on the family farm and was enumerated twice for the 1880 census: on June 5 with his family in Fayette as Gilferd D. Trowbridge apprenticed to an artist, and on June 7 as an apprentice photographer named George D. Trobridge boarding in a hotel at Morenci, Michigan. He probably was working for either James O. Converse or Robert Rock in Morenci, which is about six miles northeast of Fayette. Anna was born at Junction City, Kansas, on February 23, 1868, the daughter of Henry and Eliza Jane (Chapman) K'Burg. She married Guilford at Fowlerville on August 3, 1885. She was enumerated as Anna in 1900, as G. Anna in 1910, as Georgia A. in 1920, and as Georgianna in 1930. She gave birth to Dale Guilford Trowbridge at Fowlerville on April 5, 1887. Guilford produced individual cabinet photographs of at least nine young female participants in the Fowlerville Merchants' Carnival of 1888, each holding a banner with the name of a Fowlerville retailer and each wearing a costume decorated with typical items sold or used by that merchant. One of the young ladies was representing Trowbridge the Photographer. Guilford advertised in 1889: "Photographer; Copying and Enlarging Old Pictures in Crayon, India Ink, Water Colors and Pastel a Specialty." He used two stereo viewers as accessories to add interest to some of his cabinet portraits, and he produced stereo views of interiors and of a G. A. R. event on Main Street.

John was born in Richland County, Ohio, to parents from Pennsylvania in June of 1841, first of the seven known children of William and Jane Tucker. He was 6 feet 1½ inches tall with a dark ruddy complexion, dark hair and blue eyes when he enlisted at Reading in Battery I of the First Michigan Light Artillery on August 22, 1862. The guns were positioned closer than usual for a salute to Governor Blair on September 15, 1862, and while he was loading his gun, the next gun to the rear was fired leaving John partially deaf for life. The battery left Detroit on December 4 for Washington, D. C., and participated in the spring and summer campaigns of 1863 with the Army of the Potomac, including the Battle of Gettysburg on July 3. In October of 1863 the battery was ordered to Nashville, Tennessee, arriving there on November 12 and staying through the winter. In March of 1864 the long march to Whiteside, Tennessee, began in preparation for the Atlanta campaign. The battery was in action at New Hope Church in May, and at Lost Mountain, Kennesaw Mountain and Culp's Farm in June. John was treated for scurvy in a field hospital from June 29, then at General Hospital Number 3 at Nashville from July 3 until he was transferred to a Louisville hospital on August 3. He returned to duty on August 13, 1864, when the battery was still participating in the siege of Atlanta. They stayed in Atlanta after the city surrendered until November, and then moved to Chattanooga, Tennessee. They traveled to Michigan early in July, and John was mustered out and paid off with the battery at Detroit on July 14, 1865. John probably served Jefferson as a branch of his Osseo business. The rendezvous for the 1866 convention of Jefferson Township schools was at the First Methodist Episcopal Church directly across from John's gallery in Osseo. As the delegation from each school district arrived on the morning of August 21, John took a picture of them. Jane Ann Skinner was born in Ohio about 1842, and she married a man named Strong while in her teens. When she married John about 1866 she brought along her son Charles Strong, who was born in Michigan in the summer of 1861. Jane Ann gave birth to Edgar Tucker on January 6, 1868, and to Mary Ann Tucker about 1869. Both Mary Ann and her mother died in Camden Township a few years later. Her father emigrated from England and Anna Maria Russell was born in New York State on July 10, 1845, the daughter of Isaac and Ann (Hise) Russell. She and John were married on February 26, 1879, at California, Michigan. Their daughter Jane was born on February 15, 1884, and John applied for a Veterans Invalid Pension a few months later. John and Anna were providing a home in 1880 and in 1900 for the mother of his first wife. John owned a thirty-acre farm and seven vacant lots in the village of Montgomery with a total value of \$1800.00. He died at the farm on June 15, 1904. Anna received a Widows Pension until she died there on March 23, 1915.

Byron was born in Michigan to parents from New York in April of 1850, fourth of the six children of Joseph and Maria Turner. Benjamin Turner was his youngest brother. Emily Howell was born in Michigan in March of 1851, and she married Byron about 1873. Their daughter Edna was born at Pittsford in December of 1875, and she had no siblings. "B. L. Turner's pieonachos photos" was lettered on negatives under multiple poses of one person or of several people posed individually. About 1890 "Ben Turner, Quincy, Mich." was printed on cabinet mounts which carried prints from such negatives. Byron filed a patent application on December 11, 1891, and Patent No. 489,512 was granted to him on January 10, 1893, covering a Plate-Holder Attachment for Cameras with which several exposures could be made at different places on the same plate. Byron was a widower by 1930, when he was living with his daughter and her husband. His dentistry was chiefly plate work at this time.

George was born at Stockbridge, Massachusetts, on September 28, 1840, to Cornelius W. and Eliza Ann (Young) Turner. The family moved in 1853 to Waterbury, Connecticut, and later moved again to Genesee County, Michigan. George enlisted in the Fenton Guards and entered United States service as Second Lieutenant of Company A of the Eighth Michigan Volunteer Infantry on June 19, 1861. The regiment arrived at Washington, D. C., on September 30, 1861. Assigned to the "Expeditionary Corps" under General T. W. Sherman, the Eighth saw service along the coast at Hilton Head and Beaufort, South Carolina, and at Coosaw River and Tybee Island, Georgia. From Beaufort, George was sent home to recruit, and gained more than twenty enlistments. The regiment lost heavily in killed and wounded in a severe engagement on Wilmington Island on April 16, 1862. Two months later the Eighth made a bayonet charge upon the enemy's works under artillery fire at Seccessionville on James Island. The rebel fire was so destructive that they were obliged to withdraw with losses of 13 dead, 98 wounded, 35 taken prisoner and 36 missing. George was commissioned First Lieutenant of Company K on September 1, 1862. So many officers were lost in the action on James Island that George led Company B through the Maryland battles at South Mountain on September 14 and Antietam on September 17. Because of poor health, George resigned and was honorably discharged on September 24, 1862. Dodge & Turner were proprietors of the National Gallery, and affixed two-cent revenue stamps to their mounts. Her father emigrated from Ireland and Sarah Elizabeth Scott was born to a Canadian mother at Pontiac, Michigan, on February 9, 1843, the daughter of William and Mary A. (Blackhorse) Scott. On June 12, 1867, George married Sarah at Pontiac, where his elder brother published a newspaper. Sarah gave birth in Michigan to William about 1869, to Maggie about 1872, to Frank on December 14, 1874, and Augusta (later Gussie) in August of 1884. George acquired the carriage shop at Flint where he had learned the trade and ran it very successfully. He patented a truss rod support for wagon axles that was used extensively. George was the Genesee County agent for the state board of corrections and charities for more than 22 years, placing children from state institutions into suitable homes. Sarah died at Flint on October 12, 1913. George and his daughter Gussie were sharing a home in 1920 at Los Angeles, and he died there on November 24, 1926.

Joseph graduated from the University of Wisconsin in 1875, and married a lady named Lura in 1880. By 1887 he had traveled more than 12,000 miles in securing photographs for his publication, *Lake Superior Region Illustrated*. This was a series of volumes, and the seventh number was devoted to views and descriptions of scenes in the vicinity of Duluth and Vermillion, Minnesota. In July of 1887 he was provided with a special car by the recently completed Duluth, South Shore & Atlantic Railroad for the purpose of taking scenic views along the tracks between Duluth and Sault Ste. Marie, Michigan. He was accompanied on this trip by his wife, and by W. B. Phillips and William Stocks. Single issues of *Lake Superior Region Illustrated* are held by the Minnesota Historical Society and by the State Historical Society of Wisconsin. From Ashland, John moved to Burlington, Wisconsin.

His father came from Pennsylvania and Francis (later Frank) was born to a Scotch mother on a farm in Brady Township of Kalamazoo County on August 22, 1842, first of the seven known children of Benjamin and Sarah Tuttle. His father had taken up government land here next to the Potawatomi Indian reservation. Francis was five feet eight inches tall with a dark complexion, hazel eyes and dark hair when he enlisted at Coldwater in Company B of the 44th Illinois Volunteer Infantry. Companies B and H of this regiment were recruited in Michigan. The 44th spent 1862 and 1863 in Missouri, Arkansas, Tennessee and Georgia, fighting in battles at Corinth, Murfreesboro, Hoover's Gap, Shelbyville and Tullahoma. During the battle of Chickamauga in September of 1863 it lost many killed and wounded in the charge upon Missionary Ridge, and Frank was wounded in the left hip by a shell fragment. He re-enlisted on January 1, 1864, at Blain's Cross Roads, Tennessee. The regiment took part in all of the engagements near Atlanta during the spring of 1864: Buzzard's Roost, Rocky Faced Mountain, Resaca, and Kenesaw Mountain. During a charge at Kenesaw Mountain on June 27, Francis was within twenty yards of the Confederate works when a rifle bullet passed through his left forearm. Hospital gangrene complicated his recovery and he underwent operations on July 17 and 19. He was furloughed much of the time after August 13, and at Mendon on October 9, 1864, he married Marietta (later Mary) Eliza Van Alstyne. Her father came from New York State and Marietta was born in Michigan to a Canadian mother on August 25, 1844, first of the three known children of Linus and Marilla Van Alstyne. Francis returned to a Detroit hospital on December 29, 1864, but the fingers of his left hand remained partially paralyzed, and he was honorably discharged for disability at Detroit on January 16, 1865. Marietta gave birth in Michigan to John Van Alstyne Tuttle on September 22, 1865, and in Indiana to Leon Gale Tuttle on January 29, 1869. "F. M. Tuttle, Mendon, Mich." was stenciled on the backs of *cartes de visite* without revenue stamps. Francis drew a veteran's disability pension at East Saint Louis from 1913 to 1922, and he died at Saint Louis, Missouri, on March 26, 1926. Marietta returned to Topeka where she was teaching music at her lodgings with another woman in 1930. She received a widow's pension until her death at Chicago, Illinois, on September 1, 1937.

His father emigrated from Northern Ireland and Adelbert was born in Schoolcraft County, Michigan, to a mother from New York State on October 2, 1866, the son of Thomas and Sarah Jane (Wellman) Tweedie. Jessie Bell McMurtrie was born at Cedar Springs, Michigan, to a mother from New York on June 1, 1867, first of the two children of Harris Carlisle McMurtrie and Adeline (Wright) McMurtrie. Her brother Arthur was born in September of 1876. Jessie married Adelbert at Sandusky, Michigan, on February 3, 1887. They had three children born at Cadillac: the twins Helen and Herbert on February 19, 1889, Earl on October 26, 1891, and Harold on February 6, 1896. Helen died as an infant. Their daughter Esther was born at Petoskey on November 24, 1898. Ruth was born in 1900, Wesley was born in 1902, and they both died in 1903. Jessie died on December 24, 1906, and her sister Nellie McMurtrie came to help Adelbert care for his home and children. Her father came from New York State and Effie Parrish was born at Sandusky, Michigan, to a Dutch mother on October 2, 1866. She married Adelbert at Sandusky in September of 1910. "Corner Mitchell & Harris Streets...." and "Ground Floor, Pine Street...." each were printed on cabinet mounts along with "A. T. Tweedie, ... Cadillac, Mich." Some of these mounts carried outdoor scenes, such as one of an extended family camping in the woods. Adelbert produced stereo views of Cadillac. A penned or blind stamped "Tweedie" was the only mark on many early 20th Century photograph mounts. Adelbert was an active member of the Photographers' Association of America in 1905. The Carsonville and Sandusky studios were undoubtedly branches of the Croswell business. "COPYRIGHT 1909 - TWEEDIE" or "COPYRIGHT 1910 - TWEEDIE" was lettered on the negatives of post card photographs, including bird's-eye views of Croswell business streets. The Croswell and Sandusky listings in 1930 both were for Albert T. Tweedie. Effie died at Croswell on July 15, 1946, and Adelbert died there on June 19, 1952.

His father came from New York State and Addison was born to a mother from New Hampshire on September 23, 1837, in Jefferson Township of Ashtabula County, Ohio, second of the four children of Ansel and Mary Louise (May) Udell. He was five feet ten inches tall with a light complexion, blue eyes and dark hair when he enlisted at Jefferson as a private in Company B of the 23rd Ohio Volunteer Infantry on June 1, 1861. He had been promoted to corporal by the time he re-enlisted at Charleston, West Virginia, on November 30, 1863, and to sergeant when he was discharged to accept a commission as First Lieutenant of Company D in the 107th United States Colored Infantry at Louisville, Kentucky, on July 9, 1864. During December of 1864 the hardships of camp life and the monotonous diet caused chronic diarrhea and hemorrhoids which afflicted Addison for the rest of his days. He received a leave of absence from January 7 until February 28, 1865, and apparently he had been promoted to Major by the time he was honorably discharged from the army at Fort C. F. Smith in Virginia on October 28, 1865. He went immediately to Three Rivers, and spent the balance of his life there except for a year in Colorado. Her father came from Connecticut and Ann Eliza Chaffee was born in Marcellus Township of Onondaga County, New York, on October 2, 1840, the younger child of Joseph and Phebe Chaffee. Her brother Comfort was two years older. Ann (often Anna or Annie) married Addison at Three Rivers on October 15, 1863, and they never had children. Some of Addison's card photograph mounts of the mid 1870s carried the monogram of the National Photographic Association, while others of this period offered "... All kinds of Pictures and Frames." or "... Duplicates like this \$2.00 per dozen." He was awarded the premium of \$3.00 for the best ambrotypes and photographs exhibited at the St. Joseph County Fair in September of 1875, and \$2.00 for the best ambrotypes and photographs at the same fair in October of 1880. He produced stereoscopic views of Three Rivers. Frank M. Bailey was employed by Addison as a photographer in 1880, and Alfred F. Garrison worked for him as the photographic operator before succeeding him in the photographic business about 1881. "UDELL is at work again in his Gallery, THREE RIVERS, September 17, 1883." was printed on the front of trade cards, while on the back was: "During the past year my Photograph Gallery in Three Rivers has been rented and run by other parties. I have returned now and will take full charge of the business myself. I have a new light and everything in grand style for doing fine work. Come and see us. A. A. UDELL." In the fall of 1888, Anderson & Kepler were proprietors of the Udell Gallery over Griffith's hardware store in Three Rivers. Addison stayed at about 135 pounds during his adult life, though he got an inch or two shorter and his hair turned gray. He totally lost the sight of his right eye in July of 1901, and his wife, Annie E. Udell, died on May 17, 1908. Anna M. Weir was born in April of 1850 at Manchester, Michigan, the daughter of James and Amanda M. Weir. She married George P. Wright in November of 1868, and gave birth to Fred in September of 1869. Anna was a widow by 1900, and she married Addison at Fort Collins, Colorado, on August 24, 1909. Addison's pension was \$12.75 per month in 1902, and increased from \$25.00 to \$30.00 per month on his 75th birthday in 1912. He died on October 15, 1913, and Anna soon began receiving a Widow's Pension. Anna died at Seattle, Washington, on May 8, 1942.

His father and his maternal grandparents emigrated from Germany, and Henry was born on December 2, 1877, in Cleveland, Ohio. He was second of the four sons of the jeweler Charles F. Uhl and Julia (Beilstein) Uhl. Henry became a slender five foot ten inch man with brown eyes and dark brown hair. He studied voice for four years at Dresden, Germany, and attended the Conservatory of Music at Oberlin College with hopes of a concert career as a bass baritone. Later he did at times give voice and piano lessons. Her father emigrated from Germany and Edna May Hoeft was born in Michigan in August of 1889, first of the four daughters of Paul Herman Hoeft and Dorothea Matilda (Lehndorff) Hoeft. Paul H. Hoeft was a lumberman and the wealthiest person in Rogers City. Edna married Henry at Rogers City on September 12, 1908, and they visited Europe on their honeymoon. They returned on S. S. Prinz Friedrich Wilhelm, leaving Bremen, Germany, on November 28 and arriving at New York City on December 8, 1908. Henry hated the job he was given in the lumber offices, and resigned to open a photographic studio in Rogers City. "PHOTO BY HENRY UHL" appeared on an extensive series of press printed post cards of Rogers City, and "UHL Photo" was lettered on the negatives of some post card photographs, including one of the "Str. W. F. White loading at Calcite, Mich." Many illustrations in the local newspaper were made from his photographs. Edna gave birth at Rogers City to Paul in 1910, to Robert in 1913, and to Henry in November of 1915. Henry's photographic income always was supplemented by his wife's money in order for his family to live up to the Hoeft standard, and he was never really accepted by his aggressive and affluent in-laws. He operated from a home studio in California, and came to consider himself a complete failure. He hung himself in his Los Angeles garage on February 10, 1933. Two of his sons became motion picture cameramen, and the third designed and then sold for a gift wrap manufacturer.

Clarence seems to have shared a gallery address with Otis A. Taft in 1882 and 1883, when their place of business was called the Glass Front Gallery. A newspaper noted in May of 1884 that "C. Underwood has achieved an enviable reputation for his work in photo-caricatures. The pictures have a perfect likeness of the person sitting, but the body is a grotesque figure riding a mule or something else as funny. If you want a real amusing picture, go to C. Underwood's over W. Jackson's store." Stamped on the back of some cabinet mounts was "From C. UNDERWOOD'S FERROTYPE STUDIO, 156 W. Main St., Jackson, Mich.", while "From C. UNDERWOOD & CO'S STUDIO, 156 W. Main St., Jackson, Mich." was stamped on the front of others. Miss Nettie T. Carr and Miss Sarah Fisher were associated with Clarence in C. Underwood & Company, specializing in solar printing. Clarence's residence in Jackson also was at 156 West Main Street.

His parents emigrated from Sweden, Carl was born on April 9, 1893, at Worcester, Massachusetts, and he became a tall slender man with light blue eyes and light brown hair. Her parents emigrated from England, Nellie was born in Maine in 1893 or 1894, and she married Carl about 1915. Their sons were born in Detroit: Everett about 1915, and Robert about 1924. A panoramic photograph of twelve thousand Ford employees posed in front of the Highland Park factory in the fall of 1913 is attributed to C. R. Vallin. At Ford Motor Company, Carl progressed from photographer to motion picture photographer, to special assignments in the Motion Picture Department, and to plant photographer before he became assistant to the department manager in February of 1917. He retained the same position when he was transferred from the hourly to the salaried payroll in August of 1918. He seems to have been in charge of the Photographic Laboratory as a foreman from November of 1919 until April of 1921, when he quit to open his own photo studio. Morris W. McGee was president of the St. Clair Studios, Carl was vice president, and Frank Sibley was secretary-treasurer. McGee was a theater manager and Carl had the only extensive photographic experience. Donald MacGregor, Carl's partner in MacGregor & Vallin, was a principal of the Hillis-MacGregor Photographic Service in 1921 and retained a photographic studio in the Garfield Building in 1922. MacGregor & Vallin took 8 by 10 photographs of the monel metal Model T truck and the Stout 2AT single engine airplane of the Air Transportation Service of the Ford Motor Company. In 1923 they produced a series of 2 ¾ by 4 ½ post card photos of "The Awakening" which was billed as the World's Greatest Outdoor Spectacle, with 17,420 chair seats and 1000 participants - water stunts, circus acts, ballets and fireworks. Carl died at his Pleasant Ridge home on July 6, 1959, survived by his wife, his son Everett, and four grandchildren. Burial was in Grand Lawn Cemetery.

## Van, \_\_\_\_\_

Wakefield (Van & Bakely) PHOTOGRAPHERS ..... ca 1890

Two cabinet photographs from the earliest days of Wakefield are products of this partnership. One is of a standing man posed as if playing a violin, and the other is of a seated woman posed as if playing a guitar. The same posing chair, backdrop and carpet appear in both. Van could be the full surname of the photographer or only part of it.

## Van Allsburg, \_\_\_\_\_

Frankfort PHOTOGRAPHER ..... ca 1895

On a cabinet mount below a photograph of the Ann Arbor Number 1 railroad car ferry stuck in the ice was printed "From Van Allsburg." Authoritative opinion is that the photograph was taken at Frankfort between 1892 and 1896.

| Amelia was born in New York State to natives of New York in August of 1857, last of the four children of James and Emma Van Buren. Her siblings also were born in New York: Anna in August of 1843, Pliny in May of 1847, and Caroline in March of 1854. All four of them were living with their parents in 1880. She and Eva Lawrence Watson studied painting at the Pennsylvania Academy of the Fine Arts in the early 1880s under Thomas Eakins, who later gave them private lessons. Eakins painted a moody portrait of Amelia about 1890 that was reproduced on the cover of an Eakins monograph in 1995. Eva Watson and Amelia may have learned photography from Eakins and his wife, who were active in the medium. The two women were partners in the photoengraving business for seven years prior to moving to Atlantic City. Eva Watson returned to Philadelphia in 1898. She and Amelia both had photographs selected for exhibition in the 1898, 1899 and 1900 salons of the Philadelphia Photographic Society. Some of Amelia's works were included in the landmark exhibit <i>American Woman Photographers</i> organized by Frances Benjamin Johnston in 1900 for the Exposition Universelle in Paris, France. Nine of the 96 women who exhibited photos in July of 1910 at the national convention of the Photographers' Association of America in Milwaukee were from Michigan, and Amelia was one of them. She was associated with the artists' colony at Tryon for many years before she moved there. In 1920, before she left for Tryon, Amelia and her sisters were living in Detroit with their brother Pliny. Amelia died in 1942. |           |     |

Earl was born in New York State to natives of New York on September 1, 1878, second of the three known children of William and Ida Van Buren. He became a medium sized man with blue eyes and brown hair, and he enlisted in the Third New York Infantry at Geneva, New York, on May 1, 1898. Earl was mustered into the army as a private in Company B on May 17, 1898. As the war ended, he was mustered out of the army with his company at Geneva on November 30, 1898. Her father emigrated from England, and Mary was born in Pennsylvania to an Irish mother about 1882. She married Earl in 1902 or early in 1903, and they never had children. Earl may have employed a photographer known as "Mack" McDermand in 1913. Mary probably played a significant part in Earl's photographic business, and she was listed as an Iron River photographer in 1922. Her parents emigrated from Denmark, and Nora was born in 1894 or early in 1895. She was enumerated as Earl's wife in 1930. Earl was listed as proprietor of the Iron Range Studio in 1930, but was using that business name much earlier. Some of the many post card photographs of the region produced by the Iron Range Studio were postmarked as early as 1922 and as late as 1936.

Though most records indicate that Charles was born in Maine, he was born in Nova Scotia on December 14, 1844, second of the three children of Lewis and Susan Van Buskirk. His brother George was two years older, and his sister Ann was three years younger. Charles and his sister were living with a young Eau Pleine couple in 1860. Charles became a 6 foot 1½ inch man with blue eyes and dark hair. He never married, and he usually lived by himself. Both his Photographic Fine Art Gallery and his partnership with Ferrin F. Beals were pronounced successors to James T. Randall at his old rooms in East Saginaw. The Muskegon studio at 78 Western Avenue was called the Marble Front Art Gallery. George G. Burdick was associated with Charles in the Central Photograph Gallery. Charles was lodging in June of 1880 with the same family that accommodated the photographers Horatio Braunt and James D. Westervelt. Charles attended the inaugural convention of the Photographers' Association of America at Chicago in August of 1880. While in the Dakota Territory, Charles also served the town of Theodore. His application for a patent on a Photographic Printing Machine was filed on January 3, 1893, and Patent Number 510,371 was granted to him on December 5, 1893. Charles was naturalized a citizen of the United States in the United States Circuit Court at Boston on April 21, 1894. He photographed in the later 1890s on the California beaches at Santa Monica as Van Buskirk & Collins and as the North Beach Photograph Company in partnership with N. V. Gardner.

Fred was born to natives of New York State at Scio in Allegheny County, New York, on February 5, 1859, the only child of Ambrose and Susan W. Van Campen. He came with his parents to Bay City, where he took up newspaper work following his graduation from high school. Her father came from Vermont and Agnes was born in Minnesota to a Canadian mother in September of 1862. She married Fred in 1880, and their children were born in Michigan: Verna in March of 1882, Minnie in November of 1885, Frederick in January of 1890, Margaret in January of 1891, and another daughter in July of 1898. Along with Leonard L. Cline, Archibald McMillen and Bert H. Gustin, Fred founded the Bay City Times in 1888. He sold his interest in the newspaper to enter the photography business. The veteran photographer Mrs. Emma J. Hamilton took him in as her partner in 1908. At the second annual meeting of the Michigan Photographers Association at Detroit in February of 1897, Fred was awarded third prize in Class E for his exhibit of six Paris Panels and six Cabinets. His daughter Verna was enumerated as a photographer in 1900, and his daughter Margaret was enumerated as an apprentice photographer in 1910. Fred suffered a stroke of apoplexy early in 1923 and was ill for eight months prior to his death on October 5, 1923. Burial was in Oak Hill Cemetery. Fred was survived by his wife, Mrs. Agnes C. His father came from New York State, and Charles was born in October of 1841 at Lee, Massachusetts. A man with 4 5  
the same name served in Company A of the Third Michigan Infantry from May of 1861 to June of 1864, but followed 6  
a different civilian career. Eliza M. Stowe was born at Grafton, Massachusetts, to natives of Massachusetts on 6 5  
December 13, 1840, second of the four children of William and Mehitable N. Stowe. She married Charles about 1861, 5 4  
and their son Arthur was born in Massachusetts on September 17, 1862. Their son Wilbur was born in Detroit on July 4 5  
4, 1876. Van Deusen & Houghton made photographs on porcelain, and promised: “... This Negative is preserved for 5 t  
years with great care. Photographs can be made from it like this, or enlarged to Cabinet or life size, finished in India t  
Ink, Oil, or Water Colors.” Charles and his partner, Alexander Houghton, opened their new gallery at 196 Woodward t 2  
Avenue on August 13, 1867. C. H. Van Deusen, View Photographer, published 45 stereoscopic views of “Chicago 2 t  
after the Fire” on the mounts of Toledo, Ohio, photographer R. Harry Bliven. Within a month after the fire, Van t 7  
Deusen’s MAMMOTH STEREOPTICON was projecting the “Ruins of Chicago” on a 15-foot-square screen in 7  
Detroit and in Pontiac, using magnesium lights and a twelve-inch condensing lens. One year later, Charles used the 7 8  
same apparatus to project the 1872 election returns upon a screen erected on the Campus Martius in Detroit. In July of 8  
1872, Charles was acquitted of a charge of stealing from the photo supply store of George R. Angell. He and Nicholas 8 d  
L. Barlow were Detroit crayon artists at 175 Woodward Avenue in 1875. Charles died in Chicago on August 21, 1903, d 5

| His parents came from New York State and Arthur was born in Michigan on December 20, 1871, last of the five children of John Wesley Vandeventer and Eliza Ann (Wheeler) Vandeventer. His siblings were born in Dundee Township or in the village of Dundee: Virgil (profiled below) in 1852, Judson in 1855, Nelson in 1857, and Fannie in 1864. His brothers lived long lives, but Fannie died a year before Arthur was born. Edna was born in Michigan to a mother from New York State in 1878 or early in 1879. When she married Arthur about 1908, she brought along her nine-year-old daughter Belle. This also was a second marriage for Arthur. Arthur H. Pierce & Van De Venter produced post card photographs of such scenes as boats in Allen’s Cove and the main street of Temperance. This Lakeside was on the shore of Lake Erie three miles from Erie in Monroe County, and never to my knowledge had a post office or appeared on a map. Arthur used at least four different impints on the backs of postal views: “A. R. VAN DE VENTER, DUNDEE, MICH.” - “PHOTO BY A. R. VAN DE VENTER, ERIE, LAKESIDE, MICH.” – “VAN’S STUDIO, ERIE LAKESIDE, MICH.” and “PHOTO BY VAN, ERIE, LAKESIDE, MICH.” Some of his negatives were marked “PHOTO BY VAN DE VENTER” or “PHOTO A. R. VAN.” He photographed Allen’s Cove, a Memorial Day parade in Azalia, Confirmation Day in Deerfield, many Dundee street and other scenes including a carnival in 1910, stores and cottages at Lakeside and at Lakewood, and an interurban car at Toledo Beach. Most of Arthur’s photographic prints were published as post cards. Postmarks ranged from 1909 to 1914. He produced panoramic photographs of events in Dundee, Michigan, from his Toledo studio. Arthur died at Chillicothe, Ohio, on May 14, 1918. |           | 1 4<br>4<br>4<br>4 1<br>1<br>1 t<br>t<br>t<br>t<br>t<br>t<br>t 3<br>3 4 |

His father came from Tennessee and Clarence was born to a mother from Ohio at Mount Pulaski, Illinois, on April 15, 1865, the only child of James and Caroline (Nicholson) Van Deventer. Something happened to his father, and in 1870 Clarence was being raised by his mother with some help from her brother Frank Nicholson. Caroline married Charles W. Snyder a year later, and by 1880 Clarence had an eight-year-old half-brother Frank and a five-year-old half-sister Estella. Her father came from Pennsylvania and Annie T. Hibbs was born in Illinois to a mother from New York State about 1866. She married Clarence at Springfield, Illinois, on November 25, 1886, and their children were born at Alpena, Michigan: Florence on August 4, 1887, and Clarence on September 25, 1888. "Nick & Van" was printed on some cabinet mounts from Alpena, where Albert R. Nicholson and Clarence were partners . Something happened to his first wife, and Clarence married again. Her father came from New Jersey and Martha (often Pattie) Macknet was born to a mother from Indiana at Girard, Illinois, on August 17, 1869, last of the five children of David S. and Rhoda J. (Clark) Macknet. She married Clarence on June 6, 1893, and their son Frank Macknet Van Deventer was born at Carlinville on March 21, 1894. Clarence was awarded a bronze medal in July of 1897 for photographs he exhibited at the convention of the Photographers' Association of America at Celeron-on-Chautauqua, New York. He advertised nationally in the fall of 1897: "FOR SALE - Only gallery in Carlinville, Illinois; county seat; population 4,000; gallery has reputation all over this part of state; \$1,000 cash; don't write me unless you have the money...." His sale of the Carlinville gallery to Miss Nettie Turnbull and his purchase of the Decatur studio from R. L. Sleedh were reported in June of 1898. Clarence was elected Second Vice President of the Photographers' Association of America in 1903, and First Vice President in 1904. He served as President of the Photographers' Association of Illinois in 1904. Pattie was working for Clarence as a photographer in 1920, and she was enumerated as his partner in 1930.

Her father emigrated from England and Mary was born in Ohio on November 8, 1860, first of the four daughters of James and Jane Gane. She undoubtedly met Virgil K. Van Deventer when he was teaching school in Ashtabula County, and she may have been one of his students. Mary and Virgil were married at Dundee on June 27, 1881, and they never had children. Virgil's gallery at Dundee opened in the summer of 1898, and he was listed as the Dundee photographer in each of the gazetteers from 1899 through 1931. However, in the census reports for 1910 and 1920 he was enumerated as an optometrist, and Mary was enumerated as the photographer. Mary survived Virgil, who died in November of 1941.

The opening of Virgil's gallery at Dundee was announced in the summer of 1898. The Guerin College of Photography took a full page in a photographic journal to reproduce letters on the theme "WHAT OUR STUDENTS THINK OF US." One of the letters was from Virgil, and it said in part: "... Having spent two months at the Guerin College of Photography, St. Louis, beginning February 14th, 1901, I can cheerfully recommend the same for the comprehensiveness of its course, for the thoroughness of its instruction, and for the modern methods which it employs in the practice of photography...." He was an active member of the Photographers' Association of America in 1905. Virgil was enumerated as an optometrist in the census reports for 1910 and 1920, when Mary was enumerated as the photographer. They offered film finishing for amateurs in 1930. "F. R. VAN DUSEN, AMATEUR. BAY CITY, MICH." was printed on the back of 5 by 7 inch mounts only slightly larger than the prints affixed to them. One of these prints was an irregularly vignetted picture of two middle-aged men, two younger men and eight mostly younger women. The photograph may have been taken at the doorway to a school. Frank R. Van Deusen was enumerated as a Bay City insurance agent in 1900. George was born at Portland, Michigan, to parents from Ohio on April 23, 1869, the elder son of John W. and 4 1  
Arminda (Lindley) Van Horn. His brother Elmer was born in Michigan in October of 1873. Their father served in the 4 1  
Ninth and 27th Michigan Infantry Regiments during the Civil War. “Photographed By – Geo. J. VanHorne, Pitsfield, 4 t  
Michigan” was printed on a cabinet mount below a photograph of Ann Arbor locomotive No. 24 and its crew. t  
George’s first marriage did not last, but it resulted in the birth of his daughter Gladys in Michigan about 1899. 1  
Katherine A. Jackson was born in 1876 at Grindstone City, Michigan. She married George about 1902, and she helped 4 1  
to raise Gladys. “EAST FULTON SCHOOL NO-2, LUMAN BURCH, TEACHER” and *Geo J Van Horne*, ELSIE, 1 t  
MICH.” were printed below the photograph on 6 ½ by 8 ½ inch mounts. “WE KEEP THE NEGATIVES AND YOU CAN AT ANY TIME t  
GET DUPLICATES OF THIS PICTURE BY SENDING 25 CENTS TO MRS. GEO. J. VAN HORN, ELSIE, MICH.” was printed in red on t  
the back of these mounts. George identified himself in several different ways on the many post card photographs which t  
he made of Portland. He used a neat circular ink stamp in 1909 on the back of a night photo of the new electric arches t  
on Kent Street, and on many other cards in that era. One of his 1909 photos includes a roadside sign: “Best Post Cards t  
Taken Van Horns.” “BERT JENISON, EAGLE, MICH. Van Horn Foto” was scribed into a negative. For a couple t  
of years he lettered VAN HORN on most negatives, including those of a Wild West Show on October 2, 1912, the t  
flooded town on March 13, 1913, and a 1912 scene on the Grand River in which he also lettered along the bank: “LET t  
VAN HORN MAKE YOUR PICTURE.” He was not above adding an aeroplane to the sky of a Portland street scene. t  
He returned to the circular stamp for views of the Homecoming Parade and the hose fight on the bridge in 1914. From t  
1916 through 1923, George used a press to print a description of the scene as well as his name, usually on the face of t  
the card. Besides views of streets and public buildings, he photographed the Boosters for Christ at the depot on March t  
2, 1917, the ruins of the high school after the \$60,000 fire on October 16, 1918, many ice and flood scenes on March t  
15, 1920, and several inches of snow on Kent Street on May 9, 1923. He advertised in 1917: “BE PHOTOGRAPHED t 5  
WHILE ALIVE. LEST YOU FORGET, WE SAY IT YET. Between friends, the gift that conveys the most of personal 5  
thoughtfulness - your photograph...” Between 1923 and 1926, George expanded the volume of his Owosso business 5 3  
by a factor of five. 3

The census enumerator gave her equal billing in 1920 with her husband, for he listed each of them as a photographer with his or her own studio. His sister Mary was born in September of 1870, and his brother George was born about 1872. Her father emigrated from Canada and Ruby McDonald was born in Ohio to a Scottish mother on April 3, 1869, second of the three children of Archibald and Margaret Burnside (MacKinlay) McDonald. She married Frank at Newaygo on September 28, 1892, and they never had children. "Van." was lettered on the negatives of post card photographs along with such captions as "Lower Bridge & Wood Hill Newaygo, Mich." and "South side Main St Newaygo, Mich." and "Dr Florence Quick. An Earley Pionier of Newaygo, Mich." and just "Newaygo" on a photo of a Watkins Medical Company enclosed sleigh drawn by a team of horses. Another negative was captioned in the same hand: "Upper Main St Newaygo, Mich." and several of the stores were labeled: "Courtright Meat Market F. Van Turner." On the awning over the store designated "F. Van" were the words: "FRANK VAN LEUVEN." Some of the cards were mailed between May of 1909 and May of 1911. William Black, 27 years old and identified as a post card photgrapher, was boarding with the Van Leuven in 1910, and he probably produced these photographs. Ruby and Frank divorced in the 1920s, but they both still were living in Newaygo in 1930, when Frank had a 42-year-old divorcee of Norwegian parentage as a live-in housekeeper. Lucius was born on September 26, 1828, at Waterloo in Albany County, New York, the son of Nicholas and Mary P. (Delamater) Van Leuven. While Lucius was young the family moved to Washtenaw County, Michigan. When he was nineteen he bought his time from his father and hired out to farmers at six dollars per month for two years before he began to learn the daguerreian art. His apprenticeship may have been served in Ypsilanti or at some other place in Michigan. Two years later he decided not to pursue a career as a daguerreotypist, and accepted a position as a clerk in a grocery which he held for a year. He then returned to Washtenaw County. He resided on a 120-acre farm in Sumner Township of Gratiot County for about three years, and then spent a year in Missouri. After living for nearly two years in Ionia County, he bought 160 acres in Seville Township of Gratiot County. He subsequently purchased another 160 acres, and then 80 adjacent acres in Montcalm County. A final purchase of 100 adjoining acres resulted in a magnificent farm of 500 acres. Shortly after Lucius moved to Seville Township he married Mrs. Mary (Delamater) Sweet, the daughter of Reuben Delamater and the widow of Calvin Sweet. They eventually had two sons and three daughters. By 1884 he owned a saw mill and a hotel, and for some time had been known as a lumberman.

His father came from Pennsylvania and Henry was born in Canada West (later Ontario) in November of 1843, first of the six children of Mr. and Mrs. Ira Van Metre. Julia Luella Scuill was born in Barry County, Michigan, in July of 1855, and she married Henry at Riverside in Missaukee County on April 2, 1872. A fire on the night of March 26, 1873, destroyed the building of Larcom & Mott on Lake Street in Clam Lake. Some of the occupants of the upper rooms barely escaped from the building in their night attire. Henry's gallery was one of the four businesses in the building. He was uninsured and sustained a loss of \$100.00. Luella gave birth to Frank in Mecosta County in July of 1875, and to Cora in May of 1877. Henry and his family had moved by 1892 to Portland, where Frank enlisted in Company D of the Fourth United States Infantry on October 22. He served as a private with an excellent rating until he was discharged at Vancouver Barracks, Washington, on February 21, 1896. Frank was a railroad conductor, and Cora was a dry goods saleslady in 1900, when they both were living with their parents.

Fred was born in Michigan to a Canadian mother in May of 1864. A photographic periodical mentioned early in 1897 that Fred had closed his gallery in Deckerville and had gone to Port Huron. One of his cabinet photographs from Port Huron depicted a two-story frame house with the resident family standing in its side yard behind a picket fence. Frederick still was single in 1900, when he was boarding with the family of a Peck physician. His name sometimes was spelled "Van Nest."

He was identified as Edwin in all census and Nashville records, but as Edward in some later Alpena listings, and may have been the Edward Vanknocker in Detroit in 1903. His father came from Pennsylvania and Edwin was born in Michigan in September of 1865, second of the five children of Albert and Caroline (Detterick) Van Nocker. Her father came from Massachusetts and Lillian was born in Michigan in August of 1865. She married Ed in 1887 or early in 1888, and their son La Rhu was born in Nashville during February of 1890. Something happened to Lillian, and Edwin married Mabel C. La Pine about 1911. Their son Ivan was born in Alpena in 1913. Mabel worked with and succeeded Edwin, and she is profiled below.

LaPine and Thomas Edward LaPine. She married the photographer Edwin H. Van Nocker about 1911, and their son Ivan Harold Van Nocker was born in Alpena on January 21, 1913. Though Mabel was enumerated as the assistant photographer in 1920, the same source indicated that she was a full partner in the studio at 217 West Chisholm Street. She undoubtedly was more involved in her husband's photographic business than is indicated above before she became his successor. John was born in New York State to natives of New York in 1852 or early in 1853. From their Bon Ton Studio next to the Hotel Iroquois and opposite the Canal office, Van Nostrand & Lothian produced "... VIEWS, PORTRAITS, And Everything in the Line of Photography. MARINE VIEWS A SPECIALTY. This Department is conducted by MR. VAN NOSTRAND personally, who has made Landscape and Marine Photography a study for years. HUNDREDS OF STEAMBOAT AND VESSEL MEN can testify as to his excellent work in this branch of the business by showing specimens of his work in and around the Locks at SAULT STE. MARIE'S FALLS CANAL." Adam J. Lothian probably had no professional photographic experience prior to his partnership with John, but he remained in the business at Sault Sainte Marie for a couple of years before moving back to Canada as a photographer. A photographic journal mentioned late in 1897 that "J. M. Van Nostrand has leased the old Tate gallery at Sault Ste. Marie, Michigan, and is fitting it with all modern appliances for first-class work." Though living by himself in 1910, John had married for the second time ten years earlier. He was enumerated as single in 1920.

Carlton Township is immediately north of Hastings. His parents came from New York State and James was born in Michigan in 1844 or early in 1845. Both John C. Black and Joseph S. Clarkson were professional photographers in business at Hastings before and after their partnerships with James. Stella Melissa Ellis was born in Michigan to parents from New York State in November of 1858, last of the three or more children of James and Mary A. Ellis. She married James about 1878 and their children were born in Carlton Township: Frank on March 10, 1879, and Myrtie Pearl on June 5, 1883. Stella was a widow by 1894. His parents came from New York State and Adolphus was born at Delaware, Ohio, on December 6, 1835, first of the ten children of Selah and Mary (Dunham) Van Sickle. He was living with his parents in 1850 at White Pigeon, Michigan, where his father was a portrait painter. The entry in an 1867 directory was: "Van Sickle, A., don't care to have his name in directory." A couple of years later he was pleased to get his name in the newspaper: "Van Sickle, whose photographs carried off the honor at the recent fair, has just introduced ... enameled photographs ... at his art gallery, over Wyman's...." He joined the National Photographic Association late in 1869 or early in 1870, and used the NPA monogram on some of his South Bend card mounts. In the autumn of 1870, Dolph purchased a solar printing instrument which used a clock work mechanism to follow the sun. He soon was making prints 26 by 28 inches, the largest ever made in South Bend. He advertised in 1871: "A. Van Sickle, PHOTOGRAPHER and GENERAL SUNLIGHT LIMNER, No. 96 MICHIGAN STREET, Takes Pictures in the highest style of the art. BUILDINGS, MACHINERY, HOUSES and LANDSCAPES taken with dispatch. PICTURE FRAMES and all kinds of ARTISTS' MATERIAL for sale." He was married to Cora J. Spangler on November 2, 1871, at the Elkhart, Indiana, home of her parents, Michael and Saloma Spangler. Cora was born in Ohio in November of 1852, and she gave birth to Maud in Indiana on November 6, 1872, and to Grace in Michigan in August of 1874. Both 17 and 119 South Burdick Street were opposite the post office in Kalamazoo according to his photograph mounts, some of which called him a practical photographer who successfully specialized in making instantaneous portraits of children. Dolph attended the fourth annual convention of the Photographers' Association of America at Milwaukee in August of 1883. Four of the illustrations in *City of Escanaba* were reproduced from photographs by Adolphus: one portrait and views of the ore docks, the roller mills and a residence. "Van Sickle, Photographer, Makes a Specialty of Life Size Crayon and Oil Portraits." was one of the advertisements in this book. "Van Sickle, Escanaba and Iron Mountain, Mich." and "Van Sickle, Escanaba and Ishpeming, Mich." were printed on cabinet mounts, as was "Stronach & Van Sickle" without a place designation. Since Stronach & Van Sickle photographs were found in Negaunee, they probably worked in nearby Ishpeming. Both Maud and Grace were teaching school and living with their parents in 1900. Dolph died in Chicago on February 12, 1905, and burial was in Beardstown, Illinois, two days later. Reports of his death identified Dolph as a photographic demonstrator and mentioned his prominence in the Photographers' Association of Illinois. Cora was living in 1910 at Beardstown with the family of her daughter Maud, now Mrs. T. J. Schweer.

Charles was born to natives of New York on December 29, 1840, in Cambria Township of Niagara County, New York, fourth of the six children of William and Eliza Van Slyke. He grew up in Lockport and enlisted there as a private in Company D of the Eighth New York Heavy Artillery on August 11, 1862. At the time he was a healthy young man five feet nine inches tall with a light complexion, blue eyes and brown hair. Early in 1864 Charles and his comrades were detailed from Baltimore to guard the railroad for three weeks at Green Springs Run, Virginia. From exposure during this period, Charles contracted a severe cold that settled in his throat and lungs, troubling him with a racking cough and occasional loss of his voice throughout the rest of his life. This resulted in light duty assignments in the service, and an invalid pension for partial disability as a veteran. He was honorably discharged from the army at Bailey's Cross Roads, Virginia, on June 5, 1865. Her parents emigrated from Germany and Caroline B. Cook was born in New York State in April of 1848, first of the two or more children of John and Caroline Cook. She and Charles were married at Tonawanda, New York, on August 29, 1866. They later had four children, but only their daughter Ida who was born in June of 1872 survived to maturity. Charles worked as a cabinet maker and a house painter until his cough and tender chest made him turn to the less physical occupation of photography. When first in Mason, he advertised: "C. W. VAN SLYKE, PHOTOGRAPHER, Polar's Block, Mason, Mich. Children's Pictures a Specialty, bring them early in the day. Work done in India Ink and Water Colors. My rooms have been thoroughly refitted and refurnished throughout, and I am prepared to do all work in my line in a first-class manner." His Main Street gallery was on the ground floor. Charles produced stereo views of Mason, and was the mayor of Mason in 1896 and 1897. His sale of the Mason gallery to John A. Whitbeck was reported in the fall of 1899. Charles and Caroline were providing a home in 1900 for their daughter Ida, her husband Hugh E. Root, and her sons Homer and Orlando. Ida divorced Hugh, and she and Homer accompanied Charles and Caroline to Colorado. Charles died at Loveland on January 18, 1917. Ida and Homer were living by themselves at Loveland in 1920.

He still was living with his parents in 1900, and he became a tall slender man with brown eyes and brown hair. Vern's recent arrival in Mount Pleasant to begin a photography business was reported in July of 1906. His first marriage was to a young woman named Deu, who divorced him for non-support in January of 1907. Tunis was born in Ohio to parents from New Jersey on October 23, 1834, second of the five children of Winant and Mary Magdalen (Wycoff) Van Zandt. He later married Miss Jennie Gardiner, and their son Joseph was born on March 3, 1856. Tunis was 5 feet 7 inches tall with a light complexion, black eyes and black hair when he enlisted at Petersburg as a private in Company F of the First Michigan Engineers and Mechanics on December 9, 1861. On December 17 the regiment left Michigan for Louisville, Kentucky, to join the Army of the Ohio under General Buell. Tunis was working at an anvil in Nashville on December 25, 1861, when he was stricken with typhoid fever that settled in his left leg. He was shoeing mules in a blacksmith shop at Somerset, Kentucky, on January 28, 1862, when the floor gave way and he was dropped six feet to the ground injuring his left leg. He was hospitalized at Nashville, Tennessee, until he was discharged for disability on May 6, 1862. His disability was defined as a left leg stiff from chronic rheumatism. Jennie gave birth to Luther Van Zandt on May 14, 1866. Tunis was lodging alone with a Petersburg family in 1870. Jennie and Tunis were divorced on February 17, 1871, and Jennie later died in July of 1887 at Fayette, Ohio. Tunis and his son Luther were living together at Petersburg in 1880. Tunis married again, but this marriage ended in divorce on November 30, 1884. About this time Tunis began receiving the Invalid Pension for partial disability for which he had first applied in 1880. His third wife, Mrs. Jane Van Zandt, died at North Morenci on June 7, 1888, and was buried there. His fourth marriage took place either at Liberal, Kansas, on July 10, 1889, or at Dundee, Michigan, on March 28, 1890. The bride was Mrs. Elizabeth Stein, a divorcee born in Germany in March of 1855. Their son, Charles F. Van Zandt, was born at Dundee on March 7, 1893. Tunis died of heart failure brought on by his rheumatism at Dundee on April 27, 1904. Elizabeth received a Widows Pension until her death at Adrian on December 31, 1925.

Winant was born in New Jersey to natives of New Jersey in January of 1832, first of the five children of Winant and Mary Magdalen (Wycoff) Van Zandt. Julia Louella Davis was born in New York State to natives of New York on March 17, 1834, last of the two or more children of John W. and Elizabeth (Jenne) Davis. Her brother Ira was three years older. Julia and Winant married in 1853. Their children were born in Dundee Township: Maggie in January of 1854, Helen in 1856, Sarah in January of 1858, John early in 1860, Albert about 1862, Eugene about 1864, Ida in August of 1865, Minnie about 1868, Christian in June of 1872, Louis in July of 1877, and Pearl in March of 1883. Only six of their children lived to maturity. Winant often appended a "Junior" to his name prior to the death of his father in 1875, when he inherited the farm. He was enumerated as Wynant Van Zandt in 1900 and in 1910. Julia died in 1903 at Bassetts, Texas, and Winant died on August 4, 1914, at Texarkana, Texas.

His parents emigrated from England and Arthur was born in February of 1869 at Bangor, Maine, second of the six known children of Henry William Cox Venners and Ann Elizabeth (Wake) Venners. Albert J. Bradshaw had six or more years of professional photographic experience prior to taking on Arthur as a partner, and he stayed in the business until he retired. A. Thomas Martyn is not known to have had prior pertinent experience, but after his partnership with Arthur he remained in the photographic business at Oscoda until 1903. The Venners & Martyn photograph gallery was almost directly across River Street from the Presbyterian Church. A noisily clanking machine behind the gallery lifted timbers from the river and loaded them onto the decks of steamships. His partnership with Arthur seems to have been Robert Rumford's only venture into the photographic business. Her father emigrated from Ontario, her mother emigrated from Nova Scotia, and Frances E. Bisbee was born in July of 1869 at Lexington, Michigan, to Watson F. and Hannah Jane (Hanlon) Bisbee. She married Arthur at Au Sable on February 22, 1891. Frances gave birth in Michigan to Norma Gretchen Venners in August of 1894, and to Virginia B. Venners in 1906. Arthur's presence in Alpena, and his contemplation of opening a gallery there, were reported early in 1898. His decision to move to Alpena was confirmed a month later. He ran a series of line advertisements in 1899: "Your Photographer ... For up-to-date Photos, prices right ... Portraits in oil, water color, crayon, and pastel ... Photos of Children a specialty." Postal photographs taken in Metz after the terrible fire in the fall of 1908 had "VENNERS" lettered on the negatives along with such captions as: "MILL RUINS, METZ" and "ILL FATED SPOT WHERE 16 LIVES PERISHED." Arthur's youngest brother Charles was Secretary and Treasurer of the Chamberlin Metal Weather Strip Company, which was in Detroit. Frances still was keeping house for Arthur in 1945.

Henry was born in England on September 17, 1865, first of the six known children of Henry William Cox Venners and Ann Elizabeth (Wake) Venners. He was brought to the United States in 1867 by his parents. He often was called Harry W. Venners, and sometimes Henry W. Venners, Junior. Note that his brother Arthur spent twenty years as a photographer. Clara was born in Michigan to a mother from Ohio in May of 1868, first of the two children of Harry and Nancy Stall. She married Henry in 1887 or early in 1888. Their children were born in Michigan: Edna in May of 1889, George in August of 1892, Mildred in February of 1903, and Harold in January of 1907. "*Venners*" was blind stamped into 8 by 10 inch commercial mounts with "H. W. VENNERS, 377 DELAWARE AVE., DETROIT, MICH." stamped on their backs. One of these mounts carried a 5¾ by 7½ photograph of more than 150 men, women and children standing in an open field. Henry also produced post card photographs of Detroit scenes. He lived at 377 Delaware Avenue from 1910 until 1916. Something happened to Henry's first marriage. Her parents came from Pennsylvania and Gertrude was born in Michigan in 1873 or early in 1874. Apparently she remained single until she married Henry in 1927. Henry finally was naturalized a citizen of the United States on February 12, 1936, in the District Court at Detroit. He died in Orange County, California, on December 11, 1947.

His parents emigrated from the province of Zeeland in the Netherlands in 1847 with their daughter and their eldest son and Isaac was born in Michigan on April 18, 1858, last of the four sons of Peter and Janneke (De Naaije) Ver Lee. Grace was born in Michigan to Dutch parents in April of 1861, and she married Isaac in 1880 or early in 1881. Their children were born at Zeeland: Janetta in July of 1882, John in October of 1884, Hattie in March of 1887, Lena in February of 1890, Mathew in April of 1893, Arnold in February of 1895, and Rutherford in March of 1900. John H. Young, Isaac's partner in Holland, had little if any pertinent prior experience, but he continued a photographic career in Michigan until 1895. Isaac was a widower by 1910, when two of his daughters and three of his sons still were sharing his home. Her parents emigrated from the Netherlands, and Elizabeth was born in Michigan in 1881. She married first about 1903, and then married Isaac ten years later. Elizabeth gave birth to Earl in 1915. She was employed by a hospital as a regular nurse in 1920 and in 1930. Isaac died at Denver in 1931, and Elizabeth lived on there until her death in 1977.

His father emigrated from Canada and Albert was born in Michigan to a mother from New York in March of 1861, the elder son of Elijah and Calista Vermilya. His brother Charles was born about 1867. Albert grew up on the family farm, and he was boarding with a family at Lapeer in 1880. That Albert was associated with George Davis in Davis & Vermilya about 1892 is an assumption that has not been verified. "A. L. Vermilya, Columbiaville, Mich." was stamped on the back or front of 8 by 10 inch commercial mounts, some carrying 4¾ by 6¾ photographs of the clean-up operations after a train wreck. A similar mount with "Clyde Olney, Columbiaville, Mich." stamped on the front using the same font depicts the Columbiaville band which included both Clyde Olney and Albert's nephew Allie Vermilya, and probably was taken by Albert. He never married, and he was living with his parents in 1900, with his widowed father in 1910, and by himself in 1920 and 1930. Albert was enumerated in 1930 as a painter of buildings.

Her father emigrated from England and her mother from Canada, and Amelia was born at Bay City in March of 1862, though she later claimed to be from two to eight years younger. She married James C. Verner in 1882, they never had children, and she probably played a significant part in his photographic business. James died in November of 1912. George S. Alexander had been a Bay City photographer since 1892, and he had worked recently in the Harman & Verner studio. He and Amelia opened a studio in 1914 to provide "High Class Photography, Oil Colors, Kodak Finishing and Commercial Work." Arthur T. Colvin was born at Mendin, New York, in May of 1854, second of the five children of Isaac M. and Mary P. Colvin. His marriage prior to 1880 to a young woman his own age named Mary from Wisconsin did not last. In 1891 he married Bertha W. Beutel, who gave birth between 1894 and 1907 to three daughters and a son. Something happened to Bertha, and about 1915 Arthur married Amelia and brought along his thirteen-year-old daughter Gertrude and his seven-year-old son Harold. Arthur and Amelia sailed from San Francisco to Honolulu on S. S. Maui early in February of 1926. By 1930 Amelia was again a widow. She was providing a home in Bay City for her stepson Harold in 1931 and 1933.

His parents emigrated from Ireland and England, and James was born in Canada about 1844. He came to the United States in 1870, and what photographic experience he and George A. Harman brought to their partnership in 1875 was not recorded. In 1878 Harman & Verner advertised "... FRAMES, ALBUMS, STEREOSCOPES, &c. We have the best LIGHT in the state and make a Specialty of CHILDREN'S PICTURES." James married Amelia in 1881 or early in 1882. The gazetteers for 1885, 1887 and 1889 located the Harman & Verner gallery at 908 or 910 North Water Street, but 914 North Water Street was printed consistently on their photograph mounts of this period. 922 Washington Avenue was on the southeast corner of Fourth Avenue. James was an active member of the Photographers' Association of America in 1905. George A. Harman died in 1911 or early in 1912, and James died on November 1, 1912, at the age of 68.

His sisters were born in Michigan: Della in 1894 or early in 1895, and Anna in 1903. Leonard became a tall slim man with blue eyes and brown hair, and his surname sometimes was spelled Ver Sluis. Her parents emigrated from the Lithuanian region of Russia and Stella Rose Strackhouse was born in England on November 1, 1900, second of the four children of Peter and Magdaline (Menkevicz) Straukauckas. She married Leonard in 1917 and their children were born in Grand Rapids: Helen in May of 1918, and Leonard on December 2, 1919. Stella and Leonard separated, perhaps as early as 1930, and Stella married two more times before she died in Grand Rapids as Mrs. Stella Murawski on March 24, 1976. Leonard's residence was in Milwaukee, Wisconsin, in 1928, and he was living in Lansing in 1934 and 1936. He employed Mrs. Maude C. Martin as a photographer in 1931 and Leonard A. His parents came from New York State and Daniel was born at Pontiac, Michigan, on December 8, 1850, fifth of the six children of John Cowan Viall and Sarah A. (Ballou) Viall. The Frank M. Viall profiled below was one of his older brothers. Their father lived until 1883, but from 1860 and probably earlier their mother was raising them on her own. Daniel still was living with his mother in 1880. Her father came from Maine and Mary was born in Ohio in October of 1858. She married Daniel about 1897, and they never had children. By June of 1900, Daniel had been unemployed for a full year. His brother Frank probably helped him into the photographic business. Daniel died at Bay City from Bright's Disease on March 30, 1907, and burial was at Alpena, Michigan. Mary still was living at Bay City in 1926, and she had not remarried.
